<b>Part I The Basics . . . . .</b>	<b>1</b>
How I Became a Cranio-maxillofacial Surgeon . . . . .	3
<b>1      Introduction . . . . .</b>	<b>9</b>
<b>2      Aetiology of Jaw Anomalies . . . . .</b>	<b>13</b>
2.1     How to Diagnose Jaw Anomalies . . . . .	13
2.2     Descriptive Terminology for Jaw Anomalies . . . . .	13
2.2.1    Problems with the Current Terminology	13
2.2.2    What Is Normal? . . . . .	14
2.2.3    Need for a Descriptive Terminology .	15
<b>3      Parts of the Facial Skeleton . . . . .</b>	<b>17</b>
3.1     The Mandible . . . . .	17
3.1.1    Anomalies of the Mandible . . . . .	17
3.1.2    The Horizontal Ramus . . . . .	17
3.1.3    The Mandibular Body or Base . . . . .	18
3.1.4    The Ascending Ramus . . . . .	18
3.1.5    The Articular (Condylar) Process . .	18
3.1.6    The Muscle (Coronoid) Process . . . .	19
3.1.7    The Angle of the Mandible . . . . .	19
3.1.8    The Chin and Its Anomalies . . . . .	19
3.1.9    Measuring the Mandible . . . . .	20
3.2     The Maxilla . . . . .	21
3.2.1    The Maxillary Base and Its Anomalies .	21
3.3     The Alveolar Processes . . . . .	21
3.3.1    Anomalies of the Alveolar Processes .	22
3.4     Abnormal Angulations . . . . .	22
3.5     Long and Short Face . . . . .	22
3.6     Open Bite Anomalies . . . . .	22
3.7     Conclusion . . . . .	23
<b>4      Documentation for Diagnosis, Treatment Planning and Follow-up . . .</b>	<b>25</b>
4.1     Fundamentals Regarding Case Documentation . . . . .	25
4.2     Who Provides These Documentation Data? . . . . .	25
4.3     Clinical Investigations . . . . .	25

---

4.4	Radiographic Documentation . . . . .	26
4.5	Photographic Documentation . . . . .	27
4.6	Request Form for Photographs . . . . .	29
4.7	Plaster of Paris Models of the Teeth . .	29
4.8	Facial Mask Model of Plaster of Paris . . . . .	29
4.9	Stereolithographic Reproduction of the Facial Skeleton . . . . .	29
<b>5</b>	<b>Scintigraphy, a Diagnostic and Treatment Planning Aid . . . . .</b>	<b>31</b>
5.1	Background Knowledge . . . . .	31
5.2	Clinical Consequences . . . . .	33
<b>6</b>	<b>Principles in Treatment Planning of Facial Skeletal Anomalies . . . . .</b>	<b>35</b>
<b>7</b>	<b>Philosophy of Corrective Surgery Planning . . . . .</b>	<b>39</b>
<b>8</b>	<b>Mandibular Asymmetries . . . . .</b>	<b>43</b>
8.1	Aetiology of Mandibular Asymmetries	43
8.1.1	Mandibular Asymmetries Due to Embryonic Growth Abnormality	43
8.1.2	Mandibular Asymmetries Due to Adverse Postnatal Events During the Growth Period . . . . .	44
8.1.3	Mandibular Asymmetries Due to Misregulation of Growth After Birth . . . . .	44
8.1.4	Mandibular Asymmetries Developing After Growth Has Ceased . . . . .	44
<b>9</b>	<b>What Do We Know About Growth of the Mandible . . . . .</b>	<b>45</b>
9.1	Body and Ascending Ramus of the Mandible . . . . .	45
9.1.1	The Angle of the Mandible . . . . .	46
9.1.2	The Chin . . . . .	46
9.1.3	The Alveolar Process . . . . .	47
9.1.4	The Muscle (Coronoid) Process . . . .	47
9.1.5	The Condyle and Its Function . . . . .	47

