## Part I Basics

<b>I-1</b>	<b>Basic Physics . . . . .</b>	<b>3</b>
<b>I-2</b>	<b>Basic Physics of Lasers . . . . .</b>	<b>9</b>
I-2.1	Amplifier with Feedback . . . . .	9
I-2.2	Laser Design . . . . .	11
I-2.3	Laser Radiation . . . . .	19
I-2.4	Laser Types . . . . .	23
I-2.4.1	Nd:YAG Lasers . . . . .	23
I-2.4.2	Argon and Krypton Ion Lasers . . . . .	27
I-2.4.3	HeNe Lasers . . . . .	31
I-2.4.4	CO <sub>2</sub> Lasers . . . . .	33
I-2.4.5	Dye Lasers . . . . .	37
I-2.4.6	Excimer Lasers . . . . .	41
I-2.4.7	Erbium: YAG Laser . . . . .	45
I-2.4.8	Holmium:YAG Laser . . . . .	51
I-2.4.9	Ruby Laser . . . . .	57
I-2.4.10	Diode Lasers . . . . .	61
I-2.4.11	Metal-Vapour Lasers . . . . .	69
<b>I-3</b>	<b>Action Mechanisms of Laser Radiation in Biological Tissues . . . . .</b>	<b>73</b>
I-3.1	Properties of Biological Tissues . . . . .	73
I-3.2	Interactions of Laser Radiation with Biological Tissue . . . . .	101
I-3.2.1	Photochemical Effects . . . . .	107
I-3.2.2	Thermal Effects . . . . .	111
I-3.2.3	"Thermal" and "Non-Thermal" Effects on Tissues . . . . .	119
I-3.2.4	Non-Linear Processes . . . . .	125
<b>I-4</b>	<b>Technical Basics of Medical Laser Systems . . . . .</b>	<b>129</b>
I-4.1	Basic Device . . . . .	129
I-4.1.1	Dose-Effect-Controlled Nd: YAG Laser System for the Cutting of Tissues . . . . .	133
I-4.2.1	Beam-Handling Systems . . . . .	137
I-4.2.2	Light Guides . . . . .	141
I-4.3	Optical Applicators . . . . .	151
I-4.3.1	Laser Applicators for Interstitial Coagulation . . . . .	165
I-4.4	Laser Medicine – Technology and Dosimetry . . . . .	177

## **Part II**

### **Principles of Laser Application in Medicine**

<b>II-1</b>	<b>The Laser's Position in Medicine</b>	187
<b>II-2</b>	<b>Fundamentals of Nd: YAG Laser Applications</b>	199
<b>II-3</b>	<b>Additional Equipment</b>	205
<b>II-4</b>	<b>Therapeutic Guidelines</b>	211
<b>II-5</b>	<b>Laser-Induced Thermotherapy (LITT), Basics</b>	235
<b>II-6</b>	<b>Basics of Photodynamic Therapy (PDT)</b>	251

## **Part III**

### **Areas of Application**

<b>III-1</b>	<b>Laser Stereotaxy</b>	291
<b>III-2</b>	<b>Laser Applications in Ophthalmology</b>	299
<b>III-3</b>	<b>Dental Laser Applications: Periodontal Treatment and Intra-Oral Surgery</b>	317
<b>III-4</b>	<b>ENT</b>	323
III-4.1	Endoscopic Laser Treatment of Laryngeal and Tracheal Diseases	323
III-4.2.1	Laser Stapedotomy	335
III-4.2.2	Laser Myringotomy	353
III-4.3	Laser-Assisted Surgery of the Soft Palate for Snoring and Obstructive Sleep Apnoea	361
III-4.4	Functional Endoscopic Endonasal Laser Surgery – FEELS Laser Treatments of the Nose and the Paranasal Sinuses	381

---

<b>III-5</b>	<b>Laser Treatment in Gastroenterology . . . . .</b>	427
<b>III-6</b>	<b>Angiology . . . . .</b>	443
III-6.1	Laser Treatment in Haemangiomas and Vascular Malformations . . . . .	443
III-6.2	Excimer Laser-Assisted Recanalization of Chronic Peripheral Arterial Occlusions . . . . .	483
<b>III-7</b>	<b>Laser Treatments in Plastic Surgery and Dermatology . . . . .</b>	501
III-7.1	Laser Skin Resurfacing . . . . .	501
III-7.2	Laser Treatments of Skin Malignancies . . . . .	511
III-7.3	Pigmented and non-Pigmented Benign Skin Tumours . . . . .	529
III-7.4	Laser Treatment of Scars and Keloids . . . . .	545
III-7.5	Long-Lasting Epilation of Hair with Laser and Light Devices . . . . .	555
III-7.6	Laser Treatment of Virus-Assisted Skin Diseases . . . . .	569
III-7.7	Laser Applications in Phlebology . . .	575
<b>III-8</b>	<b>Laser Treatment in Urology . . . . .</b>	579
<b>III-9</b>	<b>Laser Application in Orthopaedic Medicine . . . . .</b>	585
<b>III-10</b>	<b>Laser Applications in Pulmology and Thoracic Surgery . . . . .</b>	599

---

<b>III-11</b>	<b>Transmyocardial Laser Revascularization . . . . .</b>	<b>615</b>
<b>III-12</b>	<b>Laser in General Surgery . . . . .</b>	<b>623</b>
III-12.1	Laser Treatment of Neurofibromatosis Type 1 . . . . .	623
III-12.2	Interstitial Laser Treatment of Liver and Soft Tissue Metastasis . . . . .	635
<b>III-13</b>	<b>Open and Endoscopic Laser Treatment in Paediatrics . . . . .</b>	<b>645</b>
<b>III-14</b>	<b>Laser Applications in Gynaecology . . . . .</b>	<b>673</b>
<b>III-15</b>	<b>Laser Applications in Diagnostics . . . . .</b>	<b>705</b>

## **Part IV**

### **Laser Safety in Medicine**

<b>IV</b>	<b>Laser Safety in Medicine . . . . .</b>	<b>715</b>
<b>IV-1</b>	<b>Guidelines for Safe Clinical Laser Applications . . . . .</b>	<b>727</b>

<b>Subject-Index . . . . .</b>	<b>735</b>
--------------------------------	------------
