Preface xiii

Acknowledgments xiv

1 Permo-Triassic events in the eastern Tethys—an overview 1

WALTER C. SWEET, YANG ZUNYI, J. M. DICKINS,
and YIN HONGFU

Introduction 1

Biostratigraphy 1

Brachiopods

Ammonoids

Conodonts

Plants

Summary

Geochemical studies 4

Paleomagnetic investigations 6

Volcanism 6

Causes of biotic turnover 6

The Permo-Triassic boundary 6

Summary 7

References 7

2 Permo-Triassic boundary relations in South China 9

YANG ZUNYI and LI ZISHUN

Introduction 9

Review of typical Permo-Triassic sections 9

The Meishan section, in Changxing, Zhejiang
Province

The Shangsi section, in Guangyuan, Sichuan
Province

Beifengjing section, Liangfengya, Chongqing, Sichuan
Province

Huaying section, Lingshui, Sichuan Province

Biostratigraphic zonation and correlation 13

Changxingian ammonoid zones

Lower Triassic ammonoid zones

Changxingian conodont zones

Lower Triassic conodont zones

The Permo-Triassic boundary 15

Permo-Triassic transitional beds (with mixed faunas) 16

Correlation of Permo-Triassic boundary strata 19

Conclusions 19

References 19

3 Permo-Triassic boundary of the Indian subcontinent and its intercontinental correlation 21

HARI. M. KAPOOR

Introduction 21

Upper Permian 24

Salt Range

Kashmir

Spiti-Kumaon

Nepal

Lower Triassic 27

Salt Range

Kashmir

Spiti-Kumaon

Nepal

Karakoram (Permian and Triassic)

Correlation of Perigondwana Province with East and
West Tethys provinces 29

Iran

Afghanistan

South Tibet

South China

Correlation of Himalayan and Salt Range sections 31

Permo-Triassic boundary 34

References 35

4 Permo-Triassic boundary on the Indian peninsula 37

R. S. TIWARI and VIJAYA

Introduction 37

The basinal record 37

Damodar Valley basins

Godavari Valley basins

Rajmahal, Malda-Galsi, Purnea, and Birbhum
basins

South Rewa basins

Mahanadi and SE Son Valley basins

Kamptee-Wardha Valley basins

Satpura Basin

Synthesis 42

References 44

5 The Permo-Triassic boundary in the southern and eastern USSR and its international correlation 46

YURI D. ZAKHAROV

Introduction 46

Permian and Lower Triassic biostratigraphy 46

Transcaucasia

North Caucasus

Pamirs

Mangyshlak peninsula

South Primorye

Physical and chemical characteristics of the Permo-

Triassic boundary beds 50

Some paleomagnetic results

Carbon-isotopic composition and iridium content of
Permo-Triassic strata

The problem of stadial division and correlation of the
Permian and Lower Triassic

- On the Permo-Triassic boundary 53
References 53
- 6 Classification and correlation of nonmarine Permo-Triassic boundary in China 56**
YANG JIDUAN, QU LIFAN, ZHOU HUIQIN, CHENG ZHENGWU, ZHOU TONGSHUN, HOU JINGPENG, LI PEIXIAN, SUN SHUYING, WU SHAOZU, LI DAIYUN, and LONG JIARONG
- Introduction 56
Biotic changes 56
Vertebrate fauna
Spore and pollen assemblages
Bivalve fauna
Ostracodes
Flora
Conchostracans
Nonbiotic changes 57
References 59
- 7 Permian and Triassic events in the continental domains of Mediterranean Europe 60**
GIUSEPPE CASSINIS, NADÈGE TOUTIN-MORIN, and CARMINA VIRGILI
- Introduction 60
Former continental domains 60
Italy
Maritime Alps
Northern Apennines
Punta Bianca
Pisan Mts. and nearby areas
Monticiano-Roccastrada
Island of Elba
Maremma Toscana
Southern Apennines
Basilicata
The 'Calabro-Peloritano Arc'
Sicily
Sardinia
France
Southeast France and Corsica
South of the French Massif Central
The Pyrenees
Spain
Late Hercynian and Early Alpine tectonics and development of Permian and Triassic basins
Thuringian microflora in the Buntsandstein
Landete-Talayuelas (Iberian Range)
Molina de Aragón (Iberian Range)
Palanca de Noves (East Pyrenees)
Regional framework
Diachronism of basal Buntsandstein
General remarks on the Late Paleozoic–Early Mesozoic continental framework of Mediterranean Europe 71
References 74
- 8 The Permo-Triassic boundary in the Southern Alps (Italy) and in adjacent Periadriatic regions 78**
CARMELA BROGLIO LORIGA and GIUSEPPE CASSINIS
- Introduction 78
The marine Upper Permian and the Permo-Triassic boundary 78
Eastern Southern Alps
Val Gardena Sandstone
Bellerophon Formation
Werfen Formation
Permo-Triassic boundary
1964
1973
- 1985
1986–88
Criteria
Conclusions
Yugoslavia
Slovenia
Western Serbia
Conclusions
The continental Permian of the Southern Alps and its boundary with the Triassic 95
References 96
- 9 Permo-Triassic brachiopod successions and events in South China 98**
XU GUIRONG and RICHARD E. GRANT
- Introduction 98
Lithofacies 99
Brachiopod zonations 100
Squamularia indica–*Haydenella wenganensis* Assemblage Zone (abbreviated S–H Zone)
Orthothetina ruber–*Squamularia grandis* Assemblage Zone (abbreviated O–S Zone)
Cathaysia chonetoides–*Chonetinella substrophomenoides* Assemblage Zone (abbreviated C–C Zone)
Cathaysia sinuata–*Waagenites barusiensis* Assemblage Zone (abbreviated C–W Zone)
Peltichia zigzag–*Prelissorhynchia triplicatoid* Assemblage Zone (abbreviated P–P Zone)
Spirigerella discusella–*Acosarina minuta* Assemblage Zone (abbreviated S–A Zone)
Crurithyris pusilla Chan–*Lingula subcircularis* Wirth Assemblage Zone (abbreviated C–L Zone)
Relationship to other biozones 101
Correlations with other areas in the Tethyan region 102
North Tibet
Transcaucasia
Kuh-e-Ali Bashi, Iran
Abadeh region, central Iran
Salt Range, Pakistan
Kashmir
Southern Alps, Italy
East Greenland
Northwest Nepal
Brachiopod events 105
Mass extinction of reef-dwelling brachiopods
Extinction of the Strophomenida
Proliferation of *Lingula*
References 107
- 10 Conodont sequences in the Upper Permian and Lower Triassic of South China and the nature of conodont faunal changes at the systemic boundary 109**
DING MEIHUA
- Introduction 109
Stratigraphy 109
Upper Permian conodont faunas and zones
Neogondolella liangshanensis Zone
Neogondolella orientalis Zone
Neogondolella subcarinata Zone
Neogondolella changxingensis Zone
Lower Triassic conodont faunas and zones
Isarcicella? parva Zone

	<i>Isarcicella isarcica</i> Zone	
	' <i>Neogondolella carinata</i> '? Zone	
	<i>Neospathodus kummeli</i> Zone	
	<i>Neospathodus dieneri</i> Zone	
	<i>Neospathodus cristagalli</i> Zone	
	<i>Neospathodus pakistanensis</i> Zone	
	<i>Neospathodus waageni</i> Zone	
	<i>Neospathodus triangularis</i> Zone	
	<i>Neospathodus collinsoni</i> Zone	
	<i>Neospathodus homeri</i> Zone	
	<i>Neospathodus timorensis</i> Zone
