Part 1 General Issues

1	Introduction	3
2	Dynamics of the Integration Process	9
3	Short History	33
4	Institutions	47

Part 2 Common Market

5	Goods	65
6	Services	87
7	Labour	101
8	Capital	119

Part 3 Sectors of Activity

9	Agriculture	147
10	Manufacturing	167
11	Energy	189
12	Services	205
13	Transport	219

Part 4 Conditions for Balanced Growth

14	Allocation, Internal Market and Competitiveness Policies	235
15	Stabilisation: Economic and Monetary Union	263
16	Redistribution: Cohesion Policies	287
17	External Relations	313

Part 5 Conclusions and Lessons

18	Evaluation	337
19	What Lessons for Regional Integration Schemes?	357
20	What Lessons from the EU for the Design of Global Integration?	375
<i>Bibliography</i>		391
<i>Index</i>		433

List of Figures

2.1	Distribution of competences between nation and union in several stages of integration	15
3.1	Gradual extension of the membership of the European Union	45
4.1	A schematic view of the legislation-making process	54
5.1	Trade and production effects of a customs union, countries A and B	68
5.2	Welfare effects of a (trade-diverting) customs union	69
5.3	Impact of accession on trade	75
5.4	Price convergence in the EU by country group, 1960–2003	83
6.1	Effect of heterogeneity of regulation of service markets on cost of the provider	90
7.1	Integration of factor markets, price convergence	114
8.1	FDI (€) inflows per capita in the NMS, 1990–2003	134
8.2	Integration of factor markets, price equalisation	135
8.3	Welfare effect of capital market integration through deregulation	137
8.4	Divergence of interest rates between groups of member countries, 1970–2005	141
9.1	Disequilibria in agricultural markets: hog cycle	149
9.2	EU market regulation system for major agricultural products (guaranteed prices)	156
9.3	The effect of quotas	159
9.4	Income support schemes (deficiency payments)	160
10.1	Economies of scale in production for individual countries A and B and for customs unions of A and B and of A, B and C	174
11.1	Import prices of energy: (crude oil)	191
14.1	Effects of tariffs and improved technical efficiency, account being taken of the customs union supply curve, country A	241
14.2	Advantages of improved (technical) efficiency	242
14.3	Number of international M&A in the EU, 1991–2001	246
15.1	Two views of cost and benefits of a monetary union	267
15.2	Inflation and currency depreciation or appreciation, 1973–1998	275
16.1	Policies for intra-Union balanced growth	289
16.2	Regional extremes in income per head by EU member country (GDP/P based on PPP 2000)	297
16.3	Regions qualifying for ERDF aid: (objective 1 convergence)	301
17.1	Dollar/euro exchange rate over time: (€/€)	328
18.1	Index of integration	343

List of Tables

2.1	Criteria for participation at different stages of integration	25
2.2	Key features of the various theoretical economic approaches distinguished	30
3.1	Some indicators of European economic development, 1810–70	35
3.2	Some indicators of European economic development, 1870–1910	38
3.3	Some indicators of European economic development, 1913–38	40
4.1	The main institutions of the EU	48
5.1	Trade effects of a customs union, countries A and B	69
5.2	Percentage share of goods imports and exports ^a in total GDP of member states (current prices), 1960–2004	74
5.3	Intra-EU trade (billion euro) by country, 2004	77
5.4	Geographical distribution (in percentages) by groups of countries, of extra-EU trade in goods, 1960–2004	78
5.5	Distribution of the EU's foreign trade by commodity group, in percentages, 1960–2000	79
6.1	Percentage share of service imports and exports in total GDP of member states (current prices), 1980–2003	96
6.2	Geographical distribution (percentages) by groups of countries, of extra-EU trade in services, 1980–2003	97
6.3	Extra-EU trade in services, by branch (billion euro), 1980–2003	98
7.1	Estimate of the number of foreign workers in the member states, 1960–73, and their relative importance in the labour market of the host country	107
7.2	Estimated total number of foreign workers (millions) in the EU, by country of origin and percentage share in total labour force, 1973–2000	109
7.3	Welfare effects of integrated production factor markets	116
8.1	Direct foreign investment flows of EU by major partner (billion current euro), 1969–2003	129
8.2	Geographical distribution (%) of direct investment between groups of member countries of the EU, 1980–2003	133
8.3	Foreign assets/liabilities and foreign portfolio investment, stocks (% of GDP) EU, 1982–2003	139
9.1	Percentage share of agriculture in total GDP and total employment of the EU, 1950–2003	153
9.2	Percentage share of selected product groups in the total production value of EU agriculture, 1974–2002	154
9.3	Development of the number and size of farms (agricultural establishments), EU, 1960–2003	155

