

Contents

Part I The Spectrum of Asthma Epidemiology

Epidemiology of Asthma: Prevalence and Burden of Disease	3
Tamara Merhej and Joe G. Zein	
The Role of Climate Change in Asthma	25
Anna Goshua, Vanitha Sampath, Jo Ann Efobi, and Kari Nadeau	
Life Course of Asthma	43
Sobia Farooq and Sumita Khatri	
Asthma as a Systemic Disease: Cardiovascular Effects Associated with Asthma	77
Matthew C. Tattersall	
Structural Racism and the Social Determinants of Health in Asthma	101
Adali Martinez and Neeta Thakur	

Part II Mechanistic Heterogeneity in Asthma

Phenotypes and Endotypes in Asthma	119
Amanda P. McIntyre and Ravi K. Viswanathan	
Heterogeneity of Treatment Response to Asthma	143
Tetsuro Maeda and Sandhya Khurana	
Imaging Regional Airway Involvement of Asthma: Heterogeneity in Ventilation, Mucus Plugs and Remodeling	163
Mark L. Schiebler, Nanae Tsuchiya, Andrew Hahn, Sean Fain, Loren Denlinger, Nizar Jarjour, and Eric A. Hoffman	
Brain–Airway Interactions in Asthma	185
William Busse, Christie Bartels, and Melissa Rosenkranz	
Systems Biology in Asthma	215
Nazanin Zounemat Kermani, Ian M. Adcock, Ratko Djukanović, Fan Chung, and James P. R. Schofield	

Part III Severe and Difficult to Treat Asthma Endotypes

Definition, Phenotyping of Severe Asthma, Including Cluster Analysis 239
Serena Casanova, Engi Ahmed, and Arnaud Bourdin

Asthma Exacerbations: Patient Features and Potential Long-Term Implications 253
Praveen Akuthota

Innate Immunity, Epithelial Plasticity, and Remodeling in Asthma 265
Allan R. Brasier

Development of Adaptive Immunity and Its Role in Lung Remodeling 287
Stephane Esnault and Nizar N. Jarjour

Part IV Influence of Heterogeneity on Approaches to Management

Approaches to Management of Asthma: Guidelines for Stepped Care and Self-Monitoring 355
Daniel Rosenberg and Philip Palmon

Global Considerations in Asthma Treatment: Management in Low Resource Settings 377
Neha T. Agnihotri and Sharmilee M. Nyenhuis

Clinical Trial Design Innovations for Precision Medicine in Asthma 395
Salman Siddiqui, Elin Haf Davies, Majid Afshar, and Loren C. Denlinger

Correction to: Approaches to Management of Asthma: Guidelines for Stepped Care and Self-Monitoring C1

Conclusion: Precision Approaches to Heterogeneity in Asthma 413

Index 415
