

## TABLE OF CONTENTS

<b>Part A – Synopsis</b> .....	
1. Introduction .....	1
2. Focal Concepts of the Thesis .....	4
The Open Innovation Paradigm .....	4
Challenges of Implementing Open Innovation .....	5
The Role of Innovation Intermediaries .....	6
Local Open Innovation Approaches and Social Capital .....	7
Digital Open Innovation Approaches and Social Capital .....	8
3. Summaries of the Essays.....	9
Summary of Essay I: Local Open Innovation – A Means for Public Policy to Increase Collaboration for Innovation in SMEs.....	12
Summary of Essay II: How Spatial Proximity Facilitates Profiting from Distant Search – A Social Capital View on Local Open Innovation.....	13
Summary of Essay III: The Mediating Role of Value Capture – Investigating Determinants of Social Capital on Open Innovation Platforms.....	14
Summary of Essay IV: Seekers’ and Solvers’ Interaction Design Preferences for Open Innovation Platforms – A Choice Experimental Approach .....	15
4. Overall Discussion .....	17
Implications for Research.....	17
Implications for Practice .....	23
Limitations .....	26
5. Conclusion.....	31
6. References .....	32
<b>Part B – Essays</b> .....	
<b>I. Local Open Innovation – A Means for Public Policy to Increase Collaboration for Innovation in SMEs</b> .....	<b>47</b>
1.1. Introduction .....	48
1.2. Conceptual background.....	50
Open innovation in SMEs and its barriers .....	50
The necessity of inter-firm knowledge networks and their spatial embeddedness.....	52
Public policy mechanisms to facilitate the adoption of OI.....	53
Conceptual framework and research questions.....	55
1.3. Methodology.....	55
1.4. Results and discussion.....	58
Intermediary case study.....	58
Barriers and remedies .....	63
LOI in various regional contexts.....	64
1.5. Implications for research, policy, and practice.....	68

Implications for research.....	68
Implications for public policy .....	69
Implications for practice.....	70
I.6. Limitations and future research .....	71
I.7. Concluding remarks.....	72
I.8. References .....	73
I.9 Appendix .....	81
Seeker and solver satisfaction surveys .....	81
Interview guidelines.....	93
<b>II. How Spatial Proximity Facilitates Profiting from Distant Search – A Social Capital View on Local Open Innovation .....</b>	<b>95</b>
II.1. Introduction .....	96
II.2. Conceptual background.....	98
Distant search.....	98
Open innovation and spatial proximity .....	99
II.3. Method .....	101
Setting.....	101
Research design and data collection .....	102
Data analysis.....	102
Sample description.....	104
II.4. Findings.....	106
First-order findings: motivations and benefits of a local open innovation approach .....	106
Second-order findings: distant search works locally – explaining the perks of proximity with social capital theory .....	111
II.5. Discussion .....	115
Implications for research.....	116
Implications for practice.....	119
Limitations and future research.....	123
II.6. References .....	124
II.7. Appendix .....	135
<b>III. The Mediating Role of Value Capture – Investigating Determinants of Social Capital on Open Innovation Platforms .....</b>	<b>137</b>
III.1. Introduction.....	138
III.2. Theoretical background and hypotheses .....	140
Social capital and open innovation platform persistence.....	142
The effect of decentralized control on social capital .....	145
The effect of decentralized control on securing value capture for solvers .....	147
The effect of securing value capture for solvers on social capital.....	148
Summary – The mediating effect of securing value capture for solvers .....	150
III.3. Method and data.....	150

Sample and data collection .....	150
Measures.....	151
Analysis .....	155
III.4. Results.....	160
Scale analysis.....	160
Regression analysis .....	162
Robustness of our measure for securing value capture for solvers .....	164
III.5. Discussion .....	167
Implications for research.....	167
Implications for practice.....	172
Limitations and future research.....	174
III.6. References.....	176
III.7. Appendix.....	187

#### **IV. Seekers' and Solvers' Interaction Design Preferences for Open Innovation Platforms – A Choice Experimental Approach .....199**

IV.1. Introduction .....	200
IV.2. Conceptual background and hypotheses.....	202
Interaction design preferences for social exchange .....	202
Pertinent attributes of social exchange on crowdsourcing platforms.....	207
IV.3. Methods .....	212
Design of the discrete choice experiment .....	212
Pre-studies .....	213
Sample .....	213
Measures.....	214
Analysis of the discrete choice experiment .....	215
IV.4. Findings .....	215
Interaction design features .....	215
Microfoundations .....	219
Control variables .....	222
IV.5. Discussion.....	224
Contribution.....	224
Implications for research.....	225
Implications for practice.....	230
Limitations and future research.....	232
IV.6. References .....	233
IV.7. Appendix .....	242
Interaction design features in practice.....	242
Qualitative pre-study .....	245
Solver pre-study with student sample.....	247
Survey design.....	248
Sample and measures.....	250
Best and worst profiles .....	253
