

TABLE OF CONTENTS

FOREWORD	3
1 SUMMARY AND RECOMMENDATIONS	11
2 POLITICAL AND ECONOMIC OVERVIEW	15
3 THE ENERGY SECTOR	19
4 COAL SUPPLY	25
5 COAL DEMAND	33
6 REGULATION, STRUCTURE AND REFORM	43
7 TECHNOLOGY, PERFORMANCE AND INFRASTRUCTURE	55
8 ENVIRONMENTAL REGULATION	61
9 OUTLOOK	65
ANNEXES	
A Performance of the Indian Coal Companies	71
B Statistics	99
C International Energy Agency "Shared Goals"	111
D Glossary	113
E References	115

FIGURES

1 Map of India	10
2 Energy Indicators, 1999.....	17
3 Growth in Energy Supply, Population and GDP	20
4 Supply of Coal, Oil, Gas, Nuclear Energy and Hydro	20
5 Energy Imports, 1999.....	21
6 Production of Hard Coal and Lignite	25
7 Major Coalfields and Mining Centres.....	27
8 Coal Production and Consumption Centres by State and Sector, 1998.....	29
9 Coal Import Trends	30
10 Electricity Generation	35
11 Demand for Coke – Principal Purchasing Sectors.....	37
12 Coal Production of Various Companies, 1999-2000	45
13 Productivity – Output per Manshift	57

TABLES

1 Coal India Ltd – Summary Performance	47
2 Coal India Ltd – Summary of Influences on Performance	48

BHARAT COKING COAL LTD

A.1 Underground and Opencast Production by Method.....	71
A.2 Coal Washery Capacity	72
A.3 Coal Preparation Summary.....	73
A.4 Coking Coal Raw Production by Grade	73
A.5 Steam Coal Raw Production by Grade.....	74
A.6 Financial and Competitive Performance	75

CENTRAL COALFIELDS LTD

A.7 Underground and Opencast Production by Method.....	76
A.8 Coal Washery Capacity	77
A.9 Coal Preparation Summary.....	78
A.10 Coking Coal Raw Production by Grade	78
A.11 Steam Coal Raw Production by Grade	79
A.12 Financial and Competitive Performance	80

EASTERN COALFIELDS LTD

A.13 Underground and Opencast Production by Method.....	81
A.14 Coking Coal Raw Production by Grade	82
A.15 Steam Coal Raw Production by Grade.....	82
A.16 Financial and Competitive Performance	83

MAHANADI COALFIELDS LTD

A.17 Underground and Opencast Production by Method.....	84
A.18 Steam Coal Raw Production by Grade.....	85
A.19 Financial and Competitive Performance	86

NORTH-EASTERN COALFIELDS LTD

A.20 Underground and Opencast Production by Method.....	86
A.21 Steam Coal Raw Production by Grade	87

NORTHERN COALFIELDS LTD	
A.22	Underground and Opencast Production by Method 87
A.23	Steam Coal Raw Production by Grade..... 88
A.24	Financial and Competitive Performance..... 89
SOUTH-EASTERN COALFIELDS LTD	
A.25	Underground and Opencast Production by Method..... 90
A.26	Coking Coal Raw Production by Grade..... 91
A.27	Steam Coal Raw Production by Grade..... 91
A.28	Financial and Competitive Performance..... 92
WESTERN COALFIELDS LTD	
A.29	Underground and Opencast Production by Method..... 93
A.30	Coking Coal Raw Production by Grade..... 93
A.31	Coal Washery Capacity 94
A.32	Coal Preparation 94
A.33	Steam Coal Raw Production by Grade..... 95
A.34	Financial and Competitive Performance..... 96
SINGARENI COLLIERIES COMPANY LTD	
A.35	Underground and Opencast Production by Method..... 97
A.36	Steam Coal Raw Production by Grade..... 97
B.1	India's Comparative Performance in the World by Key Statistics..... 99
B.2	Economic and Energy Indicators 100
B.3	India's Primary Energy Supply, excluding Combustible Renewables and Waste..... 100
B.4	Energy Balance of India, 1999, including Combustible Renewables and Waste..... 101
B.5	Commercial Energy Profile 101
B.6	India's Electricity Generation and Capacity..... 102
B.7	Hard Coal Reserves in the States, to a depth of 1 200 metres 102
B.8	India's Hard Coal Reserves by States and Deposits..... 103
B.9	Coal Reserves by Type, 1 January 2001..... 103
B.10	Quality Grades of Steam Coal..... 103
B.11	Production of Coal and Lignite, India 104
B.12	Coal Production of Various States 105
B.13	Coal Production of Various Companies 105
B.14	Offtake of Coal from Coal India, Singareni Collieries Company Ltd, and others ... 106
B.15	Coal Movement by Transport Mode 106
B.16	Transported Coal Quantities by Distance 107
B.17	Coal Imports..... 107
B.18	Coal Imports and Exports..... 107
B.19	Productivity in Opencast and Underground Mining 108
B.20	Average Cost of Production of Coal India Ltd and Singareni Collieries Company Ltd 108
B.21	Average Pit-head Prices of Coal India Ltd and Singareni Collieries Company Ltd... 109

Note

The unit *tonnes of coal* measures physical quantities of coal produced, transported or traded. It does not reflect the wide variations in calorific values and qualities that also affect the value of coal. Indian coal is classified into seven quality grades, with ash contents varying from less than 13.5% to 50% and calorific values ranging from 6 200 to 1 300 kcal/kg.
