

LIST OF COLOR PLATES

All color plates appear in Chapter 24, in an insert following p. 338.

- Plate 1, Fig. 1.** Pearly penile papules.
- Plate 2, Fig. 3.** Sclerosing lymphangitis.
- Plate 3, Fig. 4.** Angiokeratomas of Fordyce.
- Plate 4, Fig. 5.** Lichen sclerosis et atrophicus.
- Plate 5, Fig. 6.** Chronic lichen sclerosis et atrophicus with foci of invasive SCC.
- Plate 6, Fig. 7.** Balanoposthitis.
- Plate 7, Fig. 12.** Lichen planus.
- Plate 8, Fig. 14.** Zoon's balanitis.
- Plate 9, Fig. 16.** Decorative tattoo of the glans.
- Plate 10, Fig. 28.** Capillary hemangioma of glans in a child.
- Plate 11, Fig. 29.** Capillary hemangioma of glans.
- Plate 12, Fig. 32.** Erythroplasia of Queyrat. *In situ* SCC presenting as velvety red plaque on glans and periurethral skin.
- Plate 13, Fig. 33.** Erythroplasia of Queyrat. *In situ* SCC of prepuce skin and glans presenting as chronically inflamed red plaque with verrucous foci.
- Plate 14, Fig. 34.** Verrucous carcinoma.
- Plate 15, Fig. 35.** Bowenoid papulosis.
- Plate 16, Fig. 36.** Kaposi's sarcoma.
- Plate 17, Fig. 37.** Extramammary Paget's disease.
- Plate 18, Fig. 38.** Metastatic prostate carcinoma. Discrete and confluent pink papules and plaques.
- Plate 19, Fig. 39.** Metastatic prostate carcinoma. Massive erythematous tumors and nodules.
- Plate 20, Fig. 40.** Metastatic SCC of the lung to the scrotum.

CONTENTS

	Preface	v
	List of Color Plates	vii
	List of Contributors	xiii
I	The Urologic Office	1
	1 Principles of Managing the Urologic Office	3
	<i>Maxine Pollack and Jean Kouris</i>	
	2 Marketing Your Urologic Practice Ethically, Effectively, and Economically	15
	<i>Neil Baum</i>	
	3 Proper Billing and Coding	33
	<i>Ray Painter</i>	
	4 Advanced Information Systems in the Modern Physician's Office	45
	<i>Steve Gardilicic</i>	
	5 Important Legal Issues in the Current Health-Care Environment	55
	<i>Alan E. Schabes and David M. Levine</i>	
II	Patient Evaluation	75
	6 Urologic History, Physical Examination, and Urinalysis	77
	<i>Mark R. Licht</i>	
	7 Endoscopy and Instrumentation in the Office	89
	<i>Steven H. Selman</i>	
III	Infections and Inflammation of the Genitourinary Tract	103
	8 Evaluation and Management of Recurrent Urinary-Tract Infections	105
	<i>Howard B. Goldman</i>	
	9 Prostatitis	113
	<i>J. Curtis Nickel</i>	
	10 Sexually Transmitted Diseases	121
	<i>Jeannette M. Potts</i>	
	11 The Diagnosis and Treatment of Interstitial Cystitis	131
	<i>Kenneth M. Peters and Ananias C. Diokno</i>	

IV	The Renal Mass	143
12	Evaluation of the Renal Mass <i>Norm D. Smith and Steven C. Campbell</i>	145
13	Selecting the Optimal Treatment for Localized Renal Tumors and Long-Term Follow-Up <i>Andrew C. Novick</i>	165
V	Bladder Tumors	173
14	Evaluation and Management of Low-Grade, Low-Stage Bladder Cancer <i>Michael J. Droller</i>	175
15	Intravesical Therapy for Superficial Bladder Cancer: <i>A Practical Guide</i> <i>Michael O'Donnell</i>	185
16	Selecting and Counseling Patients for Cystectomy or Cystoprostatectomy <i>James E. Montie and Robert Marcovich</i>	203
VI	Prostate—Benign	213
17	Evaluation of Lower Urinary-Tract Symptoms <i>Rasmus H. Krogh and Reginald C. Bruskewitz</i>	215
18	Medical Management of Benign Prostatic Obstruction <i>Michael J. Barry and Claus Roehrborn</i>	225
19	The Advent of Minimally Invasive Treatments for Benign Prostatic Obstruction <i>Christopher S. Ng, James C. Ulchaker, and Elroy D. Kursh</i>	237
VII	Prostate—Malignant	253
20	Evaluation of Prostate Cancer <i>Robert L. Grubb III and Gerald L. Andriole</i>	255
21	Transrectal Ultrasound and Prostate Biopsy in the Office <i>Christopher A. Haas and Martin I. Resnick</i>	265
22	Selecting and Counseling Patients on Appropriate Treatment of Prostate Cancer <i>Faiyaaz M. Jhaveri and Eric A. Klein</i>	277
23	Prostate Cancer: <i>Endocrine Therapy</i> <i>Hamed A. Daw and David M. Peereboom</i>	291
VIII	Penile Disorders	303
24	Practical Dermatology for the Urologist <i>Scott Podnos and Allison T. Vidimos</i>	305
25	Erectile Dysfunction <i>Drogo K. Montague and Milton M. Lakin</i>	343

IX	The Scrotal Contents	353
26	Evaluation and Management of the Scrotal Mass and Acute Scrotum	355
	<i>Edward E. Cherullo and James C. Ulchaker</i>	
27	Genital Pain	369
	<i>Elroy D. Kursh</i>	
28	A Practical Approach to Male Infertility	381
	<i>James A. Daitch and Anthony J. Thomas, Jr.</i>	
29	Elective Sterilization	395
	<i>Roy A. Brandell and Marc Goldstein</i>	
X	Voiding Dysfunction	405
30	Office Urodynamics	407
	<i>John P. Lavelle, Michael W. Phelan, Seamus Teahan, and Michael B. Chancellor</i>	
31	Assessment of the Incontinent Woman	417
	<i>Edward J. McGuire</i>	
32	Selection, Treatment, and Counseling for Women with Urinary Incontinence	431
	<i>Kathleen C. Kobashi and Gary E. Leach</i>	
33	Managing Incontinence in the Geriatric Patient	453
	<i>Patricia S. Goode and Kathryn L. Burgio</i>	
XI	Other Problems	467
34	Evaluation and Differential Diagnosis of Hematuria	469
	<i>Dimitri Kuznetsov and Charles Brendler</i>	
35	Evaluation and Management of Recurrent Stone Disease	483
	<i>Stephen J. Savage and Stevan B. Streem</i>	
36	Common Pediatric Problems	495
	<i>Jonathan H. Ross and Robert Kay</i>
