

# Contents

<b>1</b>	<b>Introduction</b>	<b>1</b>
<b>2</b>	<b>Do workers benefit from wage transparency rules?</b>	<b>5</b>
2.1	Introduction . . . . .	6
2.2	Related literature . . . . .	9
2.3	Baseline model . . . . .	12
2.3.1	Model description . . . . .	12
2.3.2	Equilibrium characterization . . . . .	13
2.4	Transparency rules . . . . .	15
2.4.1	Indicator . . . . .	15
2.4.2	Equilibrium characterization . . . . .	18
2.4.3	Effects of transparency rules . . . . .	19
2.5	Extensions and discussion . . . . .	25
2.5.1	Welfare effects . . . . .	25
2.5.2	Multi-period model . . . . .	31
2.5.3	Wage gaps . . . . .	35
2.5.4	Empirical relevance of productivity shocks with decreasing hazard rate . . . . .	36
2.6	Conclusion . . . . .	37
2.7	Appendix . . . . .	39
2.7.1	Omitted proofs . . . . .	39
2.7.2	Examples of indicators . . . . .	51
2.7.3	Different bargaining protocol . . . . .	52

2.7.4	Derivations for the example in the baseline model . . . . .	53
2.7.5	Derivations for the example with an indicator . . . . .	60
2.7.6	Wage gap . . . . .	79
<b>3</b>	<b>Discrimination, quotas, and stereotypes</b>	<b>95</b>
3.1	Introduction . . . . .	96
3.2	Model . . . . .	100
3.3	Persistence of uncertainty . . . . .	105
3.4	Effects of a quota . . . . .	107
3.5	<i>Conclusion</i> . . . . .	110
3.6	Appendix . . . . .	112
<b>4</b>	<b>Competition and risk-taking</b>	<b>117</b>
4.1	Introduction . . . . .	118
4.2	Related literature . . . . .	122
4.3	Model . . . . .	124
4.3.1	Model description . . . . .	124
4.3.2	Equilibrium characterization and comparative statics results . . . . .	125
4.4	Empirical analysis . . . . .	127
4.4.1	Biathlon competitions . . . . .	128
4.4.2	Data . . . . .	130
4.4.3	Risk measure . . . . .	134
4.4.4	Effect of competition . . . . .	138
4.5	Robustness . . . . .	145
4.6	Conclusion and implications . . . . .	149
4.7	Appendix . . . . .	151
4.7.1	Omitted proofs . . . . .	151
4.7.2	Robustness: Course section . . . . .	172
4.7.3	Robustness: Interval length . . . . .	175
4.7.4	Robustness: Effect of monetary incentives on risk-taking behavior . . . . .	176

4.7.5	Robustness: Dynamic panel data analysis . . . . .	178
4.7.6	Robustness: Sprint races . . . . .	181
4.7.7	Robustness: Survey results . . . . .	183
