20	Illness among Women in Prison and Compassionate Release	319
	CYNTHIA CHANDLER, JUDY GREENSPAN, AND JENNIFER ROTMAN	
	<i>Afterword</i>	335
	<i>Notes on Contributors</i>	337
	<i>Index</i>	343

LIST OF TABLES

1.1. Prisoners in state or federal facilities, by gender, 1990, 2000, 2001	5
1.2. Number of female inmates in state or federal prisons and local jails per 100,000 residents, by race, Hispanic origin, and age, 2002	6
1.3. Prevalence (per 100,000) of imprisonment in women, by age and lifetime prevalence	7
1.4. History of physical and/or sexual abuse in women prisoners	7
1.5. Drug use in state and federal prisoners, 1997	8
2.1. Percentage of women under criminal justice system by race	21
4.1. Lifetime prevalence of specific psychiatric disorders among women entering jail	56
4.2. Percent of inmates who reported a physical impairment or mental condition	57
4.3. National Commission on Correctional Health Care Position Statement on Correctional Health Care and the Prevention of Violence	62
9.1. Mean age of sexual initiation by age categories	149
9.2. Condom/latex barrier use by gender	150
9.3. Initiation of marijuana use by ethnicity	152
9.4. Self-reported frequency of other drug use by adolescent detainees	153
12.1. False positive and negative reaction	203
13.1. Estimated average prevalence of hepatitis C virus (HCV) infection in the United States by various characteristics and estimated prevalence of persons with these characteristics in the population	224
14.1. Highest HIV prevalence rates among women prisoners, year-end 2000	238
14.2. Proportion of female state prisoners, by offense category, 1979–1997 (%)	240
15.1. Reasons for missed medications in incarcerated women (N=14)	255
16.1. Hypertension classification for 18 and older	266
16.2. Classification of blood pressure for adults (JNC-VII)	266
16.3. Lifestyle modification recommendations	272

LIST OF FIGURES

2.1. Number of women in prison	20
2.2. Number of women in prison by race	20
13.1. Progression of hepatitis C infection	226
13.2. CDC recommendations for the screening and diagnosis of hepatitis C in correctional facilities	229
19.1. Three key elements of successful correctional discharge planning programs	315
19.2. Establishing successful discharge planning programs	316
