

Contents

Preface	xi
Preface to First Edition	xii
List of Contributors	xiii
Acknowledgements.....	xxi
Dedication	xxi

PART 1: GENETICS 1

JANEY L. WIGGS - SECTION EDITOR

1.1 Fundamentals of human genetics	1
<i>Janey L. Wiggs</i>	
1.2 Molecular genetics of selected ocular disorders.....	10
<i>Janey L. Wiggs</i>	
1.3 Genetic testing and genetic counseling	19
<i>Janey L. Wiggs</i>	

PART 2: OPTICS AND REFRACTION 25

DAVID MILLER - SECTION EDITOR

2.1 Visible light.....	25
<i>David Miller, Stephen K. Burns</i>	
2.2 Physical optics for clinicians.....	30
<i>Edmond H. Thall, Russell Miller, Humberto Salinas</i>	
2.3 Light damage to the eye	36
<i>David Miller, Clifford A. Scott</i>	
2.4 Principles of lasers	41
<i>Neal H. Atebara, Edmond H. Thall</i>	
2.5 Light units.....	49
<i>David Miller, Jerome S. Sarmiento, Stephen K. Burns</i>	
2.6 Optics of the normal eye	52
<i>David Miller, Paulo Schor, Peter Magnante</i>	
2.7 Epidemiology of refractive errors.....	61
<i>David Miller, Clifford A. Scott</i>	
2.8 Testing of refraction.....	64
<i>Clifford A. Scott</i>	
2.9 Contact lenses.....	71
<i>Paul F. White, Clifford A. Scott</i>	
2.10 Ophthalmic instrumentation.....	77
<i>David Miller, Edmond H. Thall, Neal H. Atebara</i>	
2.11 Perspectives on aberrations of the eye.....	96
<i>Edmond H. Thall, David Miller</i>	

PART 3: REFRACTIVE SURGERY..... 107

DIMITRI T. AZAR - SECTION EDITOR

3.1 Current concepts, classification, and history of refractive surgery	107
<i>Tatsuya Mimura, Dimitri T. Azar</i>	
3.2 Preoperative evaluation for refractive surgery.....	118
<i>Joshua A. Young, Ernest W. Kormmehl</i>	
3.3 Radial and astigmatic keratotomy	122
<i>Kerry K. Assil, Joelle Hallak, Dimitri T. Azar</i>	
3.4 Excimer laser photorefractive keratectomy	131
<i>Natalia Kramarevsky, David R. Hardten</i>	
3.5 LASIK.....	145
<i>Patricia Sierra Wilkinson, Elizabeth A. Davis, David R. Hardten</i>	

3.6	Laser Subepithelial Keratomileusis (LASEK) and Epi-LASIK.....	159
	<i>Leonard Ang, Dimitri T. Azar</i>	
3.7	Wavefront-guided (customized) excimer laser refractive surgery.....	166
	<i>Faisal M. Tobaigy, Dimitri T. Azar</i>	
3.8	Conductive keratoplasty and laser thermal keratoplasty for correction of hyperopia and presbyopia.....	174
	<i>Dimitri T. Azar, Kalliopi Stasi</i>	
3.9	Intrastromal corneal ring segments for low and high myopia.....	181
	<i>Takashi Kojima, Jonathan D. Primack, Dimitri T. Azar</i>	
3.10	Phakic intraocular lenses.....	186
	<i>Ramon C. Ghanem, Dimitri T. Azar</i>	

PART 4: CORNEA AND OCULAR SURFACE DISEASES..... 203

MICHAEL H. GOLDSTEIN - SECTION EDITOR

SECTION 1: BASIC PRINCIPLES

4.1	Corneal anatomy, physiology, and wound healing.....	203
	<i>Ayad A. Farjo, Mark L. McDermott, H. Kaz Soong</i>	
4.2	Corneal topography and wavefront imaging.....	209
	<i>Michael J. Taravella, Richard S. Davidson</i>	

SECTION 2: CONGENITAL ABNORMALITIES

4.3	Congenital corneal anomalies.....	214
	<i>Joel Sugar, Hormuz P. Wadia</i>	

SECTION 3: EXTERNAL DISEASES

4.4	Blepharitis.....	219
	<i>Jyotsom B. Ganatra, Michael H. Goldstein</i>	
4.5	Herpes zoster ophthalmicus (HZO).....	222
	<i>Huck A. Holz, Ladan Espandar, Majid Moshirfar</i>	

SECTION 4: CONJUNCTIVAL DISEASES.....

