

CONTENTS

Preface	VII
Contributing Authors	XIII
Sessions Chairmen	XVI
Panel Discussion	XVI
 Radiocarbon Dating: Some Problems and Potential Developments <i>J. Terasmae</i>	 1
 Radioisotope Detection and Dating with Particle Accelerators <i>J.C. Rucklidge</i>	 17
 Uranium-Series Dating of Quaternary Deposits <i>H. Schwarz and M. Gascoyne</i>	 33
 Uranium-Series Dating and the History of Sea Level <i>C.E. Stearns</i>	 53
 The Applicability of $^{40}\text{Ar}/^{39}\text{Ar}$ Dating to Young Volcanics <i>C.M. Hall and D. York</i>	 67
 Lead-210 Dating of Sediments from Some Northern Ontario Lakes <i>R.W. Durham and S.R. Joshi</i>	 75
 Fission Track Dating <i>N.D. Naeser and C.W. Naeser</i>	 87
 Using Paleomagnetic Remanence and Magnetic Susceptibility Data for the Differentiation, Relative Correlation and Absolute Dating of Quaternary Sediments <i>R.W. Barendregt</i>	 101
 Paleomagnetic Dating of Quaternary Sediments: A Review <i>M. Stupavsky and C.P. Gravenor</i>	 123
 The Present Status of Obsidian Hydration Dating <i>F. Trembour and I. Friedman</i>	 141
 Thermoluminescence Dating of Quaternary Sediments <i>M. Lamothe, A. Dreimanis, M. Morency and A. Raukas</i>	 153
 Relative and Absolute Dating of Quaternary Mollusks with Amino Acid Racemization: Evaluation, Applications, and Questions <i>J.F. Wehmiller</i>	 171
 Utilizing Wood in Amino Acid Dating <i>N.W. Rutter and R.J. Crawford</i>	 195
 Tree-Ring Dating in Canada and the Northwestern U.S. <i>M.L. Parker, L.A. Jozsa, S.G. Johnson and P.A. Bramhall</i>	 211
 Development and Application of a Lichenometric Dating Curve, Brooks Range, Alaska <i>P.E. Calkin and J.M. Ellis</i>	 227
 Landforms and Landscapes as Measures of Relative Time <i>D.R. Coates</i>	 247
 Relative Dating of Soils and Paleosols <i>W.J. Vreeken</i>	 269

XII

Dating With Pollen: Methodology, Applications, Limitations <i>A.M. Davis</i>	283
Mammoths, Bison and Time in North America <i>C.R. Harrington</i>	299
Field Use of Macrofeatures for Correlating Till and Estimating Their Ages: A Review <i>A.MacS. Stalker</i>	311
Evaluation of Relative Pedostratigraphic Dating Methods, With Special Reference to Quaternary Successions Overlying Weathered Platform Materials <i>C.W. Finkl, Jr.</i>	323
Evaluation of Dating Methods Used to Assign Ages in the Wind River and Teton Ranges, Western Wyoming <i>W.C. Mahaney, D. Halvorson, J. Piegat and K. Sanmugadas</i>	355
Dating Methods Applicable to Late Glacial Deposits of the Lake Agassiz Basin, Manitoba <i>R.W. Klassen</i>	375
The Quaternary Succession in the Río Blanco Basin, Cordón Del Plata, Mendoza Province, Argentina: An Application of Multiple Relative-Dating Techniques <i>W.J. Wayne</i>	389
Panel Discussion <i>C.S. Churcher, D.R. Coates, H.B.S. Cooke and J. Terasmae</i>	407
Quaternary Stratigraphy of the Coastal Bluffs of Lake Ontario East of Oshawa <i>I.P. Martini, M.E. Brookfield and Q.H.J. Gwyn</i>	417
Index	429
