Preface	xiii
About the Authors	xvii
PART ONE	
Background	1
CHAPTER 1	
Introduction	3
What Is a Securitization?	5
Illustration of a Securitization	8
Securities Issued in a Securitization	10
Key Points of the Chapter	11
CHAPTER 2	
Issuer Motivation for Securitizing Assets and the Goals of Structuring	13
Reasons Securitization Is Used for Funding	13
Structuring Goals	21
Key Points of the Chapter	24
PART TWO	
Structuring ABS Transactions	29
CHAPTER 3	
Structuring Agency MBS Deals	31
Prepayments and Prepayment Conventions	31
Sequential Pay Structures	38
Planned Amortization Class Bonds and Support Bonds	43
Targeted Amortization Class Bonds	50

Accrual Bonds and Accretion-Directed Bonds	50
Floating Rate Bond Classes	55
Notional Interest-Only Bond Classes	60
Key Points of the Chapter	61

CHAPTER 4

Structuring Nonagency Deals 85

Identification of the Asset Pool	68
Selection of the Assets	69
Identification of Risks	70
Determination of the Sources and Size of Credit Support	72
Determination of the Bond Classes	73
Time Tranching of Bond Classes	75
Selecting the Pay Down Structure for the Bond Classes	76
Determination of the Amount and Sources for Liquidity Support	77
Determining if Any Prepayment Protection Is Needed	78
Inclusion of Structural Protection Triggers	79
Key Points of the Chapter	80

CHAPTER 5

Credit Enhancements 85

Credit Enhancement Mechanisms	86
Sizing of Credit Enhancements	93
Key Points of the Chapter	97

CHAPTER 6

Use of Interest Rate Derivatives in Securitization Transactions 101

Interest Rate Swaps	101
Caps and Floors	115
Counterparty Risk	118
Key Points of the Chapter	120

CHAPTER 7

Operational Issues in Securitization 123

The Servicing Function	124
Types of Servicers	124

Servicer Strengths	125
Servicer Qualities	128
Servicing Transition	141
Backup Servicer	142
Reporting by the Servicer	142
Role of Trustees in Operation of the Transaction	143
Fraud Risk	144
Key Points of the Chapter	145

PART THREE

Review of ABS Collateral 147

CHAPTER 8

Collateral Classes in ABS: Retail Loans 149

Collateral Classes: Basis of Classification	149
Collateral Classes: Main Types	152
Credit Card Receivables	153
Auto Loan Securitization	161
Key Points of the Chapter	165

CHAPTER 9

Asset-Backed Commercial Paper Conduits and Other Structured Vehicles 169

Types of ABCP Conduits	170
Traditional Securitization and ABCP	173
ABCP Collateral	174
Credit Enhancement Structure	174
Liquidity Support	177
Parties to an ABCP Program	178
Rating of ABCP Conduits	180
Key Points of the Chapter	182

CHAPTER 10

Securitization of Future Cash Flows: Future Revenues, Operating Revenues, and Insurance Profits 187

Future Revenues Securitization	187
Whole Business or Operating Revenues Securitization	195

Securitization of Insurance Profits	204
Key Points of the Chapter	206
 PART FOUR	
Collateralized Debt Obligations	209
 CHAPTER 11	
Introduction to Collateralized Debt Obligations	211
Why Study CDOs?	211
Terminology: CDO, CBO, CLO	212
Types of CDOs	213
Typical Structure of a CDO	217
Basic Economic Drivers of CDOs	220
CDO Market and the Health of Banking	224
Growth of the CDO Market	225
Key Points of the Chapter	227
 CHAPTER 12	
Types of Collateralized Debt Obligations	229
Balance Sheet CDOs	229
Arbitrage CDOs	243
Resecuritization or Structured Finance CDOs	249
Index Trades and Index Tracking CDOs	251
Key Points of the Chapter	252
 CHAPTER 13	
Structuring and Analysis of CDOs	255
Measures of Pool Quality	255
Asset and Income Coverage Tests	257
Ramp-Up Period	261
The CDO Manager	261
Investing in CDOs	265
Collateral and Structural Risks in CDO Investing	266
Key Points of the Chapter	270

PART FIVE	
Implications for Financial Markets	273
CHAPTER 14	
Benefits of Securitization to Financial Markets and Economies	275
Securitization and Funding Costs	277
Securitization and Financial Intermediation	281
Benefits of Securitization in an Economy	284
Key Points of the Chapter	288
CHAPTER 15	
Concerns with Securitization's Impact on Financial Markets and Economies	291
Reduces the Effectives of Monetary Policy	291
Adverse Impact on Banks	293
Lax Underwriting Standards and Poorly Designed Securities	294
Increases Opaqueness of Bank Risk	300
Key Points of the Chapter	302
APPENDIX A	
Basics of Credit Derivatives	305
Elements of a Credit Derivative Transaction	306
Bilateral Deals and Capital Market Deals	310
Reference Asset or Portfolio	311
Structured Portfolio Trade	312
Types of Credit Derivatives	321
APPENDIX B	
Valuing Mortgage-Backed and Asset-Backed Securities	325
Cash Flow Yield Analysis	325
Zero-Volatility Spread	327
Valuation Using Monte Carlo Simulation and OAS Analysis	328
Measuring Interest Risk	339
References	343
Index	349
