<i>List of Figures</i>	viii
<i>Acknowledgments</i>	x
<i>Series Editor's Introduction</i>	xi

Part I

Leadership and Information Processing

1. Introduction	3
2. Human Information Processing	13

Part II

Perceptual and Social Processes

3. Recognition-based Processes and Leadership Perceptions	29
4. Inferential Processes and Leadership Perceptions	55
5. Social Perceptions, Information Processing, and Change	71
6. Perceptions of Women in Management	95
7. Dyadic-level Perceptions and Reciprocal Influence	115
✓ 8. Culture, Information Processing, and Leadership	143

Part III

Leadership and Organizational Performance

9. Direct and Indirect Effects of Leadership on Performance	163
10. Leadership Succession	179
11. A Cusp Catastrophe Model of Organizational Performance	199
12. Executive Leadership and Organizational Performance	211

<i>Part IV</i>	
<i>Stability, Change, and Information Processing</i>	
13. Executive Leadership, Information Processing, and Change	247
14. Relationships among Power, Leader Traits, and Change	279
15. Extensions and Conclusions	299
<i>Bibliography</i>	309
<i>About the Authors</i>	331
<i>Index</i>	333

List of Tables

Table 2.1	Comparison of Alternative Information Processing Models	26
Table 3.1	Alternative Types of Processes Used to Form Leadership Perceptions	34
Table 3.2	Effect of Stimulus Prototypicality on Social Perceptions and Behavioral Expectations Scales	39
Table 3.3	Ratings of Leadership Traits	46
Table 3.4	Correlation of Family Resemblance Values from Different Samples	50
Table 3.5	Similarity of Leadership Prototypes from Different Contexts	52
Table 7.1	Stages of Behavioral Confirmation and Social Cognition	129
Table 9.1	Causal Ascription to Leaders	175
Table 12.1	Potential Means by Which Top-level Leaders Can Affect Organizational Performance	214
Table 12.2	Correspondence among Organizational Paradigms, Executive Leadership, and the Cusp Catastrophe Theory Model	242
Table 13.1	Summary of Alternative Information Processing Perspectives	248

List of Figures

Figure 3.1	Effect of Experimental Manipulation of Stimulus Prototypicality on Very Prototypical (VP), Prototypical (P), Neutral (N), and Antiprototypical (AP) Behavior Expectancy Scales	37
Figure 3.2	Hierarchical Clustering of Leadership Categories by Level and Context	49
Figure 3.3	Hierarchical Clustering of Leadership Categories by Context Only	53
Figure 5.1	Model of Social Information Processing Based on Behavior and Event Schema	72
Figure 5.2	Two Alternative Models of Trait-Behavior Clusters	77
Figure 5.3	Revision of Initial Leadership Rating When Prototypical Leadership Information Is Repeatedly Encountered	82
Figure 5.4	Two-fold Catastrophes Developed by Beginning the Experiment at the Two Different Ends of the Stimulus Sequence (Hysteresis is illustrated, since the predicted catastrophe points occur at different places in the sequence.)	84
Figure 5.5	Cusp Catastrophe Model of Social Perceptions	87
Figure 6.1	Model of Social Information Processing Based on Behavior, Gender, and Event Schema	105
Figure 7.1	Views of Leader-Subordinate Reciprocal Influence Processes	118
Figure 9.1	Examples of Direct and Indirect Effects of Leadership on Performance	164
Figure 10.1	Alternative Models of the Leader-Performance Relationship	181
Figure 10.2	A Cusp Catastrophe Model of Leadership and Organizational Performance	195
Figure 11.1	A Cusp Catastrophe Model of Organizational Evolution	200
Figure 12.1	Large-scale "Operating" Turnaround	217
Figure 12.2	Typical Areas of Operation for Different Strategic Types	228

<i>Figure 12.3</i>	Evolutionary Paths of Defender (D) and Prospector (P) Strategic Types	229
<i>Figure 12.4</i>	Reduced High-Performance Plane for Competitive Industry (a); Expanded High-Performance Plane in Noncompetitive Industry (b); More Stable Environment with Reduced Cusp Region (c); and Less Stable Environment with Enhanced Cusp Region (d)	239
<i>Figure 13.1</i>	Expert/Novice Differences in the Effects of Category Structure and Information Processing on Organizational Decision Making	258
<i>Figure 13.2</i>	Comparison of Information Processing Types (a), Strategic Types (b), and Phases of Bankruptcy (c)	261
