Preface ix

## **PART 1** Introduction to International Trade

---

### **CHAPTER 1** Trade in the Global Economy 1

#### **1** International Trade 3

The Basics of World Trade 3

**SIDE BAR** The Macroeconomics of the Trade Balance 4

**APPLICATION** Is Trade Today Different from the Past? 5

Map of World Trade 7

Trade Compared with GDP 11

Barriers to Trade 12

"First Golden Age" of Trade 12

Political Economy of Tariffs 12

"Second Golden Age" of Trade 16

The U.S.–China Trade War 16

#### **2** Migration and Foreign Direct Investment 18

Map of Migration 18

Political Economy of Migration 20

Map of Foreign Direct Investment 21

**APPLICATION** An American Factory 25

**HEADLINES** Don't Think That All Chinese Factories Are Like the One in *American Factory* 26

#### **3** Conclusions 26

Key Points, Key Terms, and Problems 27

## **PART 2** Patterns of International Trade

---

### **CHAPTER 2** Trade and Technology: The Ricardian Model 31

#### **1** Reasons for Trade 32

Proximity 33

Resources 33

Absolute Advantage 34

Comparative Advantage 34

**SIDE BAR** David Ricardo and Mercantilism 35

#### **2** Ricardian Model of Trade 35

The Home Country 36

The Foreign Country 39

**APPLICATION** Comparative Advantage in Apparel, Textiles, and Wheat 40

#### **3** Determining the Pattern of International Trade 42

International Trade Equilibrium 42

**APPLICATION** Labor Productivity and Wages 47

#### **4** Solving for International Prices 50

Home Export Supply Curve 50

International Trade Equilibrium 53

**APPLICATION** The Terms of Trade for Primary Commodities 54

#### **5** Conclusions 56

Key Points, Key Terms, and Problems 57

### **CHAPTER 3** Gains and Losses from Trade in the Specific-Factors Model 61

#### **1** Specific-Factors Model 63

The Home Country 63

The Foreign Country 65

Overall Gains from Trade 66

**APPLICATION** How Large Are the Gains from Trade? 67

#### **2** Earnings of Labor 69

Determination of Wages 69

Change in Relative Price of Manufactures 70

**SIDE BAR** Do Poor or Rich Consumers Gain the Most from Trade? 73

|  |  |            |   |   |     |
|--|--|------------|---|---|-----|
| <b>APPLICATION</b>   | Manufacturing and Services in the United States: Employment and Wages Across Sectors | 74         | Effects of Immigration in the Short Run: Specific-Factors Model           | 127   |     |
| <b>APPLICATION</b>   | The “China Shock” and Employment in the United States                                | 76         | <b>APPLICATION</b>  | Immigration to the New World                                    | 130 |
| <b>3 Earnings of Capital and Land</b>                            |  | <b>80</b>  | Other Effects of Immigration in the Short Run                             | 131   |     |
| Determining the Payments to Capital and Land                     |  | 80         | <b>APPLICATION</b>  | The Political Economy of Migration                              | 132 |
| Numerical Example  |  | 82         | <b>SIDE BAR</b>   | Who Is a Foreign-born Person?                                   | 133 |
| What It All Means  |  | 84         | Effects of Immigration in the Long Run                                    | 139   |     |
| <b>APPLICATION</b>   | Can Losses to Factors of Production Be Offset?                                       | 85         | Rybczynski Theorem  | 144   |     |
| <b>HEADLINES</b>   | <i>Rise in Coffee Prices—Great for Farmers, Tough on Co-ops</i>                      | 87         | Factor Price Insensitivity Theorem  | 144   |     |
| <b>4 Conclusions</b>   |  | <b>87</b>  | <b>APPLICATION</b>  | The Effects of the Mariel Boat Lift on Industry Output in Miami | 145 |