4.6	Conjunctivitis: infectious and noninfectious.....	227
	<i>Jonathan B. Rubenstein, Vanee Virasch</i>	
4.7	Allergic conjunctivitis.....	237
	<i>Jonathan B. Rubenstein, Vanee Virasch</i>	
4.8	Tumors of conjunctiva and cornea.....	241
	<i>James J. Augsburger, Zélia M. Corrêa</i>	
4.9	Pterygium and conjunctival degenerations.....	248
	<i>Qais A. Farjo, Alan Sugar</i>	
4.10	Ocular cicatricial pemphigoid/mucous membrane pemphigoid.....	251
	<i>Ahmed Al-Ghoul, Gene Kim, Deepinder K. Dhaliwal</i>	

SECTION 5: SCLERAL AND EPISCLERAL DISEASES

4.11	Episcleritis and scleritis.....	255
	<i>Debra A. Goldstein, Howard H. Tessler</i>	

SECTION 6: CORNEAL DISEASES

4.12	Bacterial keratitis.....	262
	<i>Stephen D. McLeod</i>	
4.13	Fungal keratitis.....	271
	<i>Stephen D. McLeod</i>	

4.14	Parasitic keratitis.....	274
	<i>Stephen D. McLeod</i>	
4.15	Herpes simplex keratitis.....	279
	<i>Sonal S. Tuli</i>	
4.16	Peripheral ulcerative keratitis.....	285
	<i>Sarkis Soukiasian</i>	
4.17	Noninfectious keratitis.....	289
	<i>Charles S. Bouchard</i>	
4.18	Keratoconus and other ectasias.....	299
	<i>Joel Sugar, Hormuz P. Wadia</i>	
4.19	Anterior corneal dystrophies.....	303
	<i>Bryan Edgington, Michael H. Goldstein</i>	
4.20	Stromal corneal dystrophies.....	306
	<i>Joel Sugar, Hormuz P. Wadia</i>	
4.21	Corneal endothelium.....	312
	<i>Steven T. Berger, Mark L. McDermott, Harvinder K. S. Atluri</i>	
4.22	Corneal degenerations.....	318
	<i>Qais A. Farjo, Alan Sugar</i>	
4.23	Dry eye.....	324
	<i>Elmer Y. Tu, Stephen D. Rheinstrom</i>	

SECTION 7: MISC

4.24	Contact lens-related complications.....	330
	<i>Thomas L. Steinemann, William Ehlers, Jeanine Suchecki</i>	
4.25	Corneal and external eye manifestations of systemic disease.....	340
	<i>Anna C. Newlin, Hormuz Wadia, Joel Sugar</i>	

SECTION 8: TRAUMA

4.26	Acid and alkali burns.....	348
	<i>Steven Rhee, Michael H. Goldstein</i>	

SECTION 9: SURGERY

4.27	Corneal surgery.....	351
	<i>Lisa Martén, Ming X. Wang, Carol L. Karp, Robert P. Selkin, Dimitri T. Azar</i>	
4.28	Excimer laser treatment of corneal pathology.....	360
	<i>Lisa Martén, Ming X. Wang, Carol L. Karp, Robert P. Selkin, Dimitri T. Azar</i>	
4.29	Conjunctival surgery.....	363
	<i>Lisa Martén, Ming X. Wang, Carol L. Karp, Robert P. Selkin, Dimitri T. Azar</i>	
4.30	Endothelial keratoplasty: targeted treatment for corneal endothelial dysfunction.....	366
	<i>Marianne O. Price, Francis W. Price, Jr.</i>	
4.31	Surgical ocular surface reconstruction.....	372
	<i>Vahid Feiz, Ivan R. Schwab</i>	
4.32	Management of corneal thinning, melting, and perforation.....	378
	<i>Nicoletta Fynn-Thompson, Michael H. Goldstein</i>	

