I Gastrointestinal Motility	1
Properties and Functional Aspects of the Enteric Nervous System	3
M. Schemann, D. Reiche, M. Neunlist	
Pharmacotherapy of Gastrointestinal Motor Disorders	12
J. A. J. Schuurkes	
Effect of Interleukin-1 β on Cholinergic Contractions in the Gastrointestinal Tract of the Rat	23
T. G. Moreels, J. G. De Man, B. Y. De Winter, A. G. Herman, P. A. Pelckmans	
Impairment of Intestinal Motility in the Critically Ill Patient. Clinical Implications and Contribution of Drugs and Mediators	28
M. K. Herbert	
Potential of Motilides in the Treatment of Hypomotility Syndromes	39
T. L. Peeters	
The Pathogenesis of Postoperative Ileus in the Rat: Role of Nitric Oxide, Vasoactive Intestinal Polypeptide and κ -Opioid Receptors	52
B. Y. De Winter, J. G. De Man, T. G. Moreels, G. E. Boeckxstaens, P. Robberecht, A. G. Herman, P. A. Pelckmans	
What Dose of Neostigmine is Effective for the Treatment of Postoperative Colonic Ileus? Lessons from Colonic Motility Studies	70
M. E. Kreis, T. T. Zittel, M. Kasperek, G. Thiers, A. Huge, H. D. Becker, E. C. Jehle	
Small Bowel Transit Time in Intensive Care Unit Patients: Effect of Cisapride and Erythromycin	74
J. Barnert, I. Röckl-Wiedmann, C. Werner, G. Neeser, M. Wienbeck	
Guided Placement of Nasojejunal Feeding Tubes Using Erythromycin and Fluoroscopy in Intensive Care Unit Patients	79
J. Barnert, G. Neeser, M. Wienbeck	
High-dose Catecholamines Diminish the Effect of Erythromycin on Antral Motility and Gastric Emptying in Intensive Care Unit Patients	83
J. Barnert, J. Goebel, G. Neeser, M. Wienbeck	

II Dysfunction of the Gastrointestinal Tract in Shock, Sepsis and Critical Illness	89
Gastrointestinal Secretion, Absorption and Barrier Function	91
M. Fromm, A. H. Gitter, J.-D. Schulzke	
The Human Intestinal Microflora: Physiology and Pathophysiology	108
I. B. Autenrieth	
Clinical Strategies for Prevention of Bacterial Translocation	118
W. Druml	
Reduction of Perioperative Endotoxin Leakage from the Gastrointestinal Tract by Enteral Application of Immunoglobulin-Enriched Colostral Milk Preparation	127
E. Bölke, D. Berger, K. Buttenschön, R. Lissner, A. Arnold, F. Hausmann, M. Seidelmann, H. G. Beger	
Bacterial Translocation and Endotoxemia During Aseptic Surgery	131
E. Bölke, D. Berger, N. Hiki, B. Poch, A. Beier, M. Graf, M. Seidelmann, H. G. Beger	
Antiendotoxin Antibody Production of Mononuclear Cells in Multiply Injured Patients	135
K. Buttenschön, D. Berger, K. Stenzel, T. Piper, H. G. Beger	
Multivariate Analysis of Parameters Predicting Lethal Outcome in a Porcine Model of Abdominal Sepsis	139
T. Strate, C. G. Schneider, M. Wolf, J. R. Izbicki, C. Bloechle	
Gastric Mucosal Tonometry	143
M. V. Chapman, M. G. Mythen	
Continuous Mucosal PCO ₂ Monitoring of the Gastrointestinal Tract	158
G. Knichwitz, T. Brüssel	
The Potential of Tissue Lightguide Spectrophotometry for Monitoring Gastric Mucosal Oxygenation During Mechanical Ventilation ..	173
A. Fournell, L. A. Schwarte, T. W. L. Scheeren	
III Nutritional Aspects	179
The Colon as a Metabolically Active Organ: Implications for the Composition of Enteral Formula Diets	181
W. M. Scheppach	
Early Enteral Nutrition Influences Immunological Response of Lymphocyte Subsets After Polytrauma	191
J. M. Engel, T. Menges, G. Hempelmann	
Glutamine-supplemented Parenteral Nutrition	195
R. D. Griffiths, C. Esanu-Varnav	

IV Perioperative Dysfunction of the Gastrointestinal Tract	213
Perioperative Motility of the Foregut	215
K. H. Fuchs, J. Maroske, H. Tigges, J. Heimbucher, S. M. Freys, A. Thiede	
Electrogastrography During the Early Postoperative Period	223
J. Maroske, J. Heimbucher, K. H. Fuchs, S. M. Freys, A. Thiede	
Therapeutic Interventions for Improvement of Impaired Intestinal Blood Flow	227
G. F. E. Nöldge-Schomburg, D. A. Vagts	
Influence of Dopexamine on Splanchnic Perfusion During Cardiac Surgery	245
F. Bach, M. Silomon, T. Graeter, R. Larsen, U. Grundmann	
Postoperative Intestinal Ischemia in Cardiac Surgical Patients	251
J. Neumann, H.-D. Unrein	
Gastrointestinal Complications After Cardiopulmonary Bypass	257
J. Rötter, M. Erren, G. Knichwitz, R. Tandler, N. Roeder, M. C. Deng, D. Hammel, H. H. Scheld	
The "Laparoscopic Window": A New Laparoscopic Bedside Technique for Second Look Intervention	261
A. van Ophoven, B. Patel, H. G. Schindler	
V Postoperative Nausea and Vomiting	265
Postoperative Nausea and Vomiting	267
P. L. R. Andrews	
Prediction of Postoperative Nausea and Vomiting Using Clinical Risk Factors ..	289
C. C. Apfel, N. Roewer	
Logistical Regression Analysis of Factors Causing Postoperative Nausea or Vomiting During Different Postoperative Time Periods	302
T. Schröder, Ch. v. Heymann, R. Scherer, W. J. Kox	
Postoperative Nausea and Vomiting After Laparoscopy in Gynecology	307
S. Krüper, O.-E. Mohr	
Prophylaxis and Therapy of Postoperative Nausea and Vomiting	313
J. Scholz, M. Steinfath	

VI Update – Gastric, Duodenal, and Stress Ulcer, Etiology, Pathophysiology, Treatment	327
Gastric Acid Backdiffusion and Neuronal Emergency System	329
P. Holzer, I. T. Lippe, M. Jocić, A. Heinemann	
Intensive Care Pharmacotherapy: Stress Ulcer Prophylaxis and Mucosecretolysis	341
B. M. W. Schmidt, M. Wehling	
Pneumonia Prophylaxis Under Ulcer Therapy	353
G. Stöhr, M. Kunze, C. Ohmann, H. D. Röher, J. Piek, W. Sandmann, H. Becker	
Subject Index	363
