

Contents

PART I: FOUNDATIONS

Chapter 1. Introduction and Overview	3
Chapter 2. An Orthogonal Analysis of Variance for Preferential Choices	14
Chapter 3. Spatial Constraints upon the Utility Matrix	33

PART II: SCALAR PRODUCT MODELS

Chapter 4. The Scalar Product Model with Known Stimulus Coordinates	47
Chapter 5. The General Scalar Product Model	60

PART III: DISTANCE MODELS

Chapter 6. The Powered Distance Model with Known Stimulus Coordinates	87
Chapter 7. The General Powered Distance Model	109

PART IV: GENERALIZATIONS

Chapter 8. Multidimensional Scaling of Choice	129
Chapter 9. Other Observational Techniques for Obtaining a Utility Matrix	148