PART 5: THE LENS..... 381

EMANUEL S. ROSEN - SECTION EDITOR

5.1	Basic science of the lens.....	381
	<i>Eric Dai, Michael E. Boulton</i>	
5.2	Evolution of intraocular lens implantation.....	394
	<i>Liliana Werner, Andrea M. Izak, Robert T. Isaacs, Suresh K. Pandey, David J. Apple</i>	
5.3	Patient work-up for cataract surgery.....	410
	<i>Frank W. Howes</i>	
5.4	Indications for lens surgery/indications for application of different lens surgery techniques.....	423
	<i>Frank W. Howes</i>	

5.5	The pharmacotherapy of cataract surgery	434
	<i>Steve A. Arshinoff, Yvonne A.V. Opalinski</i>	
5.6	Anesthesia for cataract surgery	441
	<i>Donna L. Greenhalgh</i>	
5.7	Phacoemulsification	447
	<i>David Allen</i>	
5.8	Refractive aspects of cataract surgery	451
	<i>Emanuel S. Rosen</i>	
5.9	Small incision cataract surgery	458
	<i>Mark Packer, I. Howard Fine, Richard S. Hoffman</i>	
5.10	Manual cataract extraction	465
	<i>Frank W. Howes</i>	
5.11	Combined procedures	471
	<i>David Allen, David Steel</i>	
5.12	Cataract surgery in complicated eyes	475
	<i>Gary S. Schwartz, Stephen S. Lane</i>	
5.13	Pediatric cataract surgery	479
	<i>Elie Dahan</i>	
5.14	Complications of cataract surgery	484
	<i>Thomas Kohnen, Li Wang, Neil J. Friedman, Douglas D. Koch</i>	
5.15	Outcomes of cataract surgery	493
	<i>Mats Lundstrom</i>	
5.16	Secondary cataract	497
	<i>Liliana Werner</i>	
5.17	Epidemiology, pathophysiology, causes, morphology, and visual effects of cataract	503
	<i>Mark Wevill</i>	

PART 6: RETINA AND VITREOUS..... 511

JAY S. DUKER - SECTION EDITOR

SECTION 1: BASIC SCIENCE

6.1	Structure and function of the neural retina	511
	<i>Hermann D. Schubert</i>	
6.2	Retinal pigment epithelium	515
	<i>Michael F. Marmor</i>	
6.3	Retinal and choroidal circulation	518
	<i>Shiyoung Roh, John J. Weiter</i>	

SECTION 2: BASIC PRINCIPLES OF RETINAL SURGERY

6.4	Laser photocoagulation	522
	<i>Michael Ip, Carmen A. Puliafito</i>	
6.5	Scleral buckling surgery	525
	<i>George A. Williams</i>	
6.6	Vitrectomy	530
	<i>Michael Engelbert, Stanley Chang</i>	

SECTION 3: ANCILLARY TESTS

6.7	Contact B-scan ultrasonography	534
	<i>Yale L. Fisher, James M. Klanicnik Jr., Hanna Rodriguez-Coleman, Antonio P. Ciardella, Nicole E. Gross</i>	
6.8	Fluorescein angiography, indocyanine green angiography, and optical coherence tomography	536
	<i>F. Ryan Prall, Jeffrey L. Olson, C.J. Barnett, Naresh Mandava</i>	
6.9	Electrophysiology	545
	<i>Tina Scheufler Cleary, Elias Reichel</i>	

SECTION 4: DYSTROPHIES

6.10	Retinitis pigmentosa and related disorders	550
	<i>Paul A. Sieving, Rafael C. Caruso</i>	

6.11	Macular dystrophies	560
	<i>Steven N. Truong, Kimberly Dresner, David G. Telander, Lawrence S. Morse, Kent W. Small</i>	
6.12	Choroidal dystrophies.....	569
	<i>Sandeep Grover, Gerald A. Fishman</i>	
6.13	Congenital stationary night blindness	575
	<i>Kenneth G. Noble</i>	
6.14	Hereditary vitreoretinopathies	578
	<i>Alan E. Kimura</i>	

