Chapter 1	Surface Water–Ground Water Interactions and Modeling Applications.....	1
------------------	---	----------

prepared by Miguel A. Medina, Jr.

*with contributions by Robert L. Doneker, Nancy R. Grosso, D. Michael Johns,
Wu-Seng Lung, Farrukh Mohsen, Aaron I. Packman, Philip J. Roberts*

Chapter 2	The Role of Modeling in Managing Contaminated Sediments.....	61
------------------	---	-----------

prepared by Danny D. Reible

*with contributions by Sam Bentley, Mimi B. Dannel, Joseph V. DePinto,
James A. Dyer, Kevin J. Farley, Marcelo H. Garcia, David Glaser, John M. Hamrick,
Richard H. Jensen, Wilbert J. Lick, Robert A. Pastorok, Richard F. Schwer,
C. Kirk Ziegler*

Chapter 3	Optimization and Modeling for Remediation and Monitoring.....	107
------------------	--	------------

prepared by George F. Pinder

*with contributions by David E. Dougherty, Robert M. Greenwald,
George P. Karatzas, Peter K. Kitanidis, Hugo A. Loaiciga, Reed M. Maxwell,
Alexander S. Mayer, Dennis B. McLaughlin, Richard C. Peralta, Donna M. Rizzo,
Brian J. Wagner, Kathleen M. Yager, William W.-G. Yeh*

Chapter 4	Modeling Fate and Transport of Chlorinated Organic Compounds in the Subsurface	179
------------------	---	------------

prepared by Brent E. Sleep

*with contributions by Neal D. Durant, Charles R. Faust, Joseph G. Guarnaccia,
Mark R. Harkness, Jack C. Parker, Lily Sehayek*

Appendix A: Workshop Panels.....	259
---	------------

Index	263
