- 4.4 Dennis Oppenheim, *2-Stage Transfer Drawing. (Advancing to a Future State)*, 1971. Boise, Idaho. Erik to Dennis Oppenheim As Erik runs a marker along my back, I attempt to duplicate the movement on the wall. His activity stimulates a kinetic response from

my sensory system. He is, therefore, drawing through me. Sensory retardation or disorientation makes up the discrepancy between the two drawings, and could be seen as elements that are activated during this procedure. Because Erik is my offspring, and we share similar biological ingredients, my back (as surface) can be seen as a mature version of his own ... in a sense, he contacts a future state. *2-Stage Transfer Drawing.
