List of Figures

2.1	System dependency ratio dynamics	17
4.1	Government pension and social allowance expenditures as a percentage of GDP, KAZAK2	80
5.1	Performance of pension funds	105
5.2	Composition of pension fund assets	106
6.1	Structure of Kazakhstan's pension beneficiaries, 2005 (as % of total beneficiaries)	113
6.2	Replacement rates for pensions assigned prior to and during the current year, 1997–2006	123
6.3	Estimated social taxpaying population, Kazakhstan 2003	125
7.1	Evolution of market composition	136
7.2	Portfolio of pension funds	143
9.1	Accumulative system pension regulation and supervision objectives	181
9.2	Principles of pension regulation and supervision	182
10.1	Average monthly wages and pensions vs. maximum wage and pension ceilings, 1997 prices	210
10.2	(a) <i>Income distribution of Accumulative system contributors by age, 2001—men</i>	211
	(b) <i>Income distribution of Accumulative system contributors by age, 2001—women</i>	211
10.3	(a) Accumulative system replacement rates for new male contributor retirees earning 2–4 minimum wages	221
	(b) Accumulative system replacement rates for new female contributor retirees earning 2–4 minimum wages	221
10.4	(a) Accumulative system replacement rates for new male contributor retirees earning 4–8 and 8+ minimum wages	222
	(b) Accumulative replacement rates for new female contributor retirees earning 4–8 and 8+ minimum wages	222

List of Tables

1.1	Kazakhstan's pension system: Main indicators, 1994–97	4
2.1	Key macroeconomic indicators, Kazakhstan, 1990–97	16
2.2	Structure of pensioner population and pension expenditures	18
2.3	Kazakhstan's population structure, 1999–2050 (<i>Baseline</i> actuarial simulation)	21
4.1	KAZAK1-based estimates of the Solidarity system surplus (deficit), excluding contingent liabilities (required Republican government budget transfers), as a percent of GDP	73
4.2	Proposed pension system options simulated in KAZAK2	77
4.3	Solidarity system expenditures and current account balance, KAZAK1 <i>Baseline</i> actuarial simulation (all figures given as a percent of GDP)	79
4.4	KAZAK2 estimates of required GoK expenditures (percent of GDP)	80
6.1	Individual monthly pensions in Kazakhstan's reformed system	116
6.2	Projections of retirees with Accumulative funds above KZT 1.5 million (US\$ 12,000)	119
6.3	Social tax collection indicators, 1997–2006	126
6.4	Main features of obligatory social insurance (OSI): Social security tax rates	130
6.5	Main features of obligatory social insurance (OSI): Benefits	130
7.1	Share of total assets and total accounts, Accumulative Pension Funds, end of 2002	138
7.2	Real return (%) on assets, Accumulative Pension Funds, 1998–2004	144

10.1	Average Accumulative system pension monthly annuities and replacement rates (for contributors retiring after 1/1/2003, constant 2003 tenge)	216
10.2	Government expenditure commitments and average replacement rates (RR), various demogrant and Solidarity scenarios (replacement rates for contributors retiring after 1/1/2003, constant 2003 tenge)	218
