| <i>List of Illustrations</i> | xiii |
| <i>Preface</i> | xv |
| <i>Acknowledgments</i> | xvii |
| <i>Introduction, Paul A. Sabatier, Series Editor</i> | xix |
| | |
| 1 The Role of Infrastructure in Development | 1 |
| Postwar Development Initiatives, 2 | |
| Foreign Assistance Strategies, 3 | |
| The Role of Social Infrastructure, 6 | |
| An Institutional Approach to Explaining Development Outcomes, 8 | |
| The Importance of Physical Infrastructure, 10 | |
| What Do We Mean by Infrastructure Sustainability? 13 | |
| A Definition, 13 | |
| Evaluative Criteria, 16 | |
| An Overview of Our Approach, 18 | |
| Conclusion, 21 | |
| Notes, 22 | |
| | |
| 2 The Problem of Sustainable Infrastructure | 25 |
| Infrastructure Maintenance and Its Finance, 25 | |
| Phases of Infrastructure Development, 29 | |
| Design, 29 | |
| Finance, 32 | |
| Construction, 32 | |
| Operation and Maintenance, 33 | |
| Use, 33 | |
| Factors Influencing Maintenance Decisions of a Single Owner-User of Private Capital, 34 | |
| Conclusion, 40 | |
| Notes, 41 | |

| | | |
|--------------|--|----------------|
| 3 | Individuals, Incentives, and Transaction Costs | 43 |
| | Assumptions About the Individual, 44 | |
| | Problems of Contractual Uncertainty and Transaction Costs, 46 | |
| | Information Asymmetries as Sources of Contractual Uncertainty, 49 | |
| | Time and Place Information and Scientific Knowledge, 49 | |
| | Other Types of Information Asymmetries, 55 | |
| | Kinship Networks as Counteracting Institutions, 62 | |
| | Nepotism and Corruption, 65 | |
| | Conclusion, 68 | |
| | Notes, 71 | |
| 4 | Provision and Production of Rural Infrastructure | 73 |
| | Distinction Between Provision and Production, 74 | |
| | Attributes of Rural Infrastructure Primarily Affecting Provision, 76 | |
| | Nonexcludability and the Free-Rider Problem, 77 | |
| | Problems of Joint Use, 84 | |
| | Problems of Measurement, 90 | |
| | Problems of Rent Seeking, 96 | |
| | Attributes of Rural Infrastructure Primarily Affecting Production, 97 | |
| | Economies of Scale, 97 | |
| | Asset Specificity, 102 | |
| | Rate of Deterioration, 103 | |
| | Public-Private Industry Structure, 104 | |
| | Conclusion, 105 | |
| | Notes, 108 | |
| 5 | Evaluating Institutional Performance | 111 |
| | Overall Performance Criteria, 112 | |
| | Economic Efficiency, 112 | |
| | Equity, 113 | |
| | Accountability, 115 | |
| | Adaptability, 116 | |
| | Trade-offs Among Criteria, 116 | |

| | | |
|----------|---|------------|
| | Intermediate Performance Criteria, 118 | |
| | Costs of Provision, 119 | |
| | Costs of Production, 122 | |
| | Conclusion, 124 | |
| | Notes, 125 | |
| 6 | Analyzing Institutional Arrangements | 127 |
| | Institutional Arrangements for Private Infrastructure | |
| | Development, 128 | |
| | A Simple Market, 128 | |
| | A Differentiated Market for Infrastructure | |
| | Development, 129 | |
| | Comparative Evaluation, 131 | |
| | Institutional Arrangements for Public Infrastructure | |
| | Development, 134 | |
| | User Groups, 134 | |
| | Comparative Performance, 135 | |
| | Conclusion, 139 | |
| | Notes, 139 | |
| 7 | Centralized Institutional Arrangements | 141 |
| | Centralized Infrastructure Development, 142 | |
| | Anticipated Performance on the Production Side, 143 | |
| | Anticipated Performance on the Provision Side, 148 | |
| | Anticipated Overall Performance, 151 | |
| | The Problem of Truncated Analyses, 154 | |
| | The Role of Donor Agencies, 156 | |
| | Conclusion, 159 | |
| | Notes, 161 | |
| 8 | Decentralized Institutional Arrangements | 163 |
| | Decentralization Efforts, 164 | |
| | The Evolving Meaning of Decentralization, 165 | |
| | Multiple Dimensions of Decentralization, 166 | |
| | Does Administrative Decentralization Improve the | |
| | Performance of Centralized National | |
| | Governments? 168 | |
| | Conclusion, 175 | |
| | Notes, 175 | |

