

TABLE OF CONTENTS

Preface	v
List of Figures	xiii
I. Introduction	1
A. Statement of the Problem	1
B. Hölderlin's Transition from Written to Implied Poetics ...	12
C. A New Access to the Manuscripts	50
II. The Method of the Study	60
A. On Literary Methodology	60
B. The Terms and Concepts of Information Theory	71
C. One Non-Engineering Application of Information Theory — Music	92
D. Information Theory and Hölderlin	98
III. "Der Rhein"	126
A. The Text	126
B. The "Rhein-Stufe" and the Marginal Note	141
C. "Verfahrungsweise" as the Stochastic Process of Composition	157
IV. "Patmos"	199
A. The Text	199
B. Previous Comment on the Structure of the Poem's Meaning	212
C. Ergodic and Markoff Processes in "Patmos"	228
V. "Mnemosyne"	267
A. The Texts	267
B. Markoff Chains of Alternating Random and Entropic Character in "Mnemosyne"	284

VI. Poems Other Than Late Hymns	312
A. Before Homburg (1790–1798)	313
B. Homburg and After (1798–1803)	327
VII. The Hidden “Ars Poetica” in Hölderlin’s Late Hymns	349
A. Pseudo-Hölderlin: “Ars Poetica” by Principles — Text ..	352
B. Pseudo-Hölderlin: “Ars Poetica” by Principles — Commen- tary	361
C. Summary and Conclusions	412
Appendix A: Tables I–CXVIII	424
Appendix B: List of Abbreviations	617
Appendix C: Glossary of Special Terms	619
Bibliography	620
Index of Proper Names	650
Index of Subjects	665
Index of Hölderlin’s Works	681

LIST OF FIGURES

1. Schematization of the Decomposition of Choices Showing Logarithmic Increase to Four Binary Digits of Information, with Probabilities Equal	79
2. Elementary Stochastic Process	82
3. Elementary Ergodic Process, Showing Irregularities on More than One Structural Level	85
4. Elementary Markoff Process	86
5. Expanded Form Stochastic Concept Chart of Second Order, First Species	107
6. A Standard Form Equivalent of Fig. 5.....	108
7. Schemata for Every Possible Stochastic Concept Chart	110
8. Stochastic Concept Chart of Ninth Order, First Species, Showing Continuous Change (Term Entries Only)	111
9. Correlation of the Ten Concepts in Information Theory with Problems in Literary Study and in the Poetry of Hölderlin ...	125
10. Photographic Enlargement of MS Page, Showing Revisions for "Der Rhein", vss. 114-120 (Homburg H 6 ^b , top half)	129
11. Photographic Enlargement of MS Page, Showing Marginal Note to "Der Rhein" (Homburg H 6 ^a)	142
12. Revisions in Texts III-R as a Stochastic Process	159
13. Lattice of Ratios for Tables VII-XI	168
14. Lattice of Ratios for Tables XII-XVI	169
15. Lattice of Ratios (N) for Tables XVII-XXI	170
16. Lattice of Ratios for Tables XXII-XXV	173
17. Conjugate Scale: Ratios (Fig. 16) with Ten Concepts	174
18. Profile of Table XVII	176
19. Profile of Table XVIII	176
20. Profile of Table XIX	176
21. Profile of Table XX	176

22. Profile of Table XXI	176
23. Profile of Table XXII	176
24. Profile of Table XXIII	177
25. Profile of Table XXIV	177
26. Profile of Table XXV	177
27. Summary of Stanza Types in "Der Rhein"	184
28. Retrograde Equivalent of Fig. 27, Showing The (2+2+1) Gross Ratio	185
29. Inventory of Modifier Forms per Triad, Table XXXVI	193
30. Summary of Distances between Forms, Table XXXVI	194-195
31. Prediction Pattern for Gnomonic and Other Forms, Table XXXVI	196
32. Binary Prediction Pattern for Gnomonic and Non-Gnomonic Forms, Table XXXVI	196
33. Binary Prediction Pattern Showing Formal "Gesez"	196
34. Summary of "Gesez" by Distribution of Metrical Feature, Tables XL-XLV	197
35. Summary of Material "Gesez" by Totals per Triad, Tables XL-XLV	197
36. Photographic Enlargement of MS Page, Showing Revisions for "Patmos", vss. 117-120 (Homburg F 24, top)	201
37. Data for Left-Hand Diagonal, Table XLVIII	237
38. Summary of Enjambement Values, Tables L-LIV	241
39. Scale of Enjambement Values, Tables L-LIV	241
40. Summary of Value Predications, Tables L-LIV	242
41. A Revision Equivalent of Fig. 40	243
42. Pattern Summary for Particles, Table LVI, Segment 1	248
43. Pattern Summary for an Early Tübingen Hymn	249
44. Summary of Distances for Particles, Table LVI, Segments 2-3 .	251
45. Double Pattern Summary for Particles, Table LVI, Segment 4 .	255
46. Pattern of Extreme Supports for all Segments, Table LVI	257
47. A Referential Equivalent of Fig. 46	257
48. Summary of Features, Table LVI, Segment 2	257
49. Summary of Features, Table LVI, Segment 8	258
50. Comparative Measurement for Constructs "c" and "d" Tables LXIX-LXXII	289
51. Joint Description of Concept Values, Tables LXIX-LXXII	291
52. Profile of Table LXIX	293
53. Profile of Table LXXI	293
54. Profile of Table LXX	293
55. Profile of Table LXXII	293

56. Summary of Stanza and Line Group Relationships for "Mnemosyne", Fourth Version	295
57. Sentence-Clause Group Summary, "Mnemosyne", Fourth Version	296
58. Summary of Transitions for "Mnemosyne", Fourth Version ...	304
59. Comparative Scheme for the Three Versions of "Diotima" ..	320-321
60. The Tones of "Diotima, Mittlere Fassung" Derived from the Tones of "Diotima, Jüngere Fassung"	327
61. Composite Test of Phonemic Values for "Der Abschied"	331
62. Numerical Values and Predications for Composite Test	331
63. Positional Summary of Four Tested Correlations, C_1 - C_2	339
64. Time in "Der blinde Sänger" and "Chiron"	339