<b>10</b>	<b>Clinical Experience Regarding the Influence of the Condyle on the Growth of the Mandible . . . . .</b>	<b>49</b>
10.1	Condylar Hypoactivity . . . . .	49
10.1.1	Bilateral Condylar Hypoactivity . . . . .	50
10.1.2	Unilateral Condylar Hypoactivity . . . . .	66
10.1.3	Unilateral Congenital Mandibular Hypoplasia in Cases of Hemifacial Microsomia . . . . .	74
10.1.4	Hemimandibular Hypoplasia Due to a Perimandibular Cavernous Haemangioma . . . . .	90
10.1.5	Unilateral Condylar Hypoactivity Due to Condylar Damage by Adverse Factors in Early Childhood . . . . .	94
10.2	Growth of the Mandible After Removal of Condyle? . . . . .	118
10.2.1	Normal Growth of the Mandible After Removal of Condyle Destroyed Traumatically Early in Childhood . . . . .	118
10.2.2	High Condylectomy Stops Hyperactivity Producing Excessive Hemimandibular Elongation with an Open Bite . . . . .	122
10.3	Growth Behaviour of Bone Grafts to Mandibular Defects . . . . .	125
10.3.1	Normal Growth of an Iliac Crest Graft Replacing the Ascending Ramus with the Condyle and Half of the Body in Childhood . . . . .	125
10.3.2	Growth Behaviour of Rib Grafts to the Mandible . . . . .	128
10.4	Deductions Drawn from These Clinical Cases . . . . .	132
<b>Part II Condylar Hyperactivity . . . . .</b>		<b>137</b>
<b>11</b>	<b>Condylar Hyperactivity . . . . .</b>	<b>139</b>
11.1	Introduction . . . . .	139
11.2	Three Types of Condylar Hyperactivity . . . . .	139
11.3	Nomenclature for Condylar Hyperactivity Forms . . . . .	140
11.4	Forms of the Condyles . . . . .	140
11.5	Hypothesis of Pathophysiology . . . . .	140
11.6	Aetiology of Condylar Hyperactivity . . . . .	141
11.7	General Surgical Treatment Considerations . . . . .	142
11.8	General Orthodontic Treatment Considerations . . . . .	143
11.9	Prognosis . . . . .	144
<b>12</b>	<b>Hemimandibular Hyperplasia (H.H.) .</b>	<b>145</b>
12.1	Historical Cases . . . . .	145
12.2	Unilateral Hemimandibular Hyperplasia . . . . .	145

12.2.1	Clinical Appearance of Unilateral H.H.	145
12.2.2	Radiographic Findings of Unilateral H.H.	146
12.2.3	Variations in Unilateral H.H. . . . .	147
12.2.4	Differential Diagnosis of Unilateral Hemimandibular Hyperplasia . . . . .	180
12.3	Bilateral Hemimandibular Hyperplasia	190
12.3.1	Differential Diagnosis of Bilateral H.H.	194
<b>13</b>	<b>Hemimandibular Elongation (H.E.) . . .</b>	<b>199</b>
13.1	Main Clinical Features . . . . .	199
13.2	Unilateral Hemimandibular Elongation	199
13.2.1	Nomenclature of H.E. . . . .	199
13.2.2	Radiographic Findings in Unilateral H.E. . . . .	200
13.2.3	Treatment Guidelines for Uni- and Bilateral H.E. . . . .	201
13.2.4	Differential Diagnosis of Unilateral H.E. . . . .	241
13.3	Bilateral Hemimandibular Elongation .	242
13.3.1	Differential Diagnosis of Bilateral H.E.	278
<b>14</b>	<b>Hybrid (Mixed) Forms of H.H. and H.E.</b>	<b>283</b>
14.1	Treatment Guide Lines for H.H. and Hybrid Forms . . . . .	309
14.1.1	Treatment During the Hyperactivity Phase . . . . .	309
14.1.2	Treatment After Growth Activity Has Ceased . . . . .	310
14.1.3	Orthodontic Treatment . . . . .	310
<b>15</b>	<b>Bilateral Combination Forms . . . . .</b>	<b>311</b>
<b>16</b>	<b>Hemifacial Hyperplasia . . . . .</b>	<b>331</b>
<b>17</b>	<b>Mandibular Growth Anomalies in Acromegaly . . . . .</b>	<b>339</b>
<b>18</b>	<b>Histology of Condyles in Mandibular Growth Anomalies . . .</b>	<b>347</b>
18.1	General Considerations . . . . .	347
18.2	Normal Condyles in Different Age Groups . . . . .	347
18.3	Condyles in Mandibular Growth Anomalies . . . . .	350
18.3.1	Condylar Hypoactivity . . . . .	350
18.3.2	Condylar Hyperactivity . . . . .	351
18.3.3	Hemimandibular Hyperplasia . . . . .	351
18.3.4	Hemimandibular Elongation . . . . .	352
18.3.5	Hybrid Forms . . . . .	353
18.4	Summary . . . . .	353

