

TABLE OF CONTENTS

EXECUTIVE SUMMARY	9
Introduction.....	9
Understanding EPR.....	9
Why Extended Producer Responsibility	10
EPR Today.....	11
Purpose of the Guidance Manual	11
Summary of contents	12
Conclusion	13
CHAPTER 1: OVERVIEW AND CONTEXT	15
1.1 Introduction.....	15
1.2 Purpose of the Guidance Manual	15
1.3 Background	16
1.4 Context.....	16
1.4.1 Internalisation of costs.....	17
1.5 What is Extended Producer Responsibility?	18
1.6 Why Extended Producer Responsibility?.....	18
1.7 Debate	20
1.7.1 Participation of actors in the product chain - sharing responsibilities.....	20
1.7.2 Setting targets	20
1.8 The Polluter-Pays Principle	21
1.8.1 EPR and PPP	21
1.9 Principle of EPR.....	21
1.10 EPR and Integrated Product Policy.....	22
1.11 Framework for analysis.....	22
1.12 Socio-economic and socio-cultural considerations	24
CHAPTER 2: EPR POLICY AND CONSIDERATIONS.....	27
2.1 Introduction.....	27
2.2 Guiding principles for EPR.....	27
2.3 Goals and objectives	28
2.4 Defining terms.....	30
2.5 Scope.....	30
2.6 Which products or waste streams?.....	30
2.7 Legal and administrative approaches.....	33
2.7.1 Mandatory approaches.....	33
2.7.2 Voluntary approaches.....	33
2.8 Targets and quotas	34
2.9 Matching supply and the capacity to manage the demand for recyclables	34
2.10 Roles and relationships of national and sub-national environmental goals, programmes and laws.....	35

2.11	Other aspects to consider	35
2.11.1	Consumption and production patterns	35
2.11.2	Stakeholder consultations	35
2.11.3	Transparency	35
2.11.4	Distributing information about EPR	36
2.12	Summary: checklist of points to consider	37
CHAPTER 3: INSTRUMENTS AND MEASURES		39
3.1	Introduction	39
3.2	Policy drivers	39
3.3	EPR policy instruments and measures	40
3.3.1	Take-back requirements	40
a)	Product take-back	41
3.3.2	Economic instruments	42
a)	Deposit/refund schemes	42
b)	Advance disposal fees	43
c)	Material taxes	44
d)	Upstream combination tax/subsidy	44
3.3.3	Standards	44
a)	Minimum recycled content requirements	44
3.3.4	Other industry-based measures	45
a)	Leasing	45
b)	Servicizing	45
3.4	What is the primary response to an instrument?	46
3.5	Applicability	46
3.6	Implementation components	47
3.7	Other government measures	48
3.8	Other instruments	48
3.9	Environmental effectiveness and economic efficiency of EPR	50
3.10	Selection criteria	51
3.11	Summary: checklist of points to consider	51
CHAPTER 4: ROLES AND RESPONSIBILITIES		53
4.1	Introduction	53
4.2	Context	53
4.3	The range of responsibilities	53
4.3.1	What is meant by responsibility?	54
4.4	Who is the producer and for what is he responsible?	54
4.4.1	Who is the producer?	55
a)	Ultimate responsibility	56
4.4.2	Other responsibility combinations	56
a)	Shared responsibilities	57
b)	Apportioned responsibility	58
4.5	Distribution of responsibility	58
4.6	Considerations when allocating responsibility	59
4.7	Who pays?	60
4.7.1	Funding mechanisms	60
4.7.2	Internalisation of costs into the final price of the product	60
4.8	National government role	61
4.9	Local government role	61
4.10	Consumers	61

4.11	Role of retailers	61
4.12	Producer responsibility organisations	61
4.13	Summary: checklist of points to consider	62
CHAPTER 5: TRADE AND COMPETITION		65
5.1	Introduction	65
5.2	Trade issues	66
5.2.1	Actual and potential trade effects of EPR and related policy instruments	66
a)	Trade effects in product markets	67
b)	Economic instruments	68
c)	Regulatory instruments and materials requirement	69
5.2.2	Trade effects in recyclable/secondary materials markets	70
5.3	EPR policies and the multilateral trading system	71
5.3.1	Transparency, consultation and technical assistance	71
5.3.2	Non-discrimination and other WTO issues	74
a)	Non-discrimination	74
b)	Exceptions	75
5.3.3	Technical barriers to trade agreement	77
5.3.4	Coverage of WTO rules	78
a)	What are 'like' products?	78
b)	Which policy instruments are covered by the WTO?	79
5.4	Competition issues	80
5.4.1	Competition effects in product markets	80
5.4.2	Competition effects in recyclable/secondary materials markets	82
a)	Product/material collection services	82
b)	Concentration of recyclable/secondary materials markets	82
5.5	Trade and competition issues - checklist of points to consider	83
CHAPTER 6: FREE RIDERS, ORPHAN AND EXISTING PRODUCTS		85
6.1	Introduction	85
6.2	Free riders	85
6.3	Orphan and existing products	87
6.3.1	Financing options for addressing orphan and existing products	88
a)	Advance disposal fees	88
b)	Fees paid at the time of purchase	89
c)	The last owner pays	89
d)	Insurance	90
e)	Phase-in	90
6.4	Summary: checklist of points to consider	91
CHAPTER 7: FROM DESIGN TO IMPLEMENTATION		93
7.1	Introduction	93
7.2	Policy framework	93
7.3	Mandatory requirements	94
7.4	Voluntary approaches	94
7.5	Small and medium-sized enterprises (SME)	96
7.6	Transaction costs	97
7.7	Monitoring and reporting	98
7.8	Phasing-in	98
7.9	Getting started	99
7.10	Evaluations	99

7.11	The international dimension.....	100
7.12	Measuring progress and success	100
7.12.1	Quantitative	100
a)	Resources.....	100
b)	Waste reduction/prevention.....	101
7.12.2	Qualitative	101
a)	Product redesign	101
b)	Waste	101
7.13	Recommendations and lessons learned.....	101
7.14	Summary: checklist of points to consider	103
CHAPTER 8: FUTURE STEPS.....		105
8.1	Future Steps	105
8.2	Conclusion	107
