# Tables

- 2.1 World potash production, 1989–94 31
- 2.2 Canadian exports of fertilizer potash, destination by percentage share, 1993–4 32
- 2.3 Five largest overseas potash markets, 1990–4 34
- 2.4 Potash price quotations, 1972–95 35
- 2.5 Production of uranium in concentrates by selected major producing countries, 1988–93 38
- 2.6 Exports of Canadian uranium by destination, 1988–93 39
- 2.7 Canadian uranium export prices, 1974–94 40
- 2.8 Potash workforce: father's and mother's occupational background 42
- 2.9 Previous job histories of potash workforce 43
- 2.10 Uranium workforce (Key Lake), occupation by race 45
- 2.11 Uranium workforce: father's and mother's occupational background, Aboriginal and non-Aboriginal workers 46
- 2.12 Previous job histories of uranium workforce, Aboriginal and non-Aboriginal workers 47
- 3.1 Job classes and wage rates, PCS-Allan, 1993 61
- 4.1 Management rights under proposed CCP Employee Involvement Plan 77
- 4.2 Chronology of reforms at Central Canada Potash, late 1980s to early 1990s 79
- 4.3 Model for participative management at Central Canada Potash 83
- 4.4 Agrium occupational structure and wage structure 91
- 4.5 Designated roles and responsibilities in Agrium continuous improvement project 94
- 4.6 Agrium portrayal of old and new business paradigms 97
- 4.7 Summary of work organization at four firms 109

5.1	Job rotation	143
5.2	Use of job reassignments	144
5.3	Job expansion	145
5.4	Reported levels of staffing	146
5.5	Reported production norms	147
5.6	Skill trends	148
5.7	Skill trends by occupation at five worksites	151
5.8	Control of technology by occupation at five worksites	152
5.9	Participation in job rotation by occupation at five worksites	154
5.10	Job reassignments by occupation at five worksites	155
5.11	Job expansion by occupation at five worksites	157
5.12	Logistic regression estimates predicting skill trends at five worksites	159
6.1	Disciplinary issues	170
6.2	Grievances filed	171
6.3	Grievance issues	172
6.4	Reported levels of different types of sabotage	177
6.5	Reported levels of worker involvement	180
6.6	Willingness to become involved in joint decision making	183
6.7	Work injuries	185
6.8	Time-loss work injuries	186
6.9	Responses to unsafe work requests	188
6.10	Reported job harassment	190
6.11	Types of reported harassment, all mines	191

# Figures

- 3.1 Lines of progression, Mine Operating Department, PCS-Allan 62
- 4.1 Model for the functioning of continuous improvement program at Agrium 93
- 5.1 Geological structure of potash mining 115
- 5.2 Key Lake Mill simplified flowsheet 123
