Language Processing in Social Context. An Interdisciplinary Account

Rainer Dietrich and Carl F. Graumann	1
1 A Truism	1
2 The Reasons for the Underestimation of Context	2
2.1 The Underestimation of Context in Structural Linguistics	2
2.2 Universal Grammar Instead of Communicative Functions	3
2.3 Context Phenomena in Philological Studies of Grammar .	4
2.4 Context in the Psychology of Language	6
3 Recent Developments, Current Issues, and the Present Volume .	7

Grammatical Construction Theory and the Familiar Dichotomies

Charles J. Fillmore	17
1 Introduction	17
2 A Sample of Construction Types	20
2.1 Figurative vs. Literal Interpretation	22
2.2 The More the Merrier	24
2.3 Topic and Focus in Colloquial French	25
2.4 There Constructions	26
2.5 Let Alone	27
2.6 Bare Noun Binomials	28
2.7 Negotiating Conditionals	30
3 Some Consequences	31
3.1 Competence and Performance	31
3.2 Social and Individual	33
3.3 Lexicon and Grammar	34
3.4 Syntax and Semantics	34
3.5 Grammar and Pragmatics	35
3.6 Meaning and Understanding	35
3.7 Diachrony and Synchrony	36
4 Conclusion	36

Referential Movement in Descriptive and Narrative Discourse		
Christiane von Stutterheim and Wolfgang Klein		39
1	Introduction	39
2	"Quaestio" and Constraints on Text Structure	42
2.1	Topic and Focus	42
2.2	Domains of Reference within an Utterance	44
2.3	Referential Movement	47
3	Main Structure Constraints in Narrative and Descriptive Texts	48
3.1	Absolute Constraints	49
3.2	Relative Constraints	53
4	Analysis of Selected Phenomena	54
4.1	Description of Data	54
4.2	Data Analysis	55
5	Final Remark	67
A	Appendix	68
A.1	Text CI—Nine Year Old Child	68
A.2	Text AI—Adult	70

The Theoretical Description of Speaker-Hearer Hypotheses

Klaus Mudersbach		77
1	Introduction	77
2	Three Research Programs	79
3	The Model for an Individual Speaker	80
4	Application to Belief-Utterances	81
5	Ascription of Knowing to a Person Or: When do <i>You</i> Think that Someone Knows Something?	84
6	The Dilemma for the First Person	86
7	Role-Taking in a Community	89
8	Solipsism	90
9	Conclusion	92

Perspective Setting and Taking in Verbal Interaction

Carl F. Graumann		95
1	Divergent Viewpoints on Perspective: An Introductory Remark	95
2	Perspective and Horizon: The Individual and the Social Approach in Phenomenology and Sociology	96
2.1	The Egological Approach	96
2.2	The Interactionist Approach	98
3	Perspective in Experimental Social Psychology	101
3.1	Perspective in Social Judgment	101
3.2	Perspective in Attribution	103
4	Perspective in the Study of Language	106

4.1	Viewpoints in Stories	106
4.2	Deictic Perspective	109
4.3	Perspective-Setting by Sequencing	111
5	Perspective in Communication	113

Collaborating on Contributions to Conversations

Herbert H. Clark and Edward F. Schaefer		123
1	Introduction	123
2	Contributions to Conversation	124
2.1	Overview of contributions	125
2.2	Basic Structure of Contributions	126
3	The Corpus	129
4	Number Contributions	130
4.1	Presentation Phase	131
4.2	Acceptance Phase	132
4.3	Dealing with Failures of Understanding	136
5	Town, Name, and Address Contributions	137
5.1	The Presentation Phase	137
5.2	The Acceptance Phase	138
5.3	Dealing with Failures of Understanding	140
6	Hierarchies of Contributions	141
6.1	Complex Presentations	142
6.2	Hierarchical Acceptances	144
7	General Discussion	146
7.1	Structure in Contributions	146
7.2	Contributions in General	149

Inference in Language Understanding: What, When, Why and How

Alan Garnham		153
1	Inference in Language Understanding: What, When, Why and How	153
2	What Inferences do we Make?	154
3	When do we Make Inferences?	157
4	Why do we Make Inferences?	164
5	How do we Make Inferences?	166
6	Conclusions	168

Requests in Different Contexts

Theo Herrmann and Peter Winterhoff-Spurk		173
1	Introductory Remarks	173
2	A Model of Speech Production	174
3	The Production of a Request	177

The Representation of Knowledge and the use of Knowledge in Discourse Comprehension

Walter Kintsch

185

1	Introduction	185
2	Approaches to the Representation Problem	186
2.1	Associationism	186
2.2	Control Structures	188
2.3	Semantic Nets	188
2.4	Frames, Scripts and Schemata	190
2.5	Production Systems	193
2.6	Associative Nets	194
2.7	Issues	195
3	Some Experimental Results	197
3.1	Priming Effects in Lexical Decision Experiments	197
3.2	The Time Course of Word Identification	198
4	Knowledge use in Word Identification	199
4.1	The Knowledge Net	200
4.2	The Process	200
4.3	Examples: The Literal Meaning Hypothesis	201
4.4	Calculations	202

The Three Phases (Faces?) of Second-Language Research

Barry McLaughlin

211

1	The Linguistic Approach	211
1.1	The Morpheme Studies	212
1.2	Error Analysis	213
1.3	The Critique	213
1.4	Interlanguage Theory	214
1.5	The Contribution of Universal Grammar Theory	216
2	The Social Psychological Approach	217
2.1	Schumann's Social and Psychological Distance Hypothesis	217
2.2	Andersen's Nativization Model	219
2.3	The Heidelberg Project	220
2.4	The ZISA Project	221
3	The Cognitive Approach	222
3.1	The Routinization of Skills: Automaticity	222
3.2	Restructuring	223
3.3	Research on Automaticity and Restructuring in Second-Language Learning	224
4	Conclusion	226

Communicating With Few Words. An Empirical Account of the Second Language Speaker's Lexicon

Rainer Dietrich	233
1	Expositio 233
2	Prerequisites for the Study of the Second Language Learner's Lexicon 235
3	The ESF-project "Second Language Acquisition of Adult Immigrants" 236
4	Aims, Data, and Method of the Analysis 237
	4.1 Aims 237
	4.2 Description of the Data 239
	4.3 Method of Analysis 248
5	Lexical Profiles and Developmental Processes 253
	5.1 Morphological Information 253
	5.2 Categorical Information 255
	5.3 Positional Information 262
	5.4 Semantic Information 263
	5.5 Constructiveness of the Lexical Repertoire 269
6	Summary 271
	6.1 Frequency of Input 272
	6.2 Structural Properties 272

Language Learning in Social Context. The View from Research in Second Language Learning

Lily Wong Fillmore	277
1	Introduction 277
2	A Model of Second Language Learning 280
	2.1 Components of the Model 280
	2.2 Processes in the Model 280
3	Variation in Learners, Speakers and Settings 287
	3.1 Variation in Learners 287
	3.2 Variation in Target Language Speakers 291
	3.3 Variation in Settings 292
4	Language Learning in Social Context 295
5	A Return to the Model 297
6	Conclusion 298
