

TABLE OF CONTENTS

PREFACE	xi
CHAPTER 1. AN APPROACH TO LANGUAGE ACQUISITION	1
1.1. Language Acquisition Research and the Innateness Hypothesis	2
1.2. The Role of Experience	15
1.3. Hypothesis Formation and the Evaluation Metric	18
1.4. Implications for Language Acquisition Research	31
Notes	33
CHAPTER 2. STRUCTURAL RESTRICTIONS ON PRO-NOMINAL REFERENCE	35
2.1. The Domain of This Study	35
2.2. Structural Restrictions on Anaphora: A Brief History	41
2.3. Structural Restrictions on Anaphora: A Revision	50
2.3.1. A Problem with the C-Command Analysis	50
2.3.2. Structural Restrictions in Logical Form	54
2.3.3. Linear Order of Pronoun and Antecedent	61
2.3.4. Some Difficulties with C-Command	65
2.3.5. The Backward Anaphora Restriction (BAR)	69
2.4. Linguistic and Psycholinguistic Relevance of the BAR	70
2.5. Summary	77
Notes	78

CHAPTER 3. THE ACQUISITION OF RESTRICTIONS ON PRONOMINAL REFERENCE	81
3.1. Introduction	81
3.2. A Review of Some Previous Work on Children's Ac- quisition of Restrictions on Pronominal Reference	83
3.3. The Backward Anaphora Restriction (BAR) and the Language Acquisition Process	90
3.4. Experiment 1: The Acquisition of the Structural Restrictions on Anaphora	98
3.5. Experiment 2: Anaphora in Sentences with Pre- posed Complements	116
3.6. Experiment 3: Reflexives	131
3.7. Experiment 4: Forward Anaphora	139
3.8. General Discussion	143
Notes	146
CHAPTER 4. STRATEGIES AND CONTRASTIVE STRESS	148
4.1. Some Pragmatic Factors in Choosing Antecedents	149
4.2. Limitations on the Use of Contextual Information: Processing Principles	151
4.3. The Parallel Function Strategy	156
4.4. The Use of Contrastive Stress	159
4.4.1. Contrastive Stress in General	159
4.4.2. Contrastive Stress and Anaphora	162
4.5. Conclusion	177
Notes	177
CHAPTER 5. PARALLEL FUNCTION AND CONTRAS- TIVE STRESS IN CHILD LANGUAGE	180
5.1. Children's Understanding of Contrastive Stress	180
5.2. Experiment on Contrastively Stressed Pronouns	184
5.3. Experiment on the Meaning of Parallel Function	198
Notes	209
