<i>Contributors</i>	<i>vii</i>
<i>Preface</i>	<i>ix</i>
<i>Abbreviations Used</i>	<i>xi</i>
 <i>Getting the basics right</i>	
1 Overview of indications for non-invasive respiratory support <i>A K Simonds</i>	1
2 Equipment for non-invasive ventilation: Ventilators, interfaces and accessories <i>A K Simonds</i>	9
3 Setting up a non-invasive ventilation service <i>A K Simonds</i>	31
 <i>Acute indications for NIV</i>	
4 Non-invasive ventilation in acute exacerbations of chronic obstructive pulmonary disease <i>M W Elliott</i>	39
5 Continuous positive airway pressure and non-invasive ventilation in acute hypoxaemic respiratory failure <i>A K Simonds</i>	57
6 Acute non-invasive ventilation in neuromuscular disease, chest wall disorders and cystic fibrosis and bronchiectasis <i>A K Simonds</i>	73
7 Starting non-invasive ventilation: Practical aspects <i>A K Simonds</i>	81
8 Cough assistance and physiotherapy aspects of the patient requiring non-invasive positive pressure ventilation <i>M Chatwin</i>	99
9 Problem-solving in acute non-invasive ventilation <i>S Heather, M Chatwin and A K Simonds</i>	113
 <i>Intensive care, emergency department and perioperative indications for NIV</i>	
10 Non-invasive ventilation and post-extubation respiratory failure <i>S Nava and A Carlucci</i>	123
11 Weaning using non-invasive ventilation <i>B Schönhofer</i>	133

12	Non-invasive ventilation in the emergency department, for transferring patients and during intercurrent procedures <i>A K Simonds</i>	143
<i>Selection of patients and outcome of long term non-invasive ventilation</i>		
13	Assessment and selection of patients for home ventilation <i>A K Simonds</i>	155
14	Home non-invasive ventilation in restrictive disorders and stable neuromuscular disease <i>A K Simonds</i>	175
15	Home ventilation in progressive disorders, quadriplegia and palliative non-invasive ventilation <i>A K Simonds</i>	193
16	Non-invasive ventilation in chronic obstructive pulmonary disease <i>M W Elliott</i>	209
17	Home ventilation in cystic fibrosis, bronchiectasis and diffuse interstitial lung disease <i>A K Simonds</i>	221
<i>Discharge planning and problem-solving in long term non-invasive ventilation</i>		
18	Discharging the ventilator-dependent patient and the home ventilatory care network <i>A K Simonds</i>	229
19	Problem-solving and transitions in long-term non-invasive ventilation <i>A K Simonds</i>	249
<i>Acute and chronic non-invasive ventilation in children</i>		
20	Non-invasive ventilation in acute respiratory failure in children <i>O Norregaard</i>	257
21	Home ventilation in children <i>B Fauroux</i>	275
<i>Continuous positive airway pressure therapy in adults and children</i>		
22	Continuous positive airway pressure therapy for sleep disordered breathing in adults <i>A K Simonds</i>	291
23	Continuous positive airway pressure for sleep disordered breathing in children <i>A K Simonds</i>	323
<i>Organisational, ethical and medico-legal aspects of long term ventilation</i>		
24	Organization of home mechanical ventilation in Europe <i>S J Lloyd-Owen</i>	333
25	Ethical and medico-legal aspects of assisted ventilation <i>M A Branthwaite and J-P Garside</i>	345
<i>Appendix One: Suppliers of ventilatory equipment</i>		355
<i>Appendix Two: Useful contact addresses and websites</i>		357
<i>Index</i>		359