| | | |
|-----------|---|------------|
| 9 | Polycentric Institutional Arrangements | 177 |
| | The Concept of Polycentricity, 178 | |
| | Economic Rationale for Polycentricity, 181 | |
| | The Possibility of Polycentricity in Developing Countries, 184 | |
| | Sources of Polycentricity, 185 | |
| | Principles Versus Blueprints, 191 | |
| | Some Common Concerns About Polycentric Arrangements, 192 | |
| | Governance Issues, 193 | |
| | Finance Issues, 202 | |
| | Privatization as a Form of Decentralization, 206 | |
| | Public Concessions as a Buttress for Centralization, 207 | |
| | Monopolies Versus Competitive Markets, 208 | |
| | Privatization Is Not a Panacea, 208 | |
| | Conclusion, 209 | |
| | Notes, 210 | |
| 10 | Implications of an Institutional Approach to Sustainable Development | 213 |
| | The Proposed Analytical Approach, 215 | |
| | General Policy Implications of Our Approach, 218 | |
| | Immediate Policy Implications of Our Approach, 223 | |
| | Sustaining Small-scale Infrastructure, 224 | |
| | Sustaining Large-scale Infrastructure, 227 | |
| | Conclusion, 230 | |
| | Notes, 231 | |
| | <i>References</i> | 235 |
| | <i>About the Book and Authors</i> | 256 |
| | <i>Index</i> | 257 |

Illustrations

Tables

| | | |
|-----|---|-----|
| 5.1 | Criteria to Be Used in Judging the Comparative Performance of Alternative Institutional Arrangements | 124 |
| 6.1 | Comparative Performance of Institutional Arrangements Related to the Provision and Production of a Private Infrastructure | 133 |
| 6.2 | Comparative Performance of Institutional Arrangements Related to the Provision and Production of Small-scale Irrigation Systems | 137 |
| 7.1 | Performance of a Centralized National Government Bureau Related to the Construction and O&M of a Large-scale Irrigation System | 144 |
| 7.2 | A Truncated Analysis of Institutional Performance Related to the Design and Construction of Large-scale Infrastructure | 155 |

Figures

| | | |
|-----|--|-----|
| 5.1 | Components of Information Costs | 122 |
| 6.1 | A Simple Market for Infrastructure Development | 129 |
| 6.2 | A Differentiated Market for Infrastructure Development | 130 |
| 6.3 | User Group Organization for Infrastructure Development | 134 |
| 7.1 | A Centralized National Government for Infrastructure Development | 142 |
| 9.1 | A Polycentric Arrangement for Infrastructure Development | 179 |

Boxes

| | | |
|-----|---|-----|
| 1.1 | The Debt Burden of the Jamaica Feeder Roads Project | 5 |
| 1.2 | The Sustainability of World Bank Projects | 15 |
| 2.1 | The Recurrent Cost Problem | 27 |
| 2.2 | Recurrent Costs of Irrigation | 30 |
| 2.3 | Jamaica Rural Feeder Road Improvement Project | 35 |
| 3.1 | Hayek's Discussion of Time and Place Knowledge | 51 |
| 3.2 | An Experimental Irrigation System Rehabilitation Project in the Philippines | 56 |
| 3.3 | Using Primordial Ties to Reduce Transaction Costs | 64 |
| 3.4 | Banglung Suspended Bridges Project | 69 |
| 4.1 | The Importance of Being a Government (Rather Than a Voluntary Organization) | 79 |
| 4.2 | Self-Governing Philippine Irrigation Community | 87 |
| 4.3 | Ascertaining Willingness to Pay for Water | 91 |
| 4.4 | Malawi Village Water Supply Systems | 99 |
| 7.1 | The Mahaweli Development Program | 152 |
| 7.2 | The Capital-intensive Bias in Development Projects | 158 |
| 8.1 | The Bicol River Basin Development Program | 171 |
| 8.2 | The Provincial Development Assistance Program in the Philippines | 173 |
| 9.1 | Informal Judicial Authority in Peru | 186 |
| 9.2 | Chhattis Mauja: A Large-scale, Farmer-managed Irrigation System | 188 |
| 9.3 | Many Problems, Many Publics, but Not Enough Governments | 199 |
