<i>List of Tables and Figures</i>	vii
<i>Foreword, John Hagan</i>	ix
<i>Preface</i>	xi
1 Introduction	1
The Historical Background, 4	
The Ecological Distribution of Violent Crime, 9	
2 Measuring Violent Crime: Trends and Social Distributions	12
Measuring Violent Crime: Some Caveats and Conclusions, 14	
Estimating the Effects of SES and Ethnicity, 19	
The Social Distribution of Violent Offenders, 25	
3 “Levels of Explanation” of Violent Crime	37
Levels of Explanation as Risk Factors for Violent Behavior, 38	
Modifying the Matrix: The Macro- and Microsocial Levels of Explanation, 39	
Linking Levels of Explanation, 42	
4 Community and Neighborhood Contexts of Violent Crime	49
Poverty, 50	
Individual, Community, and Institutional Consequences of Economic Change, 54	
Conclusion, 74	
5 The Role of Unsupervised Youth Groups in Violence	75
Historical and Comparative Perspectives, 75	
Community Cultures and Collective Behavior Among Youth, 78	
Defining Gangs as Unsupervised Youth Groups, 80	
Street Gangs, Other Collectivities, and Violence, 91	
Conclusion: Toward Explanation, 98	
6 Levels of Explanation of Violent Behavior Committed in Groups	100
Accounting for the Increasing Prevalence of Street Gangs, 100	
Socialization into Violence, 102	

Gang Members Versus Nongang Youth: Participation in Community Institutions, 118	
Immigration, Race/Ethnicity, and the Ghetto Poor, 120	
Social Capital, Crime, and Violence, 122	
Conclusion, 125	
7 Explaining Violent Crime: The Macrosocial Level of Explanation	127
Description, Prediction, and Theorizing About Violence, 127	
Macrosocial Forces: Historical and Contemporary, 129	
Conclusions Regarding Macro-level Forces and Violence, 143	
8 The Individual Level of Explanation: Biobehavioral Influences and Control	144
Motivation(s) for Violence: Assumed or to Be Explained? 144	
Evolutionary and Genetic Predispositions to Violence, 147	
The Role of Alcohol and Other Drugs in Criminal Violence, 156	
9 Explaining Violence: Learning, Personality, and Social Contexts of Poverty, Race, and Ethnicity	161
Learning Theories, 161	
Bringing Theories Together, 168	
Does a Neurophysiological "High" Reinforce Violence? 169	
Life-Course Perspectives, 171	
Extending the Theoretical Implications of "Capital," 172	
Families and Violence, 175	
Control as Explanation Reconsidered, 177	
Theoretical Criteria and the Search for the Causes of Violence, 178	
10 Controlling Violent Crime	179
The Relevance of Knowledge for Controlling Violence Versus the Control of Violent Individuals, 180	
The Macrosocial Background, 182	
Policy Options and Scientific Judgments, 183	
What Works? 194	
Family Support and Early Education, 198	
Public Policy and Violence Prevention, 201	
Violence Prevention and the Micro-level of Explanation, 202	
The Persisting Significance of Race (with Apologies to William Julius Wilson), 202	
Postscript, 204	
<i>Notes</i>	205
<i>References</i>	210
<i>About the Book and Author</i>	236
<i>Index</i>	237

Tables and Figures

Tables

1.1	Interracial differences in U.S. homicide rates, 1860–1985	9
2.1	Offense and victimization rates for violent crimes, United States, 1990	16
2.2	Summary of census-trace level estimates of race and SES effects on homicide mortality rates	22
2.3	Child homicide rates; victims under 15 years of age	22
2.4	Homicide mortality rates for children under age 19, by race and SES	23
2.5	Percentage distributions of all persons arrested for violent crimes, by ethnic status	27
3.1	Matrix for organization of risk factors for violent behavior	40

Figures

1.1	Age-adjusted homicide rates, by sex and race, United States, 1900–1980	8
2.1	Crude homicide rates for selected countries	13
2.2	Homicide death rates, persons ages 15–24 years, by race and gender	18
2.3	Cumulative homicide death rates in five-year age intervals, by race and gender	19
2.4	Homicide arrest rate of 14–17-year-old males	20
2.5	Mean annual homicide rate, by race and poverty level of victim's neighborhood	23
2.6	Intraracial domestic homicide rates, by race of victim and by rates of household crowding in the victim's census tract of residence	24
2.7	Arrest rates for murder and nonnegligent manslaughter	27
2.8	Arrest rates for forcible rape	28
2.9	Arrest rates for robbery	29

2.10 Arrest rates for aggravated assault	30
2.11 Prevalence of serious violence in males	30
2.12 Prevalence of serious violence in females	31
2.13 Murder and nonnegligent manslaughter rate by city size	33
2.14 Forcible rape rate by city size	34
2.15 Robbery rate by city size	35
2.16 Aggravated assault rate by city size	36
8.1 From neurogenic impulsivity to tinderbox criminal violence— a stepwise, mutually reinforcing progression	150