| Key Points, Key Terms, and Problems                              |  | 88         | <b>APPLICATION</b>  | The Effects of Migration on Wages                               | 147 |
| <b>CHAPTER 4 Trade and Resources: The Heckscher–Ohlin Model</b>  |  | <b>91</b>  | <b>2 Movement of Capital Between Countries: Foreign Direct Investment</b> | <b>148</b>  |     |
| <b>1 Heckscher–Ohlin Model</b>                                   |  | <b>92</b>  | Greenfield Investment   | 149   |     |
| Assumptions of the Heckscher–Ohlin Model                         |  | 93         | FDI in the Short Run: Specific-Factors Model                              | 149   |     |
| <b>APPLICATION</b>   | Are Factor Intensities the Same Across Countries?                                    | 95         | FDI in the Long Run   | 151   |     |
| No-Trade Equilibrium   |  | 96         | <b>APPLICATION</b>  | The Effect of FDI on Rentals and Wages in Singapore             | 153 |
| Free-Trade Equilibrium   |  | 98         | <b>HEADLINES</b>  | The Myth of Asia’s Miracle                                      | 155 |
| <b>2 Testing the Heckscher–Ohlin Model</b>                       |  | <b>101</b> | <b>3 Gains from Labor and Capital Flows</b>                               | <b>155</b>  |     |
| Leontief’s Paradox   |  | 102        | Gains from Immigration  | 156   |     |
| Factor Endowments in 2017  |  | 103        | <b>APPLICATION</b>  | Immigrants and Their Remittances                                | 158 |
| Evolution of Factor Endowments in China and the United States    |  | 105        | <b>APPLICATION</b>  | Measuring the Gains from Immigration                            | 160 |
| Leontief’s Paradox Once Again                                    |  | 110        | Gains from Foreign Direct Investment                                      | 162   |     |
| <b>3 Effects of Trade on Factor Prices</b>                       |  | <b>112</b> | <b>APPLICATION</b>  | Measuring the Gains from Foreign Direct Investment              | 163 |
| Effect of Trade on the Wage and Rental of Home                   |  | 113        | <b>4 Conclusions</b>  | <b>164</b>  |     |
| Determination of the Real Wage and Real Rental                   |  | 115        | Key Points, Key Terms, and Problems                                       | 165   |     |
| <b>SIDE BAR</b>  | Does International Trade Reduce Poverty and Income Inequality?                       | 117        |   |   |     |
| Changes in the Real Wage and Rental: A Numerical Example         |  | 117        |   |   |     |
| <b>4 Conclusions</b>   |  | <b>120</b> |   |   |     |
| Key Points, Key Terms, and Problems                              |  | 121        |   |   |     |
| <b>CHAPTER 5 Movement of Labor and Capital Between Countries</b> |  | <b>125</b> |   |   |     |
| <b>1 Movement of Labor Between Countries: Migration</b>          |  | <b>127</b> |   |   |     |
|  |  |            | <b>PART 3 New Explanations for International Trade</b>                    |   |     |
|  |  |            | <b>CHAPTER 6 Increasing Returns to Scale and Monopolistic Competition</b> | <b>169</b>  |     |
|  |  |            | <b>1 Basics of Imperfect Competition</b>                                  | <b>172</b>  |     |
|  |  |            | Monopoly Equilibrium  | 172   |     |
|  |  |            | Demand with Duopoly   | 173   |     |
|  |  |            | <b>2 Trade Under Monopolistic Competition</b>                             | <b>174</b>  |     |
|  |  |            | Equilibrium Without Trade   | 176   |     |
|  |  |            | Equilibrium with Free Trade   | 178   |     |

