

TABLE OF CONTENTS

FOREWORD	3
INTRODUCTION	9
ACKNOWLEDGEMENTS	11
CHAPTER I: The Changing Pattern of IEA Emergency Response Requirements	13
Experience from the Past	13
The Main Factors in Emergency Response Potential	16
Key Recent Developments	19
Emergency Response Policy Issues for the Future	20
CHAPTER II: IEA Emergency Response Potential – an Overview	23
Emergency Reserves	23
Demand Restraint	32
Stockdraw <i>vs.</i> Demand Restraint	33
Other Response Mechanisms	34
Organisation	34
CHAPTER III: The Response Potential of Individual IEA Countries	35
Australia	37
Austria	47

Belgium	57
Canada	67
Czech Republic	79
Denmark	89
Finland	97
France	109
Germany	121
Greece	137
Hungary	147
Ireland	157
Italy	165
Japan	177
Luxembourg	187
The Netherlands	193
New Zealand	205
Norway	215
Portugal	225
Spain	235
Sweden	245
Switzerland	253
Turkey	263
The United Kingdom	277
The United States	293

CHAPTER IV: The Emergency Response Potential of Candidate Countries	307
--	------------

Poland	309
Republic of Korea	323
Slovak Republic	335

ANNEX I: The Legal Basis for IEA Member Country Emergency Response Organisations	347
---	------------

ANNEX II: The Legal Basis for the 90-Day Stock Obligations and Compulsory Stockdraw of Member Countries	351
--	------------

ANNEX III: Summary of European Union Legislation Concerning Crisis Measures and Oil Stocks	357
---	------------

ANNEX IV: Developments in IEA Emergency Mechanisms 1974/2000	361
---	------------

Energy Websites of IEA Member Countries	369
List of Abbreviations	370