SECTION 5: VASCULAR DISORDERS

6.15	Hypertensive retinopathy	584
	<i>Adam H. Rogers</i>	
6.16	Retinal arterial obstruction.....	589
	<i>Jay S. Duker</i>	
6.17	Venous obstructive disease of the retina.....	597
	<i>Michael G. Morley, Jeffrey S. Heier</i>	
6.18	Retinopathy of prematurity	606
	<i>Kimberly A. Drenser, Antonio Capone Jr.</i>	
6.19	Diabetic retinopathy	613
	<i>Brett J. Rosenblatt, William E. Benson</i>	
6.20	Ocular ischemic syndrome	622
	<i>Matthew T.S. Tennant, Arunan Sivalingam, Gregory M. Fox, Gary C. Brown</i>	
6.21	Hemoglobinopathies	626
	<i>Allen C. Ho</i>	
6.22	Coats' disease and retinal telangiectasia	631
	<i>Diana V. Do, Julia A. Haller</i>	
6.23	Radiation retinopathy and papillopathy	636
	<i>Desmond B. Archer</i>	
6.24	Proliferative retinopathies.....	640
	<i>Srilaxmi Beareilly, Jeevan R. Mathura Jr., Lee M. Jampol</i>	
6.25	Retinal arterial macroaneurysms	646
	<i>Janice E. Contreras, William F. Mieler, Robert A. Mitra, John S. Pollack, Julia Jiyamapa</i>	

SECTION 6: MACULAR DISORDERS

6.26	Choroidal neovascularization.....	651
	<i>Richard F. Spaide</i>	
6.27	Age-related macular degeneration	658
	<i>Philip J. Rosenfeld, Adam Martidis, Matthew T.S. Tennant</i>	
6.28	Degenerative myopia	674
	<i>Brad J. Baker, Ronald C. Pruett</i>	
6.29	Central serous chorioretinopathy.....	677
	<i>Anna S. Kitzmann, Jose S. Pulido, William J. Wiostko</i>	
6.30	Macular hole.....	682
	<i>Jay S. Duker</i>	
6.31	Epiretinal membrane.....	686
	<i>T. Mark Johnson, Mark W. Johnson</i>	
6.32	Vitreomacular traction syndrome.....	691
	<i>William E. Smiddy</i>	
6.33	Cystoid macular edema	696
	<i>Arthur Fu, Alex Bui, Richard Roe, Irma Ahmed, Everett Ai</i>	
6.34	Coexistent optic nerve and macular abnormalities.....	702
	<i>Gary C. Brown, Melissa M. Brown</i>	
6.35	Angioid streaks	707
	<i>James F. Vander</i>	

SECTION 7: RETINAL DETACHMENT

6.36	Peripheral retinal lesions	711
	<i>William S. Tasman</i>	
6.37	Retinal breaks.....	716
	<i>Craig M. Greven</i>	

6.38	Rhegmatogenous retinal detachment	720
	<i>Charles P. Wilkinson</i>	
6.39	Serous detachment of the neural retina	727
	<i>Rajiv Anand, Patrick D. Williams</i>	
6.40	Choroidal hemorrhage	734
	<i>Michael A. Kapusta, Pedro F. Lopez</i>	
6.41	Proliferative vitreoretinopathy	739
	<i>G. William Aylward</i>	

SECTION 8: TRAUMA

6.42	Posterior segment ocular trauma	744
	<i>Patrick E. Rubsamen</i>	
6.43	Distant trauma with posterior segment effects	750
	<i>Jason Hsu, Carl D. Regillo</i>	
6.44	Light toxicity and laser burns	755
	<i>Caroline R. Baumal</i>	
6.45	Retinal toxicity of systemically administered drugs	761
	<i>Richard Hamilton, David V. Weinberg</i>	

SECTION 9: RETINAL DETACHMENT/VITREOUS

6.46	Vitreous anatomy and pathology	766
	<i>J. Sebag</i>	

PART 7: UVEITIS AND OTHER INTRAOCULAR INFLAMMATIONS

775

NARSING A. RAO - SECTION EDITOR

SECTION 1: BASIC PRINCIPLES

7.1	Anatomy of the uvea	775
	<i>Monica Evans</i>	
7.2	Mechanisms of uveitis	777
	<i>Igal Gery, Chi-Chao Chan</i>	
7.3	General approach to the uveitis patient and treatment strategies	783
	<i>David J. Forster</i>	

