EUROPEAN CENTRAL BANK
WORKING PAPER SERIES

WORKING PAPER NO. 3
FISCAL POLICY EFFECTIVENESS
AND
NEUTRALITY RESULTS IN A NON-
RICARDIAN WORLD
BY
CARSTEN DETKEN*

May 1999

* I would like to thank M. Canzoneri, M. Taylor, J. van Hogen and participants of the 1998 ZEI Summer School for comments on a first draft. I benefited from very useful suggestions from I. Angelelli, O. De Bandt, F. Browne, V. Gaspar, P. Hartmann, J. Marin, F. Mongelli and K. Tuori. I am also grateful for comments received by R. Marimon and other participants of the CEPR/CREI/EUI conference on the Political Economy of Fiscal and Monetary Stability in EMU, December 1998, as well as an anonymous referee of the Working Paper Series while retaining responsibility for all remaining errors. Views expressed represent exclusively the opinion of the author and do not necessarily correspond to those of the European Central Bank.
