Part 1 International Taxation Theory	1
1 The Evolution of International Taxation	3
<i>Colin Read</i>	
1.1 Introduction	5
2 Summary, Description, and Extensions of the Capital Income Effective Tax Rate Literature	11
<i>Fernando M.M. Ruiz and Marcel Gérard</i>	
2.1 Introduction	13
2.2 Forward-looking ETRs	14
2.2.1 The cost of capital	14
2.2.2 Marginal ETR	17
2.2.3 A simple extension to the marginal effective tax	20
2.2.4 Average ETR	22
2.2.5 An extension to the EATR with uncertainty and the entrance of rival firms	24
2.3 Backward-looking ETRs	28
2.3.1 Average ETR	28
2.3.2 Marginal ETR	30
2.4 The cost of production approach	31
2.4.1 Marginal ETRC	31
2.4.2 Average ETRC	34
2.5 Conclusion: Advantages and disadvantages of using various ETRs	35
Acknowledgments	36

Appendix B	40

3 Empirical Models of International Capital-tax Competition	43
<i>Robert J. Franzese Jr and Jude C. Hays</i>	
3.1 Introduction	45
3.2 Globalization, tax competition, and convergence	46
3.3 A stylized theoretical model of capital-tax competition	50
3.4 Econometric issues in estimating C&IPE empirical models from spatially interdependent data	53
3.5 Spatial-lag empirical models of capital-tax competition	60
3.6 Conclusion	67
Acknowledgments	68
Notes	68
References	70
4 Labor Mobility and Income Tax Competition	73
<i>Gwenaël Piasser</i>	
4.1 Introduction	75
4.2 Model	77
4.2.1 Workers	77
4.2.2 Governments	78
4.3 Autarky	79
4.4 Rawlsian governments	80
4.5 Quasi-utilitarian criterion	86
4.6 Conclusion	88
Acknowledgments	89
Notes	89
References	89
Appendix A: Proof of Proposition 1	90
Appendix B: Proof of Proposition 2	90
Appendix C: Proof of Corollaries 1 and 2	92
Appendix D: Proof of Proposition 3	92
Part 2 Optimal International Taxation in Practice – Innovations and the EU	95
5 Taxable Asset Sales in Securitization	97
<i>Paul U. Ali</i>	
5.1 Introduction	99
5.2 Cash securitizations	100

5.3	Bankruptcy remoteness of the securitization vehicle	101
5.4	True sale of the securitized assets	101
5.5	True sales and legal assignments	104
5.6	True sales and equitable assignments	106
5.7	Replenishment	107
5.8	Substitution	107
5.9	Conclusion	109
	References	110
6	Globalization, Multinationals, and Tax Base Allocation:	
	Advance Pricing Agreements as Shifts in International Taxation?	111
	<i>Markus Brem and Thomas Tucha</i>	
6.1	Introduction	113
6.2	Transfer pricing and APAs	114
6.2.1	Transfer pricing and MNCs	114
6.2.2	Identifying the tax base	116
6.2.3	The role of APAs in taxing multinationals	117
6.3	From bureaucracy to nonadversarial coordination	125
6.3.1	Public bureaucracies: Governance choice	125
6.3.2	Taxation: Unilateral asymmetric information	129
6.3.3	Taxing multinationals: Two-sided asymmetric information	130
6.3.4	APA as alternative mode for identifying and allocating the tax base	132
6.3.5	Factors explaining the use of APAs	133
6.4	Conclusion	140
	Acknowledgments	141
	Notes	142
	References	143
7	Documentation of Transfer Pricing: The Nature of	
	Arm's Length Analysis	147
	<i>Thomas Tucha and Markus Brem</i>	
7.1	Introduction	149
7.2	Company types	154
7.2.1	Companies with routine functions	154
7.2.2	Entrepreneur as strategy unit	154
7.2.3	Hybrid units	155

