

CONTENTS

Series Editor's Introduction	v
Introduction	1
The Data Set	3
1. The Two Independent Group Design: A Review	4
Estimation of Sampling Error Variance	8
Summary	10
2. One-Way Independent Groups Design	10
Summary	14
3. Factorial Independent Group Designs	14
2×2 Analysis of Variance (ANOVA)	14
Summary	39
4. ANCOVA Designs	40
Effect Size Holding the Covariate Constant	42
Other ANCOVA Designs	45
Higher-Order ANCOVAs	46
Summary	48
5. Repeated Measures Designs	49
Higher-Order Repeated Measures Designs	52
Computing Sampling Error Variance of Effect Sizes	55
Summary	56
6. Monograph Summary and Discussion of Ancillary Issues	56
Summary	56
Ancillary Issues	57
Notes	63
Appendix A: Tables	64
Appendix B: Derivation for Equation (4.7)	71
References	72
About the Authors	73
Acknowledgments	74
