

Contents

Role of Extracellular ATP and P1 and P2 Classes of Purinergic Receptors in T-cell Development and Cytotoxic T Lymphocyte Effector Functions	5	<i>S. Apasov, M. Koshiba, F. Redegeld & M. V. Sitkovsky</i>
PELs and the Perforin and Granzyme Independent Mechanism of CTL-mediated Lysis	21	<i>G. Berke</i>
Molecular Pathways of CTL-mediated Cytotoxicity	33	<i>W. R. Clark, C. M. Walsh, A. A. Glass, F. Hayashi, M. Matloubian & R. Ahmed</i>
Fas Bridging Cell Death and Cytotoxicity: The Reaper Connection	45	<i>P. Golstein, D. Marguet & V. Depraetere</i>
Mechanism and Biological Significance of CD4-mediated Cytotoxicity	57	<i>S. Hahn, R. Gehri & P. Erb</i>
Expression of CD11a and CD45R Isoforms Defines Distinct Subsets of CD8 ⁺ TCR $\alpha\beta$ and TCR $\gamma\delta$ CTL <i>in vivo</i>	81	<i>G. Hedlund, J. Hansson, P.-O. Ericsson, H.-O. Sjögren & M. Dohlsten</i>
Lymphocyte-mediated Cytotoxicity <i>in vitro</i> and <i>in vivo</i> : Mechanisms and Significance	95	<i>D. Kägi, B. Ledermann, K. Bürki, R. M. Zinkernagel & H. Hengartner</i>
Induction of Lytic Pathways in T-cell Clones Derived from Wild-type or Protein Tyrosine Kinase Fyn Mutant Mice	117	<i>D. W. Lancki, P. Fields, D. Qian & F. W. Fitch</i>
Perforin and Lymphocyte-mediated Cytolysis	145	<i>C.-C. Liu, P. M. Persechini & J. D.-E. Young</i>

Molecular Interactions in the Activation of Effector and Precursor Cytotoxic T Lymphocytes	177	<i>M. F. Mescher</i>
Granzyme B Plays a Critical Role in Cytotoxic Lymphocyte-induced Apoptosis	211	<i>S. Shresta, J. W. Heusel, D. M. Macivor, R. L. Wesselschmidt, J. H. Russell & T. J. Ley</i>
Fas-mediated Cytotoxicity – A New Immunoregulatory and Pathogenic Function of Th1 CD4 ⁺ T Cells	223	<i>H. Yagita, S. Hanabuchi, Y. Asano, T. Tamura, H. Nariuchi & K. Okumura</i>
Nuclear Changes in the Cytotoxic T Lymphocyte-induced Model of Apoptosis	241	<i>K. S. Sellins & J. J. Cohen</i>