7.3	Between routine risk and high uncertainty	156
7.3.1	Traditional terminology	156
7.3.2	Distinction between risk and uncertainty	156
7.3.3	Intermediary results	158
7.4	Classification of companies	159
7.4.1	Function and risk analysis in the broader sense	160
7.4.2	Selection of the type of arm's length analysis	161
7.4.3	Functional type: Risk versus uncertainty	161
7.4.4	Functional density: Comparability versus uniqueness	163
7.5	Arm's length analysis	163
7.5.1	'Routine company' and third-party comparison	163
7.5.2	'Hybrids', budget planning, and budget-actual assessment	164
7.5.3	'Entrepreneur' and allocation of residuals	165
7.6	Conclusion	166
	Acknowledgments	167
	Notes	167
	References	168
8	Corporate Tax Competition and Coordination in the European Union: What Do We Know? Where Do We Stand?	171
	<i>Gaëtan Nicodème</i>	
8.1	Introduction	173
8.2	The European Union as a global power	173
8.3	The institutional design of and rationale for taxation	174
8.4	The evolution of tax receipts in the European Union	178
8.5	Corporate tax competition in the European Union: Theory and empirical evidence	179
8.5.1	Tax competition and the underprovision of public goods	179
8.5.2	What do theories of tax competition tell us?	181
8.5.3	How well does the European Union fit the theory?	182
8.5.4	Do European Member States compete on tax rates?	184
8.6	The corporate taxation debate in the European Union: The early proposals	187
8.7	The corporate taxation debate in the European Union: The 2001 Communication	188
8.7.1	Comprehensive and targeted solutions	189
8.7.2	Cross-border loss relief in the European Union	190

8.7.3	Transfer pricing and profit shifting in the European Union	192
8.7.4	How should the comprehensive solutions be implemented?	194
8.8	What are the gains from coordination?	196
8.9	Conclusion	198
	Acknowledgments	199
	Notes	200
	References	202
9	Corporate Taxation in Europe: Competitive Pressure and Cooperative Targets	209
	<i>Carlo Garbarino and Paolo M. Panteghini</i>	
9.1	Introduction	211
9.2	The push towards tax competition in the EU	212
9.3	Tax coordination ‘from the top’ in the EU	215
9.4	Tax coordination from the bottom: Evolution of EU corporate tax models	219
9.4.1	The first level: Basic tax problems	220
9.4.2	The second level: The emergence of tax models	220
9.4.3	The third level: From tax models to domestic tax mechanisms	223
9.5	Tax coordination from the bottom: Convergence and circulation of tax models	224
9.6	Coordination from the top and from the bottom: A feasible meeting point	232
9.7	Conclusion	233
	Acknowledgments	234
	Notes	234
	References	236
10	The Economics of Taxing Cross-border Savings Income: An Application to the EU Savings Tax	239
	<i>Jenny E. Ligthart</i>	
10.1	Introduction	241
10.2	General principles of information sharing	243
10.2.1	The fundamental need for information	243
10.2.2	Basic principles of information sharing	244

10.3	The theoretical literature	245
10.3.1	Reasons for information sharing	245
10.3.2	Outside tax havens	248
10.3.3	Alternative instruments	249
10.4	The EU savings tax	251
10.4.1	Brief historical background	251
10.4.2	General principles	253
10.4.3	Effectiveness of the EU savings tax	257
10.5	Conclusion	261
	Notes	262

11	Tax Misery and Tax Happiness: A Comparative Study of Selected Asian Countries	267
	<i>Robert W. McGee</i>	
11.1	Introduction	269
11.2	Tax misery	270
11.3	Tax reform	274
11.4	Happiness Index	274
11.5	Country analysis	280
11.6	Index of Economic Freedom	282
11.7	Conclusion	287
	References	287
	Part 3 Global Challenges and Global Innovations	289
12	The Ethics of Tax Evasion: Lessons for Transitional Economies	291
	<i>Irina Nasadyuk and Robert W. McGee</i>	
12.1	Introduction	293
12.2	Review of the literature	293
12.3	Methodology	297
12.4	Findings	298
12.5	Conclusion	305
	Acknowledgments	306
	References	306

13 Money Laundering: Every Financial Transaction Leaves a Paper Trail	311
<i>Greg N. Gregoriou, Gino Vita, and Paul U. Ali</i>	
13.1 Introduction	313
13.2 The authorities are on the lookout	315
13.3 Directions	316
13.4 Techniques	317
13.5 Eyes wide open	319
13.6 Tightly closed eyes	320
13.7 The 'John Doe' method	320
13.8 Conclusion: Big Brother is watching	321
References	322
 14 Tax Effects in the Valuation of Multinational Corporations: The Brazilian Experience	 323
<i>César Augusto Tibúrcio Silva, Jorge Katsumi Niyama, José Antônio de França, and Leonardo Vieira</i>	
14.1 Introduction	325
14.2 Discounted cash flow	327
14.3 <i>Juros sobre capital próprio</i>	329
14.4 Tax benefits for rural activities (agribusiness)	332
14.5 Tax credits from commodities imports and royalty payments	334
14.6 Conclusion	336
Notes	336