SECTION 2: INFECTIOUS CAUSES OF UVEITIS - VIRAL

7.4	Herpes and other viral infections	789
	<i>P. Kumar Rao</i>	
7.5	Cytomegalovirus retinitis (CMVR) in AIDS	794
	<i>Ehud Zamir</i>	

SECTION 3: INFECTIOUS CAUSES OF UVEITIS - BACTERIAL

7.6	Syphilitic and other spirochetal uveitis	798
	<i>Julie H. Tsai, Jennifer R. Chao, Narsing A. Rao</i>	
7.7	Tuberculosis, leprosy, and brucellosis	807
	<i>Amod Gupta, Vishali Gupta</i>	
7.8	Cat-scratch and Whipple's disease	812
	<i>Robert C. Wang</i>	
7.9	Endophthalmitis	815
	<i>Russell W. Read</i>	

SECTION 4: INFECTIOUS CAUSES OF UVEITIS - FUNGAL

7.10	Histoplasmosis	820
	<i>Ramana S. Moorthy</i>	
7.11	Fungal Endophthalmitis: candidiasis, aspergillosis, and coccidioidomycosis	824
	<i>Shailaja Valluri, Ramana S. Moorthy</i>	

SECTION 7: INFECTIOUS CAUSES OF
UVEITIS: PROTOZOAL AND PARASITIC

- 7.12** Ocular toxoplasmosis828
Stacy Pineles, Sarah M. Rikkers, Ralph D. Levinson
- 7.13** Posterior parasitic uveitis.....833
Jyotirmay Biswas

SECTION 8: UVEITIS ASSOCIATED WITH
SYSTEMIC DISEASE

- 7.14** Uveitis related to HLA-B27 and juvenile arthritis838
Carlos Pavesio, Nicholas Jones
- 7.15** Sarcoidosis844
Claude L. Cowan Jr.
- 7.16** Behçet's disease850
Annabelle A. Okada
- 7.17** Vogt-Koyanagi-Harada disease854
Narsing A. Rao, Hajime Inomata

SECTION 9: TRAUMATIC UVEITIS

- 7.18** Phacogenic uveitis857
David J. Forster
- 7.19** Sympathetic uveitis861
Narsing A. Rao, George E. Marak Jr.

SECTION 8: UVEITIS OF UNKNOWN CAUSES

- 7.20** Idiopathic and other anterior uveitis syndromes.....864
Julie H. Tsai, Narsing A. Rao
- 7.21** Pars planitis and other intermediate uveitis.....868
Julie H. Tsai, Narsing A. Rao
- 7.22** Posterior uveitis of unknown cause.....872
Ramana S. Moorthy, Lee M. Jampol

SECTION 9: MASQUERADE SYNDROMES

- 7.23** Masquerade syndromes: neoplasms.....882
Russell W. Read

PART 8: INTRAOCULAR TUMORS..... 887
JAMES J. AUGSBURGER - SECTION EDITOR

SECTION 1: MALIGNANT INTRAOCULAR TUMORS

- 8.1** Retinoblastoma.....887
James J. Augsburger, Norbert Bornfeld, Michael Giblin
- 8.2** Uveal melanoma.....895
James J. Augsburger, Bertil E. Damato, Norbert Bornfeld
- 8.3** Metastatic cancer to the eye906
James J. Augsburger, Rudolf Guthoff
- 8.4** Lymphoma and leukemia911
James J. Augsburger, William G. Tsiaras
- 8.5** Medulloepithelioma915
James J. Augsburger, Zélia M. Corrêa

SECTION 2: BENIGN INTRAOCULAR TUMORS

- 8.6** Uveal nevus917
James J. Augsburger, J. William Harbour, John R. Gonder
- 8.7** Choroidal Hemangiomas.....921
James J. Augsburger, Rajiv Anand, George E. Sanborn
- 8.8** Choroidal osteoma.....925
James J. Augsburger, Rudolf Guthoff
- 8.9** Astrocytoma of retina.....927
James J. Augsburger, Alan F. Cruess
- 8.10** Hemangiomas of retina929
James J. Augsburger, Norbert Bornfeld, Zélia M. Corrêa

