<i>Preface</i>	xi
1 Introduction	1
2 Alternative Measures of Firm Size: Some Theoretical Considerations	3
1 Introduction	3
2 Conditions under which empirical results are independent of the measure of firm size	4
3 Alternative measures of firm size	7
3 Alternative Measures of Firm Size: Empirical Evidence	10
1 Introduction: the data	10
2 Definitions of the United Kingdom and the United States firm-size measures	10
3 Statistical considerations	11
4 Empirical evidence for the United Kingdom	14
5 Empirical evidence for the United States	19
6 Some implications of the results for previous empirical studies	25
7 Conclusions	27
4 Size and Growth of Firms	28
1 Introduction	28
2 Conditions under which conclusions concerning growth rates are independent of the measure of firm size	29
3 Linear and non-linear relationships between alternative firm-size measures: empirical evidence for the United Kingdom and the United States	31
4 Size and growth of firms: empirical evidence for the United States	33
5 Size and growth of firms: empirical evidence for the United Kingdom	35
6 Conclusions	37

5	Alternative Measures of Concentration: Theory and Evidence	38
1	Introduction	38
2	Conditions under which empirical results will be independent of the measure of concentration used	38
3	Discrete and continuous concentration measures	40
4	Empirical evidence	43
5	Implications of the results	45
6	Conclusions	46
6	Profitability, Size and Concentration	48
1	Introduction	48
2	Survey of previous studies	49
3	The data	51
4	Profitability, concentration and size: empirical evidence for the United Kingdom	53
5	Profitability, concentration and size: empirical evidence for the United States	55
6	Conclusions	58
7	Variability of Profits and Firm Size	60
1	Introduction and data	60
2	Inter-firm variability of profitability and size of firm: United Kingdom	61
3	Inter-firm variability of profitability and time: United Kingdom	62
4	Inter-firm variability of profitability and size of firm: United States	63
5	Inter-firm variability of profitability and time: United States	65
6	Time variability of profitability, and profitability	66
7	Variability of profitability, firm size and concentration	68
8	Profitability and the variability of profitability	69
9	Conclusions	70
8	Executive Compensation and Corporate Objectives in the Non-Regulated Firm	71
1	Introduction	71
2	Survey of previous studies	72
3	Sales, profits and executive compensation	74
4	Conclusions	79

CONTENTS

vii

9	Executive Compensation and Corporate Objectives in the Rate of Return Regulated Firm	80
1	Introduction	80
2	Models of resource allocation in the rate of return regulated firm	81
3	Empirical analysis	83
4	Conclusions	86
10	Conclusions	87
1	Introduction	87
2	Alternative measures of firm size: theory and evidence	87
3	Size and growth of firms	89
4	Alternative measures of concentration: theory and evidence	89
5	Profits, variability of profits and firm size	89
6	Executive compensation, sales and profits	90
	<i>Bibliography</i>	93
	<i>Index</i>	101
