1 Introduction	1
2 Methodology	4
3 The Clean Development Mechanism (CDM) - From Concept to First Projects.....	5
3.1 The Evolution of CDM in International Climate Policy	5
3.2 CDM Rules in Detail.....	9
3.3 Economic and Institutional Principles of CDM	17
3.4 The CER Market	23
4 Transaction Costs of CDM Projects.....	30
4.1 Transaction Costs in Neo-Institutional Economics	30
4.2 The Role of Transaction Costs in Environmental Externalities	33
4.3 Transaction Costs of CDM Projects.....	34
4.4 Transaction Cost Components of CDM Projects	37
4.5 First Estimates for Transaction Costs of CDM Projects	51
4.6 Summary of Transaction Costs of CDM Projects	57
4.7 Implications for Empirical Research Design.....	60
5 A Survey Among Players in CDM in India	63
5.1 Information on CDM Potential and CDM Development in India.....	63
5.2 Aim of and Strategy for the Survey.....	65
5.3 Participants in the Survey and Major Questions in the Interviews	66
5.4 Brief Critique of the Interviews.....	66
6 Current Situation of CDM Project Development in India.....	68
6.1 Current Status	68
6.2 Current Trends.....	71
7 Transaction Costs of Potential CDM Projects in India	74
7.1 Strategy for Quantification of Transaction Costs.....	74
7.2 Results from the Quantification	75
7.3 Critical Appraisal of Results Quantified	78
7.4 Assessment of the Results	79
7.5 First Discussion of Future Development of Transaction Costs.....	94
8 Summary and Scope for Further Research.....	97