8.11	Combined hamartoma of retina	933
	<i>James J. Augsburger, Sanford M. Meyers</i>	
8.12	Hypertrophy of retinal pigment epithelium	935
	<i>James J. Augsburger, James P. Bolling</i>	

SECTION 3: PHAKOMATOSES

8.13	Phakomatoses	937
	<i>James J. Augsburger, James P. Bolling</i>	

PART 9: NEURO-OPHTHALMOLOGY 943

ALFREDO A. SADUN - SECTION EDITOR

SECTION 1: IMAGING IN NEURO-OPHTHALMOLOGY

9.1	Principles of imaging in neuro-ophthalmology	943
	<i>Swaraj Bose, Richard Rubin</i>	

SECTION 2: THE AFFERENT VISUAL SYSTEM

9.2	Anatomy and physiology.....	950
	<i>Alfredo A. Sadun</i>	
9.3	Differentiation of optic nerve from retinal macular disease ...	954
	<i>Alfredo A. Sadun, Vivek Patel</i>	
9.4	Congenital optic disc anomalies.....	956
	<i>Michael C. Brodsky</i>	
9.5	Papilledema and raised intracranial pressure.....	960
	<i>Alfredo A. Sadun</i>	
9.6	Inflammatory optic neuropathies and neuroretinitis	964
	<i>Jason R. Guercio, Laura J. Balcer</i>	
9.7	Ischemic optic neuropathies	970
	<i>Anthony C. Arnold</i>	
9.8	Hereditary, nutritional, and toxic optic atrophies.....	976
	<i>Alfredo A. Sadun, Sevgi Gurkan, Vivek Patel</i>	
9.9	Prechiasmal pathways - compression by optic nerve and sheath tumors	980
	<i>Thomas C. Spoor</i>	
9.10	Traumatic optic neuropathies	984
	<i>Thomas C. Spoor</i>	
9.11	Optic chiasm, parasellar region, and pituitary fossa	986
	<i>Richard M. Rubin, Alfredo A. Sadun, Alfio Piva</i>	
9.12	Retrochiasmal pathways, higher cortical function, and nonorganic visual loss	995
	<i>Andrew W. Lawton</i>	

SECTION 3: THE EFFERENT VISUAL SYSTEM

9.13	Disorders of supranuclear control of ocular motility.....	1001
	<i>Patrick J.M. Lavin, Sean P. Donahue</i>	
9.14	Nuclear and fascicular disorders of eye movement.....	1009
	<i>Sean P. Donahue</i>	
9.15	Paresis of isolated and multiple cranial nerves and painful ophthalmoplegia	1015
	<i>Mark L. Moster</i>	
9.16	Disorders of the neuromuscular junction	1026
	<i>Deborah I. Friedman</i>	
9.17	Ocular myopathies.....	1032
	<i>Richard M. Rubin, Alfredo A. Sadun</i>	
9.18	Nystagmus, saccadic intrusions, and oscillations	1040
	<i>Peter A. Quiros, Robert D. Yee</i>	
9.19	The pupils	1049
	<i>Randy H. Kardon</i>	
9.20	Presbyopia and loss of accommodation	1059
	<i>Sean P. Donahue</i>	

SECTION 4: THE BRAIN

9.21	Headache and facial pain	1061
	<i>Joel M. Weinstein</i>	

9.22	Tumors, infections, inflammations, and neurodegenerations.....	1069
	<i>Hossein G. Saadati, Alfredo A. Sadun</i>	

SECTION 5: NEURO-OPHTHALMOLOGIC EMERGENCIES

9.23	Urgent Neuro-ophthalmic pathologies	1076
	<i>Peter A. Quiros</i>	
9.24	Trauma, drugs, and toxins.....	1081
	<i>Deborah I. Friedman, Luis J. Mejico</i>	
9.25	Vascular disorders.....	1085
	<i>Thomas R. Hedges Jr., Peter A. Quiros</i>	

