## Tables

3.1	Problematic circumstances at the time of the offence: probationers' reports	46
3.2	Sample characteristics: gender	49
3.3	Sample characteristics: age	49
3.4	Sample characteristics: ethnicity	49
3.5	Sample characteristics: length of order	49
3.6	Sample characteristics: main offence	50
3.7	Sample characteristics: previous convictions and custody	50
3.8	Sample characteristics: age and gender	51
3.9	Attrition rates: offence type	52
3.10	Attrition rates: age and gender	52
4.1	Offending whilst on probation (those seen to the end of their orders)	64
4.2	Amount of offending whilst on probation (those seen to the end of their orders)	64
4.3	Desistance (those seen to the end of their orders)	66
4.4	Desistance (all)	66
5.1	Obstacles to desistance	74
5.2	Officer-probationer pairs: obstacles to desistance	75
5.3	Proposed methods for tackling the obstacle: officers' reports	78
6.1	The extent to which obstacles were successfully resolved	85
6.2	Desistance by obstacles: probationers' reports	87
6.3	Methods used to tackle sweep-one obstacles: officers' reports	88
6.4	Resolving obstacles: officers' reports	89
6.5	Intervention styles sweep-one obstacles: officers' reports	91

6.6	Resolving obstacles: probationers' reports	92
6.7	Intervention styles sweep-one obstacles: probationers' reports	94
7.1	Motivation and expectation to desist	100
7.2	Changes in motivation throughout the order	101
7.3	Motivation groups' criminal histories at start of order	103
7.4	'Problematic' circumstances at the time of the offence: probationers' reports	104
7.5	Obstacles identified by officers and probationers	106
7.6	Was the obstacle resolved?	107
7.7	Working styles used to tackle obstacles identified at sweep one	108
9.1	Probationer's 'biggest single' life change since previous interview	146
9.2	Resolving employment and family obstacles: main instigator of solution and amount of help given by officer	161
9.3	Main actor in overcoming obstacles by motivation	163
10.1	Desistance (all)	173
10.2	Desistance by motivation	174
11.1	Offending by motivation	195
11.2	Concordance of offending	196
11.3	Factors associated with offending: final models	197
11.4	Types of offending by motivation	199
11.5	Amount offending by motivation	200
11.6	Factors associated with the amount of offending: summary	201
11.7	Factors associated with the amount of offending: final models	202
A1	Variables associated with desistance from logistic regression analyses	230

## Figures

7.1	Motivation, obstacles and desistance: probationers' reports	110
7.2	Motivation, obstacles and desistance: officers' reports	111
9.1	Motivation, obstacles and social contexts: probationers' reports	165
9.2	Motivation, obstacles and social contexts: officers' reports	166
12.1	Motivation, obstacles and desistance: probationers' reports	209
12.2	Motivation, obstacles and social contexts: probationer's reports	210
