Part I. Science, Scientific Literature, and Social Science

The Scope of the Book, and Some Basic Distinctions	1
Literature and Data	2
Scholarly and Popular Literature	2
Chapter One	
Some Characteristics of Science and Scientific Communication	5
Science as Explanation	5
Cumulativeness in Science	8
Science as a Collective Enterprise	11
Scientific Literature	12
Scientific Disciplines	13
Chapter Two	
The Social Sciences as Branches of the Scientific Enterprise	19
The Social Science Disciplines	19
The Development of Scientific Perspectives in the Social Sciences	21
The Philosophical System-Building Tradition	22
The Fact-Gathering Approach	23
System Building and Fact Collecting Compared	26
Professionalization and Disciplinary Specialization	29
Ideas of Science in the Twentieth Century	30
Science or Scientism	34
Scientific Communication and the Social Science Literature	39

Appendix A

Selected Books on the Organization and Operations of Science	45
---	----

The Scientific Enterprise	45
The Social Sciences	46
The Social Science Disciplines	47

**Part II. Structure and Components of the
Social Science Literature**

Chapter Three

Research Reports: Scholarly Journals, Technical Reports, and Books	57
---	----

Scholarly Journals	57
Technical Reports	60
Books	60

Appendix B

Selected List of Social Science Journals	65
--	----

Representative Research Journals	66
“Special Purpose” Journals	68

Chapter Four

Cumulating Publications (1): Research Reviews and Handbooks	73
--	----

Research Reviews	74
Handbooks	77

Appendix C	
Selected List of Handbooks and Similar Publications	81
Chapter Five	
Cumulating Publications (2): Essay Collections, Textbooks, Histories, Encyclopedias, and Dictionaries	89
Essay Collections	89
Textbooks	92
Histories	93
Encyclopedias	96
Dictionaries	102
Appendix D	
Selected List of Histories of the Social Sciences	107
Appendix E	
Selected List of Encyclopedic Sets in History	115
Appendix F	
Selected List of Social Science Dictionaries	119
Chapter Six	
Organization of the Literature: Summary	123

**Part III. Literature Retrieval and the System
of Bibliographic Records**

Chapter Seven

Comprehensive Recurrent Bibliographies: The Foundation of the Bibliographic Structure	139
Disciplinary Bibliographies	144
Interdisciplinary and Mission-Oriented Bibliographies	161
Bibliographies for Interdisciplinary Fields and Area Studies	161
Mission-Oriented Bibliographies	162
Library-Generated Bibliographic Tools: Periodical Indexes and Library Catalogs	163
Periodical Indexes	166
Library Catalogs	169
Appendix G	
Comprehensive Recurrent Bibliographies Recapitulated	173
List by Disciplines	173
Alphabetical List	178
Appendix H	
Some Brief Notes on Technical Reports and Translations	189
Bibliographies of Technical Reports and Other Unpublished Literature	189
Translations	191
Comprehensive Recurrent Bibliographies: Summary	193

Chapter Eight	
Selective Recurrent Bibliographies	195
Current Awareness Lists	195
Book Reviews	198
Appendix I	
Selected Current Awareness Bibliographies	203
Chapter Nine	
Retrospective Bibliographies	207
Research-Oriented Bibliographies	209
Didactic Bibliographies	221
Retrospective Bibliographies: Summary of Aims and Characteristics	223
Sources for Identification of Bibliographies	225
Appendix J	
Retrospective Bibliographies	229
Research-Oriented Bibliographies Mentioned in Chapter 9	229
Selected Didactic Bibliographies in the Social Sciences	231
Chapter Ten	
Guides to the Literature and Directories of Periodicals	239
Guides to the Literature	239
Directories of Periodicals	240

Appendix K	
Guides to the Literature and Directories of Periodicals	243
Guides to the Literature	243
Directories of Social Science Periodicals	249
Chapter Eleven	
The Organization of Scholarly Bibliography: Summary	253

Part IV. Recapitulation and Some Conclusions

Literature and Bibliography as Parallel Communication Systems	259
Literature Searching as Tuning In	262
Name and Title Index	267
Subject Index	281
