PART II RUSSIA AND THE GULF IN THE TWENTIETH CENTURY	61
---	----

This detailed text by *Professor Grigor Bondarevsky*, published here for the first time, draws on meticulous research in the Kremlin, UK Public Record, Indian State and other archives. It reveals the missing part of many stories – accounts of many secret missions, deliberate misinformation, secret pacts and agreements and provides an overview of the continuity of purpose in Russian/Soviet and now Russian Federation policy today as well as clear indications of Russian intentions in the 21st Century.