<b>Part III Principal Surgical Procedures . . .</b>	<b>355</b>
<b>19 Principal Standard Operation Techniques and Instruments . . . . .</b>	<b>357</b>
<b>20 The Sagittal Splitting of the Mandible Procedure . . . . .</b>	<b>359</b>
20.1 Historical Background . . . . .	359
20.2 My First Two Cases of the Sagittal Splitting Procedure . . . . .	361
20.2.1 My First Attempt . . . . .	361
20.2.2 The Real-First Sagittal Splitting Procedure on the Ascending Ramus . . . . .	364
20.3 The First Sagittal Splitting Procedure Under General Anaesthesia . . . . .	367
20.4 Modifications and Further Development of the Procedure . . . . .	371
20.4.1 Dal Pont's Alteration of the Direction of the Lateral Cortex Cut . . . . .	371
20.4.2 The Incomplete Sagittal Splitting of the Ascending Ramus . . . . .	372
20.4.3 The Long Lateral Surface Splitting of the Horizontal Ramus . . . . .	373
20.4.4 The Sagittal Splitting Procedure for Elongation of the Mandible in Its Horizontal and Vertical Dimensions . . . . .	373
20.4.5 The Circular Splitting of the Mandible After J. A. Obwegeser . . . . .	375
20.4.6 The Transoral Angle Osteotomy . . . . .	375
20.5 My Technique for Many Years . . . . .	377
20.6 Principal Complications and How to Deal with Them and to Avoid Them . . . . .	381
20.7 Limits of the Sagittal Splitting Procedure . . . . .	384
<b>21 The Le Fort I-Type Mobilization Procedure . . . . .</b>	<b>385</b>
21.1 Terminology . . . . .	385
21.2 Historical Background . . . . .	385
21.3 Steps in the Development of the Le Fort I-Type Standard Operation Technique . . . . .	387
21.3.1 The All-Decisive Case . . . . .	389
21.3.2 The Final Step: Bone Grafts to the Osteotomy Defects . . . . .	391
21.3.3 Closing the Defect of a Missing Tooth . . . . .	393
21.3.4 Deep Frozen Bank Bone in Maxillary Advancement . . . . .	393
21.4 First Case of Simultaneous Advancement of the Maxilla and Repositioning of the Mandible . . . . .	394
21.5 Modifications and Further Progress . . . . .	396
21.5.1 Kufner's Extended Osteotomy of the Maxilla . . . . .	397

---

21.5.2	The Lower Two Thirds of the Facial Skeleton . . . . .	398
21.5.3	The Whole Facial Skeleton . . . . .	401
21.6	My Final Version of the Le Fort I-Type Mobilization . . . . .	404
21.6.1	Narrowing and Widening the Maxilla . . . . .	407
21.6.2	Mobilizing and Repositioning the Maxilla in Sections . . . . .	408
21.6.3	Advantages for the Nose . . . . .	410
21.6.4	Simultaneous Nasal Correction . . . . .	411
21.7	Principal Complications, How to Deal with Them and How to Avoid Them . . . . .	412
21.7.1	Influence on Speech Quality . . . . .	414
22	<b>The Transoral Chin Correction . . . . .</b>	417
22.1	Historical Background . . . . .	417
22.2	My Final Method . . . . .	418
22.3	Principal Complications, How to Deal with Them and How to Avoid Them . . . . .	421
22.3.1	Problems During Surgery . . . . .	421
22.3.2	Problems After Surgery . . . . .	422
22.4	Deep Frozen Bank Bone . . . . .	423
23	<b>Masseter Muscle Hypertrophy and Bony Surplus . . . . .</b>	425
23.1	Clinical Findings . . . . .	425
23.2	Historical Background . . . . .	425
23.3	My Technique Since 1953 . . . . .	426
23.4	Principal Complications, How to Deal with Them and How to Avoid Them . . . . .	431
23.4.1	Problems During Surgery . . . . .	431
23.4.2	Problems After Surgery . . . . .	431
24	<b>Tongue Reduction . . . . .</b>	433
24.1	Historical Background . . . . .	433
24.2	Definition and Classification of Macroglossia . . . . .	433
24.3	Surgical Problems . . . . .	433
24.4	Results . . . . .	435
24.5	As I Always Did It . . . . .	435
24.6	Complications . . . . .	435
24.7	Consequences . . . . .	436
25	<b>Instruments . . . . .</b>	437
25.1	Where to Obtain the Instruments in Checked Quality . . . . .	439
<b>References . . . . .</b>		441
<b>Subject Index . . . . .</b>		447