PART 10: GLAUCOMA..... 1095

JOEL S. SCHUMAN - SECTION EDITOR

SECTION 1: EPIDEMIOLOGY AND MECHANISMS OF GLAUCOMA

10.1	Epidemiology of glaucoma.....	1095
	<i>Pradeep Ramulu, David S. Friedman</i>	
10.2	Screening for glaucoma.....	1102
	<i>Joshua D. Stein, Paul P. Lee</i>	
10.3	Mechanisms of glaucoma	1108
	<i>Martin Wax, Abe Clark, Mortimer M. Civan</i>	

SECTION 2: EVALUATION AND DIAGNOSIS

10.4	Clinical examination of glaucoma	1117
	<i>Jerome C. Ramos-Esteban, L. Jay Katz, William Goldberg, Anna Goldberg</i>	
10.5	Visual field testing in glaucoma	1128
	<i>Donald L. Budenz</i>	
10.6	Advanced psychophysical tests for glaucoma.....	1137
	<i>Chris A. Johnson</i>	
10.7	Optic nerve analysis.....	1141
	<i>Gadi Wollstein, Joel S. Schuman</i>	
10.8	Optic nerve blood flow measurement	1147
	<i>Alon Harris, Ehud Rechtman</i>	
10.9	Ocular hypertension	1151
	<i>Polly Henderson, Thad Labbe, Michael A. Kass</i>	

SECTION 3: SPECIFIC TYPES OF GLAUCOMA

10.10	Primary open-angle glaucoma	1154
	<i>James C. Tan, Paul L. Kaufman</i>	
10.11	Normal-tension glaucoma	1159
	<i>Roger A. Hitchings</i>	
10.12	Angle-closure glaucoma.....	1162
	<i>Jovina L.S. See, Paul T.K. Chew</i>	
10.13	Pseudoexfoliative glaucoma	1172
	<i>Patrick J. Riedel, Thomas W. Samuelson</i>	
10.14	Pigmentary glaucoma	1175
	<i>M. Bruce Shields</i>	
10.15	Neovascular glaucoma.....	1178
	<i>Malik Y. Kahook</i>	
10.16	Ocular inflammatory and corticosteroid-induced glaucoma	1182
	<i>Ivan Goldberg, Ridia Lim</i>	
10.17	Glaucoma associated with ocular trauma.....	1187
	<i>David P. Tingey, Bradford J. Shingleton</i>	
10.18	Glaucoma and raised episcleral venous pressure	1193
	<i>E. Randy Craven</i>	
10.19	Aqueous misdirection syndrome.....	1195
	<i>Nishat P. Alvi, Louis B. Cantor</i>	

10.20	Glaucomas associated with abnormalities of cornea and iris, tumors, and retinal disease	1197
	<i>Elliott Kanner, James C. Tsai</i>	
10.21	Congenital glaucoma	1205
	<i>James D. Brandt</i>	
SECTION 4: THERAPY		
10.22	When to treat glaucoma	1211
	<i>Rebecca S. Walker, Jody R. Piltz-Seymour</i>	
10.23	Which therapy to use in glaucoma?	1216
	<i>Douglas J. Rhee, Clive S. Migdal</i>	
10.24	Current medical management of glaucoma	1220
	<i>Ronald L. Gross</i>	
10.25	Laser Trabeculoplasty and Laser Peripheral Iridectomy.	1227
	<i>Karim F. Damji</i>	
10.26	Laser filtration procedures	1233
	<i>Martha Motuz Leen</i>	
10.27	Cyclodestructive procedures in glaucoma	1236
	<i>Robert J. Noecker</i>	
10.28	Goniotomy and trabeculotomy	1241
	<i>Sarwat Salim, David S. Walton</i>	
10.29	Nonpenetrating glaucoma surgery	1246
	<i>Iqbal Ike K. Ahmed, Baseer U. Khan</i>	
10.30	Trabeculectomy	1261
	<i>Cynthia Mattox</i>	
10.31	Antifibrotic agents in glaucoma surgery	1269
	<i>Peng Tee Khaw, Jonathan Clarke</i>	
10.32	Drainage implants	1277
	<i>Jeffrey Freedman, Graham E. Trope</i>	
10.33	Complications of glaucoma surgery and their management	1283
	<i>Leon W. Herndon</i>	
10.34	Genes associated with human glaucoma	1289
	<i>Janey L. Wiggs</i>	
10.35	Evidence-based medicine in glaucoma	1293
	<i>Henry Jampel, Kimberly E. Brown</i>	