9.4	Self-sufficiency ratio of the EU for selected agricultural products, 1960–2000 (index)	158
9.5	Expenditure (in billion euro) on the European Agricultural Guidance and Guarantee Fund, 1970–2005	163
10.1	Percentage share of manufacturing in total GDP and total employment, 1950–2003	170
10.2	Employment (millions) in manufacturing by branch (EU), 1950–2003	171
10.3	The twelve largest manufacturing firms based in the EU (private ownership, worldwide employment, thousands), 1970–2003	172
10.4	Trade and production effects of a customs union under conditions of economies of scale, countries A and B	174
10.5	Production and trade patterns of multinational, multi-product companies under different trade regimes	176
10.6	Number of steel plants, by size category (Mt/y), in EU, 1960–2005	178
10.7	Output (Mt/y) of the largest EU steel-producing firms, 1980–2003	181
10.8	Some characteristic data on the EU steel industry, 1950–2000	179
10.9	Production and consumption of, and external trade in, cars in the EU (millions), 1960–2002	183
10.10	Shares (%) of the three largest national producers in home market sales, 1960–2000	183
10.11	Production (in thousands), by car manufacturer in the EU, 1960–2002	184
11.1	Percentage shares of primary energy sources in total energy consumption (Mtoe), EU, 1930–2000	194
11.2	Percentage shares of energy sources in the consumption of European power stations (calculated on the basis of a conversion in oil equivalent), 1960–2000	195
11.3	Final domestic consumption of energy (including for non-energy purposes) in the EU, by consumer category (%), 1950–2000	197
11.4	Number of refineries by size class and total capacity of refineries (Mt/y), EU15, 1950–2003	198
11.5	Rank order of EU oil companies by worldwide sales (billion euro)	199
12.1	Percentage share of the service sectors in EU total employment, 1950–2003	208
12.3	Market structure in services	209
12.2	Service firms, largest by sub-sector, 2003	209
13.1	Characteristics of the inland transport system, EU, 1950–2002	225
13.2	Inland goods transport (in ton/km) by mode of transport (in percentages), EU, 1970–2002	227
13.3	Total passenger kilometres (billion) on scheduled services (international and domestic) of major international European airlines, 1960–2003	230
14.1	Major components of the EU competition regime	243
14.2	VAT rates in member countries of the EU, 1970–2004	252
14.3	Examples of excise taxes (euro) in EU member states, 2004	254
14.4	Corporate taxes: systems and basic rates, 1977–2004	257
15.1	Average annual inflation rate (GDP price change) by country and period (%), 1960–2004	276

15.2	Nominal convergence towards EMU criteria, 1985–2004	278
16.1	Forms of redistribution at different levels of integration	291
16.2	Development of GDP/P (EU = 100), for the EU member countries, 1950–2004	296
16.3	Structural funds, distribution of aid by objective, 1989–2006	302
16.4	Indicators of social disparity in the EU, 1980–2004	306
17.1	Percentage share of categories in total external payments of the EU; average of assets and liabilities on the current account, 1970–2003	315
17.2	The hierarchy of EU trade relations (2004)	320
17.3	Private and public functions of an international currency	329
18.1	Growth of market integration in the EU (goods, services, labour and capital) (%), 1960–2003	338
18.2	Price convergence for goods, services and production factors, 1975–2000	339
18.3	Growth of activity of those involved in EU operations, 1960–2005	340
18.4	Growth of production of the EU institutions, 1970–2000	341
18.5	Synoptic view of the development through time (1960–2000) of the degree of policy integration, by activity area	344
18.6	The process of deepening and widening of European integration	347
19.1	Objectives, membership and size of major regional integration agreements, 2005	362
19.2	Salient features of selected regional integration schemes	363
19.3	Optimum currency area indicators for major RIAs (2000)	370
20.1	Salient features of the global order	377
