

TABLE OF CONTENTS

	<u>Page</u>
Chapter I	
INTRODUCTION	9
I.1 Statement of the Problem	9
I.2 Scope and Aims of the Report	10
I.3 Resources Spent on Road Safety Education	11
I.4 Structure of the Report	12
Reference	13
Chapter II	
EVALUATION STRATEGIES AND CRITERIA FOR EFFECTIVENESS	14
II.1 Definitions of Terms	14
II.2 Problem Analysis	17
II.3 Formative Evaluation	18
II.3.1 Process evaluation	18
II.3.2 Product evaluation	19
II.4 Summative Evaluation	20
II.5 Methodological Problems	21
II.5.1 Research designs	21
II.5.2 Measurement instruments	24
II.5.3 Statistical issues	33
II.6 Issues of Effectiveness	35
II.6.1 Content and structure of instruction	36
II.6.2 Instructional process	37
II.6.3 Other factors influencing traffic education effectiveness	39
II.7 Strategy for Programme Development and Evaluation	40
References	43

Chapter III

EXAMPLES OF EVALUATION STUDIES	49
III.1 Preliminary Remarks on the Selection and Presentation of Examples	49
III.2 Problem Analysis	50
III.2.1 Accident analysis	51
III.2.2 Background for traffic education	54
III.3 Formative Evaluation	65
III.3.1 Process evaluation	65
III.3.2 Product evaluation	92
III.4 Summative Evaluation	102
III.5 Opinions of OECD Group Members About Objectives for Road Safety Education Programmes and Evaluation Criteria	115
References	120

Chapter IV

CONCLUSIONS AND RECOMMENDATIONS	129
List of Members of the Group	133
