	List of Figures and Tables	vi
	Preface and Acknowledgments	vii
<i>Part I</i>	<i>The Elements of Migration Analysis</i>	1
	Introduction	3
Chapter 1	A Theory of Interregional Migration and Wage-Rate Analysis	5
	Introduction	5
	A Two-Region Economy with Perfect Factor Mobility	5
	The Model after Allowing for Mobility Costs	7
	The Long-Run Labor Supply Range	9
	Conclusions	11
	An Alternative Model	11
	Summary	15
Chapter 2	Differentials and Indeterminacies in Interregional Wage-Rate Analysis	21
	Introduction	21
	The Basic Model	22
	Empirical Analysis	24
	Conclusion	27
Chapter 3	Race and the Sensitivity of Migration to Income Differentials	31
	Introduction	31
	A Hypothesis	31
	An Empirical Analysis	32
	Data Sources	35
	Alternative Hypotheses	35
Chapter 4	A General Theory of Migrant Behavior	39
	Introduction	39
	A Model of Individual Human Migration	39
	A Model of Aggregate Migration	43
	The Models Applied to Factor-Price Equalization	44

<i>Part II</i>	<i>Empirical Analyses of Selected Migration Determinants</i>	49
	Introduction	51
Chapter 5	The Migration Impact of Geographic Living-Cost Differentials	53
	Introduction	53
	A Basic Model	53
	An Alternative Model	55
	Data Profile	57
	Conclusion	58
Chapter 6	An Income-Expectations Model of Human Migration	61
	Introduction	61
	Investing in Migration	61
	The Empirical Analysis	64
	Conclusion	66
Chapter 7	The Migration Impact of the Quality of Life: The Case of the Elderly	71
	Introduction	71
	Migration of the Elderly	71
	The Migration Model	74
	Empirical Results	76
	Conclusion	78
Chapter 8	The Quality of Life and Migration: A Generalized Model	81
	Introduction	81
	A Basic Framework	81
	A Generalized Theoretical Model	81
	The Empirical Analysis	82
	Summary and Observations	84
Chapter 9	Government Policies and Migration Patterns in the United States	91
	Introduction	91
	Two Hypotheses Relating Government Policies to Migration	94

	The Basic Migration Model	95
	Profile of the Welfare Data	98
	Empirical Findings	99
	Concluding Remarks and Implications	101
<i>Part III</i>	<i>Needs for Change in Future Migration Research</i>	105
	Introduction	107
Chapter 10	The Migration Impact of Public Policies: A Critique of the Literature	109
	Introduction	109
	The Literature on Welfare and Migration	110
	Migration and Nonwelfare Fiscal Variables	120
	Some Possible Implications of the Literature to Date	127
	A Plea for More Directed Research on the Migration Impact of State and Local Government Policies	128
Chapter 11	General Shortcomings of the Nonpolicy-Migration Literature	135
	Introduction	135
	The Proper Specification of the Migration Variable	135
	Specifying the Independent Variables	138
	The Need for Theoretical Foundations	140
	Summary	142
	Index	145
	About the Author	149