|  |            |
|--|------------|
| <b>3 Free-Trade Agreements Within North America</b>                                    | <b>181</b> |
| Gains and Adjustment Costs for Canada Under CUSFTA                                     | 181        |
| Gains and Adjustment Costs for Mexico Under NAFTA                                      | 182        |
| Gains and Adjustment Costs for the United States Under NAFTA                           | 185        |
| Renegotiation of NAFTA   | 187        |
| <b>HEADLINES</b> North American Trade Pact Could Cushion U.S. Economy                  | 190        |
| <b>4 Intra-Industry Trade and the Gravity Equation</b>                                 | <b>190</b> |
| Index of Intra-Industry Trade  | 191        |
| The Gravity Equation   | 192        |
| <b>APPLICATION</b> The Gravity Equation for Canada and the United States               | 193        |
| <b>5 Conclusions</b>   | <b>196</b> |
| Key Points, Key Terms, and Problems  | 196        |
| <b>CHAPTER 7 Offshoring of Goods and Services</b>                                      | <b>199</b> |
| <b>SIDE BAR</b> "Foreign Outsourcing" Versus "Offshoring"                              | 200        |
| <b>1 A Model of Offshoring</b>   | <b>202</b> |
| Value Chain of Activities  | 202        |
| Slicing the Value Chain  | 204        |
| Changes in Foreign Costs and in Offshoring   | 205        |
| <b>2 Explaining Changes in Wages and Employment</b>                                    | <b>208</b> |
| Changes in the Relative Wage of Nonproduction Workers in the United States             | 208        |
| Changes in the Relative Wage of Nonproduction Workers in Mexico                        | 211        |
| Job Polarization in the United States  | 213        |
| <b>3 The Gains from Offshoring</b>   | <b>216</b> |
| Simplified Offshoring Model  | 217        |
| Production in the Absence of Offshoring  | 218        |
| Terms of Trade   | 221        |
| <b>APPLICATION</b> U.S. Terms of Trade and Service Exports                             | 223        |
| <b>4 The Future of Offshoring and You</b>  | <b>227</b> |
| <b>HEADLINES</b> American Factories Demand White-Collar Education for Blue-Collar Work | 228        |
| <b>5 Conclusions</b>   | <b>229</b> |
| Key Points, Key Terms, and Problems  | 230        |

## **PART 4** International Trade Policies

|  |            |
|--|------------|
| <b>CHAPTER 8 Import Tariffs and Quotas Under Perfect Competition</b>         | <b>235</b> |
| <b>1 A Brief History of the World Trade Organization</b>                     | <b>237</b> |
| <b>SIDE BAR</b> Key Provisions of the GATT                                   | 239        |
| <b>2 The Gains from Trade</b>  | <b>240</b> |
| Consumer and Producer Surplus  | 240        |
| Home Welfare   | 241        |
| Home Import Demand Curve   | 243        |
| <b>3 Import Tariffs for a Small Country</b>                                  | <b>244</b> |
| Free Trade for a Small Country   | 244        |
| Effect of the Tariff   | 245        |
| <b>APPLICATION</b> U.S. Tariffs on Steel, 2002–03                            | 247        |
| <b>SIDE BAR</b> Provisions of U.S. Trade Law                                 | 249        |
| <b>APPLICATION</b> U.S. and Foreign Tariffs Under President Trump, 2018–19   | 251        |
| <b>APPLICATION</b> The Political Economy of Tariffs                          | 255        |
| <b>4 Import Tariffs for a Large Country</b>                                  | <b>256</b> |
| Foreign Export Supply  | 256        |
| Effect of the Tariff   | 257        |
| <b>APPLICATION</b> U.S. Tariffs on Steel Once Again                          | 261        |
| <b>APPLICATION</b> U.S. and Foreign Tariffs Under President Trump Once Again | 263        |
| <b>5 Import Quotas</b>   | <b>265</b> |
| Import Quota in a Small Country  | 265        |
| <b>APPLICATION</b> China and the Multifibre Arrangement                      | 269        |
| <b>6 Conclusions</b>   | <b>272</b> |
| Key Points, Key Terms, and Problems  | 273        |
| <b>CHAPTER 9 Import Tariffs and Quotas Under Imperfect Competition</b>       | <b>277</b> |
| <b>1 Tariffs and Quotas with Home Monopoly</b>                               | <b>279</b> |
| No-Trade Equilibrium   | 279        |
| Free-Trade Equilibrium   | 280        |
| Effect of a Home Tariff  | 282        |
| Effect of a Home Quota   | 283        |
| <b>APPLICATION</b> U.S. Imports of Japanese Automobiles                      | 285        |
| <b>2 Tariffs with Foreign Monopoly</b>                                       | <b>288</b> |
| Foreign Monopoly   | 288        |