PART 11: PEDIATRIC AND ADULT STRABISMUS ... 1301

GARY R. DIAMOND - SECTION EDITOR

SECTION 1: BASIC SCIENCE

11.1	Anatomy and physiology of the extraocular muscles and surrounding tissues	1301
	<i>Brian N. Compollattaro, Frederick M. Wang</i>	

SECTION 2: EVALUATION AND DIAGNOSIS

11.2	Evaluating vision in preverbal and preliterate infants and children	1309
	<i>Gary R. Diamond</i>	
11.3	Examination of ocular alignment and eye movements	1313
	<i>Gary R. Diamond</i>	
11.4	Sensory adaptations in strabismus	1319
	<i>Gary R. Diamond</i>	

SECTION 3: OCULAR MANIFESTATIONS

11.5	Sensory status in strabismus	1323
	<i>Gary R. Diamond</i>	
11.6	Esotropia	1328
	<i>Gary R. Diamond</i>	
11.7	Exotropia	1336
	<i>Gary R. Diamond</i>	

11.8	Oblique muscle dysfunctions	1340
	<i>Gary R. Diamond</i>	
11.9	Alphabet pattern strabismus.....	1344
	<i>Gary R. Diamond</i>	
11.10	Paralytic strabismus	1348
	<i>Steven E. Rubin</i>	
11.11	Other vertical strabismus forms.....	1357
	<i>Howard M. Eggers</i>	
11.12	Amblyopia	1362
	<i>Gary R. Diamond</i>	

SECTION 4: TREATMENT

11.13	Forms of nonsurgical strabismus management.....	1368
	<i>Gary R. Diamond</i>	
11.14	Techniques of strabismus surgery.....	1370
	<i>Robert W. Lingua, Gary R. Diamond</i>	

PART 12: ORBIT AND OCULOPLASTICS..... 1379

JONATHAN J. DUTTON - SECTION EDITOR

SECTION 1: ORBITAL ANATOMY AND IMAGING

12.1	Clinical anatomy of the eyelids	1379
	<i>Jonathan J. Dutton</i>	
12.2	Clinical anatomy of the orbit	1383
	<i>Jonathan J. Dutton</i>	
12.3	Orbital imaging techniques	1389
	<i>Jonathan J. Dutton</i>	

SECTION 2: EYELIDS

12.4	Eyelid retraction	1393
	<i>Gene R. Howard</i>	
12.5	Blepharoptosis.....	1397
	<i>Philip L. Custer</i>	

12.6	Entropion.....	1404
	<i>James W. Gigantelli</i>	
12.7	Ectropion.....	1412
	<i>Fiona O. Robinson, J. Richard O. Collin</i>	
12.8	Essential blepharospasm.....	1419
	<i>Donald C. Faucett</i>	
12.9	Benign eyelid lesions	1422
	<i>Ann G. Neff, Keith D. Carter</i>	
12.10	Eyelid malignancies.....	1434
	<i>Gregory J. Vaughn, Richard K. Dortzbach, Gregg S. Gayre</i>	
12.11	Eyelid trauma and reconstruction techniques	1443
	<i>Jeffrey P. Green, George C. Charonis, Robert Alan Goldberg</i>	
SECTION 3: ORBIT AND LACRIMAL GLAND		
12.12	Orbital diseases	1450
	<i>Jonathan J. Dutton</i>	
12.13	Orbital surgery	1466
	<i>Jonathan J. Dutton</i>	
12.14	Enucleation, evisceration, and exenteration	1474
	<i>Myron Tanenbaum</i>	
12.15	The lacrimal drainage system	1482
	<i>Jeffrey J. Hurwitz</i>	
SECTION 4: PERIORBITAL AESTHETIC PROCEDURES		
12.16	Cosmetic blepharoplasty and browplasty	1488
	<i>François Codère, Nancy Tucker</i>	
12.17	Injectable skin fillers.....	1495
	<i>Gregg S. Gayre</i>	
12.18	Cosmetic wrinkle reduction with botulinum toxin	1501
	<i>William J. Lipham</i>	
	Index.....	1507
