

# Contents

<b>Foreword</b> . . . . .	7
<b>Acknowledgements</b> . . . . .	11
<b>Introduction</b> . . . . .	13
1. The problem and its background . . . . .	13
2. The specific object of investigation . . . . .	17
Chapter I	
<b>Towards a theory of coordination: Some basic assumptions</b> . . . . .	19
1. Raw material and definition of coordination . . . . .	19
2. Characteristics of coordination . . . . .	23
2.1. Preliminary considerations . . . . .	23
2.2. Sentence vs. utterance, grammar vs. communication . . . . .	24
2.3. Coordination as integration . . . . .	27
2.4. Basic assumptions . . . . .	37
2.5. Heuristic and method of enquiry . . . . .	38
3. Aspects of conjoining . . . . .	40
3.1. Homogeneity of conjuncts . . . . .	40
3.2. Parallelization effect of coordination . . . . .	51
3.3. Further surface effects of coordination . . . . .	63
3.4. The role of connectors in conjoining . . . . .	66
3.5. Common Integrator (CI) of the conjunct-meanings . . . . .	69
3.6. Syndesis vs. asyndesis. Symmetry vs. asymmetry . . . . .	79
3.7. „Sentential conjunction“ vs. „Phrasal conjunction“ . . . . .	85
4. Where are the limits to the scope of a linguistic description of the semantics of coordination? . . . . .	93
5. The structure of the proposed theory of the semantics of coordination . . . . .	95
Chapter II	
<b>Relations between conjunct-meanings</b> . . . . .	98
1. Distinctness of conjunct-meanings . . . . .	98
2. Semantic inclusion of conjunct-meanings . . . . .	113
3. Incompatibility between conjunct-meanings . . . . .	117
Chapter III	
<b>Outline of the semantics of coordinate conjoining</b> . . . . .	124
0. Introduction . . . . .	124
1. Logical characterization of coordinate conjoinings . . . . .	125
1.1. Inventory of examples . . . . .	125
1.2. Logical characterization of semantic relations between conjunct-sentences . . . . .	130
1.3. Logical characterization of the connector-meanings . . . . .	132
1.4. Logical characterization of coordinate conjoinings . . . . .	134
2. Linguistic interpretation of the logical characterization of coordinate conjoinings . . . . .	137
2.1. Logical and linguistic properties of conjoinings . . . . .	137
2.2. Contextual conditions for connectors . . . . .	140
2.3. Components of connector-meanings . . . . .	143

2.4. Contradiction vs. incomprehensibility . . . . .	144
2.5. Tautology vs. redundancy . . . . .	147
2.6. Contingent conjoinings . . . . .	148
2.7. Summary . . . . .	152
2.8. Aspects of connector universals . . . . .	156
3. Some properties of the connectors <b>but</b> and <b>for</b> . . . . .	169
3.1. <b>but</b> . . . . .	169
3.2. <b>for</b> . . . . .	175
4. Survey of connector-meanings . . . . .	178
4.0. Preliminaries . . . . .	178
4.1. Notation . . . . .	179
4.2. Connector-meanings . . . . .	180
4.3. Interrelations of connector-meanings: a case study on DE MORGAN's laws . . . . .	183
<b>Chapter IV</b>	
<b>Coordinate structures with modal verbs</b> . . . . .	191
0. Introduction . . . . .	191
1. The raw material . . . . .	191
1.1. German modal verbs . . . . .	192
1.2. The representation of the conjuncts . . . . .	193
1.3. Meaning postulates . . . . .	195
1.4. Interpretation of the modal predicates . . . . .	199
1.5. Semantic networks . . . . .	202
2. Coordinate conjoinings with modal verbs . . . . .	204
2.1. Notation . . . . .	204
2.2. Conjoinings with <b>und</b> [ <b>and</b> ] . . . . .	206
2.3. Common Integrator in conjoinings with modal verbs . . . . .	218
2.4. Conjoinings with <b>aber</b> [ <b>but</b> ] . . . . .	232
2.5. Conjoinings with <b>denn</b> [ <b>for</b> ] . . . . .	235
2.6. Conjoinings with <b>oder</b> [ <b>or</b> ] . . . . .	236
2.7. Conjoinings with <b>entweder — oder</b> [ <b>either — or</b> ] . . . . .	236
2.8. Conjoinings with <b>nicht — sondern</b> [ <b>not — but</b> ] . . . . .	238
2.9. <b>nicht — sondern</b> vs. <b>nicht — aber</b> : 'correction' vs. 'contrast' . . . . .	251
<b>Chapter V</b>	
<b>Discussing and extending the notion 'Common Integrator'</b> . . . . .	263
1. 'Common Integrator' in comparison to related concepts . . . . .	263
1.1. 'Common Denominator' in WIERZBICKA (1972) and (1980) . . . . .	263
1.2. 'General Formula' and 'General proposition' in McCAWLEY (1973) and (1981) . . . . .	266
1.3. 'Common Topic' in R. LAKOFF (1971) . . . . .	268
2. Common Integrator in word formation . . . . .	270
2.1. Coordinate compounds in German . . . . .	270
2.2. Coordinate compounds in Chinese . . . . .	271
3. Common Integrator in other connections . . . . .	274
<b>Chapter VI</b>	
<b>Some applications</b> . . . . .	276
1. Exemplification as a stylistic device . . . . .	276
2. Reconstruction of ideological background . . . . .	279
3. Demagoggy . . . . .	282
4. Jewish joke . . . . .	286
<b>Bibliography</b> . . . . .	289
<b>Subject Index</b> . . . . .	297
<b>Name Index</b> . . . . .	299
