<b>Pattern Recognition by B Cells: The Role of Antigen Repetitiveness Versus Toll-Like Receptors .....</b>	<b>1</b>
H. J. Hinton, A. Jegerlehner, and M. F. Bachmann	
<b>The Multifunctional Role of Antibodies in the Protective Response to Bacterial T Cell-Independent Antigens .....</b>	<b>17</b>
J. J. Mond and J. F. Kokai-Kun	
<b>B Cell Lineage Contributions to Antiviral Host Responses .....</b>	<b>41</b>
N. Baumgarth, Y. S. Choi, K. Rothaeusler, Y. Yang, and L. A. Herzenberg	
<b>The Important and Diverse Roles of Antibodies in the Host Response to <i>Borrelia</i> Infections .....</b>	<b>63</b>
T. J. LaRocca and J. L. Benach	
<b>A Distinct Role for B1b Lymphocytes in T Cell-Independent Immunity .....</b>	<b>105</b>
K. R. Alugupalli	
<b>Secretory Immunity Following Mutans Streptococcal Infection or Immunization .....</b>	<b>131</b>
D. J. Smith and R. O. Mattos-Graner	
<b>Index .....</b>	<b>157</b>
