### The mergers and acquisitions process: Phases 1 through 10

---

4. Planning: developing business and acquisition plans—phases 1 and 2 of the acquisition process	100
Inside M&As: when cost cutting alone is not a sustainable strategy	100
Chapter overview	101
The role of planning in M&As	101
The M&A process	102
Phase 1: building the business plan or model	104
The business plan as a communication document	114
Phase 2: building the M&A implementation plan	114
Some things to remember	118
Chapter discussion questions	118
End-of-chapter case study: Newmont becomes global leader in the gold-mining industry	120
Discussion questions	121
5. Implementation: search through closing—phases 3 to 10 of the acquisition process	
Inside M&A: Salesforce.com makes a big bet to move beyond its core customer relationship management business	124
Chapter overview	125
Phase 3: the search process	125
Phase 4: the screening process	128
Phase 5: first contact	129
Phase 6: negotiation	131
Phase 7: developing the integration plan	138
Phase 8: closing	139
Phase 9: implementing postclosing integration	142
Phase 10: conducting a postclosing evaluation: stop, assess, and learn	143
The application of technology to the M&A process	144
Some things to remember	149
Chapter discussion questions	150
End-of-chapter case study: Roche acquires Spark Therapeutics in move to replenish drug pipeline	150
Discussion questions	151
6. Postclosing integration: mergers, acquisitions, and business alliances	
Inside M&As: setting postmerger integration goals and tactics before closing	154
Chapter overview	155
The degree of integration varies by type of acquirer and deal	155
The role of integration in successful acquisitions	155
Integration is a process, not an event	157
Integrating business alliances	168

Some things to remember	170
Chapter discussion questions	170
End-of-chapter case study: culture clash—AT&T buys Time Warner	170
Discussion questions	172

## III

### Mergers and acquisitions valuation and modeling

---

7. Mergers and acquisitions cash flow valuation basics	
Inside M&As: valuation methods and outcomes in M&A appraisal cases	176
Chapter overview	176
Economic implications of negative interest rates	177
Estimating required financial returns	177
Risk assessment	183
Calculating free cash flows	186
Applying discounted cash flow methods	187
Using the enterprise method to estimate equity value	193
Valuing nonoperating assets	196
Some things to remember	198
Chapter discussion questions	198
Practice problems and answers	199
End-of-chapter case study: did United Technologies overpay for Rockwell Collins?	201
Discussion questions	202
8. Relative, asset-oriented, and real-option valuation basics	
Inside M&As: real options can provide management with substantial strategic flexibility	204
Chapter overview	204
Relative-valuation methods	205
Asset-oriented methods	211
The weighted-average valuation method	214
Real-options analysis	216
Determining when to use the different approaches to valuation	222
Valuing initial public offerings	222
What do valuation professionals do in practice?	224
Some things to remember	224
Chapter discussion questions	224
Practice problems and answers	225
End-of-chapter case study: did British American Tobacco overpay for Reynolds American?	227
Discussion questions	228
9. Financial modeling basics	
Inside M&As: the role of financial models in the M&A process	230
Chapter overview	230
What is financial modeling?	231
Financial modeling data requirements	231

	Contents	ix
Common financial model linkages	232	Form of payment 294

		End-of-chapter case study: Bristol-Myers Squibb buys Celgene in the biggest biopharma deal in history 341
		Discussion questions 342
		<b>13. Financing the deal: private equity, hedge funds, and other sources of financing</b>
<b>11. Structuring the deal: payment and legal considerations</b>		
Inside M&A: GlaxoSmithKline undertakes a cash tender offer to acquire Tesaro	290	Inside M&As: financing megamergers and acquisitions 344
Chapter overview	291	Chapter overview 345
The deal-structuring process	291	The role of public and private financial markets 345
Form of acquisition vehicle and postclosing organization	293	How are M&A transactions commonly financed? 346
Legal form of the selling entity	294	What is the role of private equity, hedge, and venture capital funds in deal financing? 352