|   |   |            |   |  |
|---|---|------------|---|--|
| <b>APPLICATION</b>  | Import Tariffs on Japanese Trucks                                   | 290        | <b>6 Export Quotas</b>  | <b>337</b>   |
| <b>HEADLINES</b>  | <i>The Chickens Have Come Home to Roost</i>                         | 292        | <b>APPLICATION</b>  | Chinese Export Policies in Mineral Products                              |
| <b>3 Dumping</b>  |   | <b>292</b> | <b>HEADLINES</b>  | China Ends Rare-Earth Minerals<br>Export Quotas                          |
|   | Numerical Example of Dumping  | 294        |   | 342  |
|   | Policy Response to Dumping  | 295        | <b>7 High-Technology Export Subsidies</b>                                   | <b>342</b>   |
|   | Antidumping Duties  | 295        |   | "Strategic" Use of High-Tech Export Subsidies                            |
| <b>APPLICATION</b>  | United States and European Duties<br>on Solar Panels from China     | 296        |   | Effect of a Subsidy to Airbus  |
| <b>4 Infant Industry Protection</b>   |   | <b>300</b> |   | Subsidy with Cost Advantage for Boeing                                   |
|   | Free-Trade Equilibrium  | 301        | <b>APPLICATION</b>  | WTO Controversies Due to Subsidies in<br>Commercial Aircraft             |
|   | <i>Tariff Equilibrium</i>   | 302        |   | 349  |
| <b>APPLICATION</b>  | Examples of Infant Industry Protection                              | 303        | <b>HEADLINES</b>  | U.S. to Impose Tariffs on EU Goods<br>After WTO's Airbus Ruling          |
|   | Computers in Brazil   | 303        |   | 351  |
|   | U.S. Tariff on Heavyweight Motorcycles                              | 305        | <b>8 Conclusions</b>  | <b>352</b>   |
|   | Protecting the Automobile Industry in China                         | 308        |   | Key Points, Key Terms, and Problems                                      |
| <b>5 Conclusions</b>  |   | <b>311</b> |   | 353  |
|   | <i>Key Points, Key Terms, and Problems</i>                          | 312        | <b>CHAPTER 11 International Agreements on<br/>Trade and the Environment</b> | <b>357</b>   |
| <b>CHAPTER 10 Export Policies in<br/>Resource-Based and High-<br/>Technology Industries</b> |   | <b>317</b> | <b>1 Multilateral Trade Agreements</b>                                      | <b>359</b>   |
| <b>1 WTO Goals on Agricultural Subsidies</b>  |   | <b>319</b> |   | The Logic of Multilateral Trade Agreements                               |
|   | Agricultural Export Subsidies                                       | 319        |   | Prisoner's Dilemma   |
|   | Other Matters from the Hong Kong WTO Meeting                        | 321        | <b>HEADLINES</b>  | The World Trade Organization Is<br>Faltering. The US Can't Fix It Alone. |
| <b>2 Export Subsidies in a Small Home<br/>Country</b>                                       |   | <b>322</b> |   | The End of the Trade War?  |
|   | Impact of an Export Subsidy   | 322        | <b>2 Regional Trade Agreements</b>  | <b>365</b>   |
| <b>3 Export Subsidies in a Large Home<br/>Country</b>                                       |   | <b>324</b> |   | Characteristics of Regional Trade Agreements                             |
|   | Effect of the Subsidy   | 325        | <b>APPLICATION</b>  | Brexit and Rules of Origin   |
| <b>APPLICATION</b>  | Who Gains and Who Loses?  | 326        |   | Trade Creation and Trade Diversion                                       |
| <b>4 Production Subsidies</b>   |   | <b>328</b> |   | Numerical Example of Trade Creation and Diversion                        |
|   | Effect of a Production Subsidy in a Small Home<br>Country           | 329        |   | Trade Diversion in a Graph   |
|   | <i>Effect of the Production Subsidy in a Large Home<br/>Country</i> | 331        | <b>APPLICATION</b>  | Trade Creation and Diversion for Canada                                  |
| <b>APPLICATION</b>  | The Political Economy of U.S.<br>Agricultural Subsidies, 2018–19    | 331        | <b>3 International Agreements<br/>on the Environment</b>                    | <b>373</b>   |
| <b>HEADLINES</b>  | Trump's \$16 Billion Farm Bailout<br>Criticized at WTO              | 333        |   | Environmental Issues in the GATT and WTO                                 |
| <b>5 Export Tariffs</b>   |   | <b>334</b> |   | Does Trade Help or Harm the Environment?                                 |
|   | Impact of an Export Tariff in a Small Country                       | 334        |   | International Agreements on Pollution                                    |
|   | Impact of an Export Tariff in a Large Country                       | 336        | <b>APPLICATION</b>  | The Kyoto Protocol, the Paris Agreement,<br>and the Green Deal           |
