Part I General and Basic Science

1	History of Hypospadias	3
	Ahmed T. Hadidi	
2	Men Behind Principles and Principles Behind Techniques	25
	Ahmed T. Hadidi	
3	Normal Development of the Penis and Urethra	65
	Ahmed T. Hadidi	
4	Surgical Anatomy of the Penis and Urethra	105
	Ahmed T. Hadidi	
5	Altered Development of Prepuce in Hypospadias and Its Clinical Relevance	127
	Ibrahim Ulman	
6	Morphology of Hypospadias	137
	Ahmed T. Hadidi	
7	Pathogenesis of Hypospadias: The Disorganization Hypothesis	163
	Ahmed T. Hadidi	
8	The Urethral Plate and Chordee	185
	Ahmed T. Hadidi	
9	Classification and Assessment of Hypospadias	237
	Ahmed T. Hadidi	
10	Epidemiology of Hypospadias	249
	Loes F. M. van der Zanden, Iris A. L. M. van Rooij, and Nel Roeleveld	
11	Genetic Aspects of Hypospadias	271
	Loes F. M. van der Zanden	
12	Hormones and Growth of the Genital Tubercle	285
	Mohamed Fawzy and Ahmed T. Hadidi	

13	The Role of Preoperative Androgen Stimulation in the Management of Hypospadias.	299
	Fardod O'Kelly and Luis H. Braga	
14	Timing of Surgery	305
	Ahmed T. Hadidi	
15	General Principles.	309
	Ahmed T. Hadidi	
16	Plastic Surgery Principles	323
	Ahmed T. Hadidi	
17	Principles of Hypospadias Surgery	335
	Ahmed T. Hadidi	
18	Analgesia and Pain Control	347
	Günther Federolf	
 Part II Operative Techniques		
19	Grade I: Glanular Hypospadias; Double Y Glanulomeatoplasty (DYG) Technique	361
	Ahmed T. Hadidi	
20	MAGPI and Modified MAGPI.	371
	Heather Di Carlo and John P. Gearhart	
21	The Meatal-Based Flap Principle	377
	Ahmed T. Hadidi	
22	The Slit-Like Adjusted Mathieu (SLAM) Technique.	391
	Ahmed T. Hadidi	
23	Megameatus Intact Prepuce (MIP) Deformity.	401
	Ahmed T. Hadidi	
24	Thiersch-Duplay Principle.	411
	Moneer K. Hanna and Mark R. Zaontz	
25	The "Inverted-Y Thiersch" (IT) Technique	425
	Ahmed T. Hadidi	
26	Incision of the Urethral Plate.	433
	Mark Rich	
27	Dorsal Inlay TIP (DTIP).	451
	Tariq O. Abbas and Joao Luiz Pippi Salle	
28	Urethral Advancement for Treatment of Distal Hypospadias	461
	Emir Q. Haxhija and Patrick McKenna	
29	The Glanular Urethral Disassembly (GUD) Technique: An Alternative to Distal Hypospadias.	471
	Antonio Macedo Jr. and Marcela Leal da Cruz	

30	Proximal Hypospadias With Small Flat Glans: The Lateral-Based Onlay (LABO) Flap Technique	479
	Ahmed T. Hadidi	
31	The Onlay Island Hypospadias Repair	489
	Howard M. Snyder III	
32	Perineal Hypospadias: The Bilateral-Based (BILAB) Skin Flap Technique	497
	Ahmed T. Hadidi	
33	Chordee Excision and Distal Urethroplasty (CEDU) for Perineal Hypospadias	507
	Ahmed T. Hadidi	
34	Preputial Island Flaps	523
	Minu Bajpai and Apoorv Singh	
35	The Modified Asopa (Hodgson XX): The Procedure to Repair Hypospadias with Chordee	533
	Jeffrey Wacksman	
36	Koyanagi Technique and Its Modifications in the Management of Proximal Hypospadias	537
	Adham Elsaied	
37	The Yoke Hypospadias Repair	551
	Brent W. Snow	
38	Dorsal Longitudinal Penile Skin Island Flap in One-Stage Repair of Hypospadias with Penoscrotal Transposition	557
	Rados Djinovic and Sava V. Perovic	
39	Grafts for One-Stage Repair	565
	Ahmed T. Hadidi	
40	Two-Stage Graft Urethroplasty; Free Full-Thickness Wolfe Graft	579
	Ahmed T. Hadidi	
41	The Cecil-Culp Technique	593
	Dana A. Weiss and Douglas A. Canning	
42	The Foreskin and Circumcision	603
	Ahmed T. Hadidi	
43	Protective Intermediate Layer	619
	Ahmed T. Hadidi	
44	Procedures to Improve the Appearance of the Meatus and Glans	631
	Ahmed T. Hadidi	
45	Buried Penis (BP)	665
	Ahmed T. Hadidi	

46	Penile Torsion (PT)	677
	Ahmed T. Hadidi	
47	Congenital Urethral Duplication	685
	Grahame H. H. Smith	
48	Enlarged Prostatic Utricle Associated to Hypospadias	697
	Mario Lima and Michela Maffi	
49	Penoscrotal Transposition	705
	Ahmed T. Hadidi	
50	Uncommon Conditions and Complications	715
	Ahmed T. Hadidi	
51	Hypospadias Surgery in Adults	729
	Ahmed T. Hadidi	
52	Flaps Versus Grafts	739
	Michael Sennert and Ahmed T. Hadidi	
53	Single-Stage Versus Two-Stage Repair	747
	Ahmed T. Hadidi	
54	Stenting Versus No Stenting	757
	Ahmed T. Hadidi	
55	Dressing Versus No Dressing	761
	Ahmed T. Hadidi	
56	Editorial Overview of the Current Management of Hypospadias	765
	Ahmed T. Hadidi	
 Part III Complications		
57	Early Complications	771
	Ahmed T. Hadidi	
58	Meatal Stenosis and Urethral Strictures	777
	Ahmed T. Hadidi	
59	Functional Urethral Obstruction (FUO)	791
	Ahmed T. Hadidi	
60	Hypospadias Fistula	799
	Ahmed T. Hadidi	
61	Genital Lichen Sclerosus (Balanitis Xerotica Obliterans): BXO	813
	Christiane Schulze and Alexander Springer	
62	Urethral Diverticula and Acquired Megalourethra	827
	Ahmed T. Hadidi	

63	Management of Failed Hypospadias Surgery	835
	Ahmed T. Hadidi	
64	Complex and Redo Hypospadias Repairs: Management of 402 Patients	855
	Moneer K. Hanna	
Part IV Long-Term Results		
65	Long-Term Consequences of Hypospadias Repair	879
	Christopher Woodhouse	
66	Long-Term Follow-Up in Hypospadias Repair: What Is It and Are We There Yet?	891
	Christopher J. Long	
67	Hypospadias: Psychosocial and Sexual Development and Consequences	897
	Anne-Françoise Spinoit and Yakov Reisman	
68	Tissue Engineering and Future Frontiers.	907
	Magdalena Fossum	
69	Systematic Steps on How to Write a Scientific Paper on Hypospadias	919
	Luis H. Braga	
70	Hypospadias Centers, Training, and Hypospadias Diploma	929
	Johannes Wirmer and Ahmed T. Hadidi	
	Index.	933
