

# Contents

Chapter 1 A Framework for Modelling Behaviour .....	1
1.1 Preliminary Remarks .....	1
1.1.1 On Language Behaviour .....	1
1.1.2 On the Study of Complex Behaviour .....	3
1.2 The Nature of Scientific Activity .....	7
1.2.1 What Scientific Theories Are About .....	7
1.2.2 Role of Agents in Performing Experiments .....	11
1.3 Explanations in the Physical and the Behavioural Sciences .....	14
1.3.1 Explanations in the Physical Sciences .....	14
1.3.2 Explanations in the Behavioural Sciences .....	15
1.4 The Need for a New Experimental Framework .....	17
1.4.1 Simulation as a Methodology for Behaviour Modelling .....	17
1.4.2 Psychologists' Study of Behaviour .....	19
1.4.3 Controlling and Shaping Behaviour .....	21
1.4.4 Computer Simulation Studies .....	24
1.4.5 Concluding Remarks .....	25
Chapter 2 The Mediating Role of Language Behaviour .....	27
2.1 Human and Animal Communication Systems .....	27
2.1.1 Human Communication System .....	27
2.1.2 Animal Communication Systems .....	30
2.1.3 Language Behaviour: Biological Basis .....	31
2.1.4 Language Behaviour: Characterizing Features .....	32
2.2 Organism as a Behavioural System .....	34
2.2.1 Child as a Behavioural System .....	34
2.2.2 Organism as an Agent .....	35
2.2.3 Organism as a Behavioural System .....	38
2.2.4 Additional Comments .....	40

2.3 Language Behaviour as a Second-Signalling System .....	42
2.3.1 Preliminary Remarks .....	42
2.3.2 Situational Aspects of the World .....	44
2.3.3 Describing, Manipulating, and Exploring .....	47
2.3.4 Language Behaviour as a Second-Signalling System .....	49
2.3.5 Language Behaviour and Artificial Worlds .....	53
 Chapter 3 Teaching Language Behaviour to Chimpanzees .....	56
3.1 Principal Objectives of the Review .....	56
3.2 The Washoe Project .....	57
3.2.1 Project Set-Up .....	57
3.2.2 Training Methods and Results .....	59
3.2.3 Comments on Washoe's Performance .....	61
3.3 The Sarah Project .....	64
3.3.1 Project Background .....	64
3.3.2 The Nature of the Language and the World .....	65
3.3.3 Training and Testing .....	66
3.3.4 Some General Comments .....	67
3.4 The Lana Project .....	70
3.4.1 The World and the Nature of the Interaction .....	70
3.4.2 The Yerkish Language .....	71
3.4.3 Training Methodology and Performance .....	72
3.4.4 Object Naming and Colour Naming Experiments .....	73
3.4.5 Conversational Language Behaviour .....	75
3.4.6 Some General Comments on the Lana Project .....	76
3.5 General Comments on the Chimpanzee Language Learning Experiments .....	77
3.5.1 Limitations of the Experiments .....	77
3.5.2 The Case of Helen Keller .....	79
3.5.3 Language Behaviour and Affect .....	81
 Chapter 4 Language Behaviour Schemata and Tokens in English .....	83
4.1 Language and Behavioural Pragmatics .....	83
4.1.1 Scope of the Analysis .....	83
4.1.2 Language Schemata and Proforms .....	85
4.1.3 Pragmatics of Language Behaviour .....	87
4.2 Schemata for Descriptions .....	91
4.2.1 Naive Phenomenology .....	91

4.2.2 Specification of Time Relationships .....	93
4.2.3 Question Tokens (q-Tokens) .....	97
4.2.4 Specification of Actions .....	98
4.2.5 Specifications of Attributes and Their Values .....	101
4.2.6 Other Relationship Specifiers .....	102
4.2.7 Specification of Locations and Displacements .....	104
4.2.8 Agent/Object Specification .....	106
4.2.9 Propositional Speech .....	108
4.3 Schemata for Commands .....	110
4.4 Schemata for Controls .....	111
4.5 Concluding Comments .....	112
 Chapter 5 Implications of the Model for Child Language Acquisition ...	114
5.1 Scope of the Chapter .....	115
5.1.1 Aim of the Chapter .....	115
5.1.2 Outline of the Chapter .....	117
5.2 The Language Acquisition Phenomena .....	118
5.2.1 Aspects of Child Language Acquisition .....	118
5.2.2 Behavioural Implications of the Aspects .....	118
5.3 Developmental Stages in Language Acquisition .....	122
5.3.1 Statement of the Problem .....	122
5.3.2 The Very Early Stages of Language Acquisition .....	124
5.3.3 Complexity in Child Language Behaviour .....	127
5.3.4 Analysis of Helen's Speech .....	130
5.4 The Language Acquisition Process .....	131
5.4.1 Statement of the Problem and Solution .....	131
5.4.2 Imitation and Rehearsal .....	133
5.4.3 Analogizing .....	136
5.4.4 Some Additional Comments .....	139
5.5 Linguistics and Language Behaviour .....	141
5.5.1 Language and Language Behaviour .....	141
5.5.2 Linguistic Grammars and Behavioural Pragmatics .....	143
5.5.3 Oral Speech and Written Language .....	145
 Chapter 6 Computer Simulation of Language Behaviour .....	150
6.1 Relevance of Computer Simulation to Theory Construction .....	150
6.2 Interpretation Assignment in Grammar-Based Models .....	153

6.2.1	Interpreting Statements in Computer Languages .....	153
6.2.2	Grammar-Based Language Understanding Systems .....	154
6.3	PLAS, a Paradigmatic Language Acquisition System .....	156
6.3.1	The Behavioural Environment of PLAS .....	156
6.3.2	The Teaching Mode of Interaction .....	158
6.3.3	How PLAS Learns to Assign Interpretations .....	159
6.3.4	Similarities to Concept Formation in Children .....	162
6.3.5	Open Problems Yet to be Tackled .....	164
6.4	Modelling Conversational Language Behaviour .....	166
6.4.1	Pragmatics of Naive Conversational Interaction .....	166
6.4.2	Knowledge and Control in Conversation .....	168
6.4.3	Modelling the Role of Affect in Language Behaviour .....	170
6.5	Concluding Remarks .....	172
6.5.1	Summary of the Main Ideas .....	172
6.5.2	Relevance of the Model to Neurophysiology .....	173
Appendix A	Listing of Schemata in Helen's Speech .....	176
Appendix B	Listing of Tokens in Helen's Speech .....	186
Appendix C	PLAS: An Illustration of Its Performance .....	197
References	.....	203
Author Index	.....	209
Subject Index	.....	213