## IV

### Deal-structuring and financing strategies

Impact of tax reform on M&A financing	356		
Fun with acronyms: the transition from LIBOR to SOFR	357		
Leveraged buyouts as financing strategies	357		
What factors are critical to successful leveraged buyouts?	361		
How do leveraged buyouts create value?	363		
Common leveraged buyout deal and capital structures	367		
Some things to remember	369		
Chapter discussion questions	369		
End-of-chapter case study: implications of a credit rating downgrade after a merger or acquisition	370		
Discussion questions and answers	372		
<b>14. Highly leveraged transactions: leveraged buyout valuation and modeling basics</b>			
Inside M&As: private equity firms partner to acquire Johnson Controls' power solutions business	373		
Chapter overview	374		
How are leveraged buyouts valued?	375		
The cost of capital method	375		
Adjusted present value method	376		
Comparing the cost of capital and adjusted present value methods	382		
Leveraged buyout valuation and structuring model basics	382		
Evaluating leveraged buyout opportunities	382		
Leveraged buyout model template	385		
Some things to remember	388		
Chapter discussion questions	388		
Practice problems	389		
End-of-chapter case study: investor group takes Dun & Bradstreet private in a leveraged buyout	390		
Discussion questions	391		
<b>15. Applying financial models: to value, structure, and negotiate stock and asset purchases</b>			
Inside M&As: the role of financial models in getting to yes on price	394		
Chapter overview	395		
Understanding and applying M&A financial models	395		
M&A models: stock purchases	399		
M&A models: asset purchases	415		
Quantifying synergy	417		
Things to remember	419		
Chapter discussion questions	420		
Practice problems and answers	420		
End-of-chapter case study: Thermo Fisher acquires Life Technologies	422		
Discussion questions	424		
Appendix A: debt repayment schedule, convertible securities, interest rates, and betas	425		
		<b>V</b>	
		<b>Alternative business and restructuring strategies</b>	
		<hr/>	
		<b>16. Domestic and cross-border business alliances: joint ventures, partnerships, strategic alliances, and licensing</b>	
		Inside M&As: Altria makes a big bet on cannabis	430
		Chapter overview	431
		Motivations for business alliances	432
		What makes business alliances successful?	434
		Alternative legal forms of business alliances	436
		Bilateral versus multilateral alliances	441
		Strategic and operational plans	441
		Resolving business alliance deal-structuring issues	441
		Challenges of cross-border joint ventures	448
		Potential impediments to cross-border alliances and minority investments	450
		Empirical findings	450
		Some things to remember	451
		Chapter discussion questions	451
		End-of-chapter case study: Disney creates order out of chaos	452
		Discussion questions	453
		<b>17. Alternative exit and restructuring strategies: divestitures, spin-offs, carve-outs, split-offs, and tracking stocks</b>	
		Inside M&As: reducing leverage through restructuring	456
		Chapter overview	457
		Why do firms exit businesses?	457
		Divestitures	459
		Spin-offs	464
		Equity carve-outs	467
		Split-offs and split-ups	469
		Tracking, targeted, and letter stocks	471
		Restructuring implementation issues	472
		Key restructure legal documents	474
		Comparing alternative exit and restructuring strategies	474
		Choosing among divestiture, carve-out, and spin-off restructuring strategies	474
		Determinants of returns to shareholders resulting from restructuring strategies	476
		Some things to remember	480
		Chapter discussion questions	480
		End-of-chapter case study: Gardner Denver and Ingersoll Rand's industrial segment merge in a Reverse Morris Trust	481
		Discussion questions	483

18. Alternative exit and restructuring strategies: bankruptcy, reorganization, and liquidation		Is globalization giving way to reduced capital flows, regionalism, and slower economic growth?	509
		Motives for international expansion	510
		Common international market entry strategies	512
Inside M&As: iHeartMedia rises from the ashes	486	Navigating cross-border deals amid trade frictions and “black swan” events	513
Chapter overview	486	Cross-border M&As, institutional voids, and human rights	515
Business failure	487	Structuring cross-border deals	516
Voluntary settlements outside of bankruptcy court	487	Financing cross-border deals	519
Reorganization and liquidation in bankruptcy	489	Planning and implementing cross-border transactions in emerging countries	520
Alternative options for failing firms	495	How are cross-border transactions valued?	521
