
CONTENTS

Abstract	v
Executive Summary	1
1 Introduction and Background	13
Organization of the Report	13
Background	14
Methods	16
Response Rates	17
2 Patterns of Drug Involvement and Criminal Behavior	21
Patterns of Substance Use	21
The Relationship Between Using and Selling Drugs	27
Prevalence of Criminal Behavior	29
Crimes Committed by Involvement with Drugs	29
Drug Use and Crime Patterns	32
Instrumentality	34
Victimization	41
3 The Relationship Between Drug Involvement and Family, School, and Peer Group Characteristics	43
Family	43
Household Composition	44
Characteristics of Household Head	45
Head of Household's Education Level	45
Home Environment/Support	48
Attitude Similarity Between Youth and Parents	49

Substance Use within the Household	50
School	52
Performance	53
Interest in School	56
Perceived School Support	56
Perception of School Environment	57
Peer Group	58
4 Personality, Attitudes, and Perceptions	
About Drug-Related Risk	61
Personality	63
Relationship of Personality Factors	
to Type of Drug Involvement	63
Attitudes Toward Drug Use	65
Permissiveness	65
Perceived Risk	65
Self-Reported Problems Because of	
Alcohol and Drug Use	67
Reasons for Not Using Drugs	68
Selling Drugs: Motivations and Deterrents	70
5 Factors Associated with Criminal Activity	77
Family	77
School	81
Peer Group	82
Personality	82
Summary	84
6 School and Media Services and Programs	85
School Substance Abuse Programs	85
Exposure to School Drug Programs	87
Use of Special Programs	89
Youth Views About How to Improve School	91
Media Substance-Use Prevention Efforts	92
Television and Radio Habits	94

Television	95
Radio	95
Summary of Media Prevention Efforts	96
Treatment Programs	98
Respondent Suggestions as to What Should be Done to Reduce Drug Use	98
What Should be Done to Reduce Drug Use	98
What Schools Should Do	100
What Others Should Do	101
Summary	102
7 Conclusions and Recommendations	107
Prevention and Education	109
The School	109
Home	117
The Electronic Media	118
The Community	120
Local Government	102
Screening and Identification	122
Bibliography	129
Tables	
2.1 Level of Substance Use (Ever) in the Study Sample	23
2.2 Percentage of Group Ever Using Substance, by Age and Grade	25
2.3 Percentage of Group Using Substance in Past Year, by Age	26
2.4 Involvement in Drug Sales in Past Year by Level of Drug Use in the Past Year (Percent)	28

2.5	Involvement in Drug Use in the Past Year by Level of Drug Sales in the Past Year (Percent)	28
2.6	Self-Reported Delinquent Behavior (Ever) by Involvement with Drugs in Past Year	30
2.7	Criminal Involvement as a Function of Drug Sales in Past Year	33
2.8	Drug Involvement as a Function of Criminal Involvement in the Past Year (Percent)	35
2.9	Criminal Involvement as a Function of Drug Involvement in the Past Year (Percent)	35
2.10	Self-Reported Delinquent Behavior in the Past Year while on Drug or as a Means to Obtain Drugs	36
2.11	Self-Reported Drug-Crime Sequence	38
2.12	Self-Reported Drug-Crime Sequence by Drug Involvement in the Past Year (Percent)	39
2.13	Self-Reported Victimization by Drug Involvement in the Past Year (Percent)	42
3.1	Relationship of Family Characteristics to Drug Involvement in the Past Year (Percent)	46
3.2	Relationship of School Performance and Environment to Drug Involvement in the Past Year	54
3.3	Relationship of Characteristics of Peer Group to Drug Involvement in the Past Year	59
4.1	Relationship of Personality Characteristics to Drug Use and Sales	62

4.2	Perceived Motivations and Deterrents to Drug Use as a Function of Drug Involvement in the Past Year	66
4.3	Most Common/Salient Reasons Given for <u>not</u> Using Alcohol and Drugs (percent)	69
4.4	Attitudes toward Selling Drugs as a Function of Drug Involvement in the Past Year	71
5.1	Factors Associated with Criminal Behavior	78
6.1	Percentage that Reported not Receiving any Information about Problems of Using Drugs or Alcohol as Part of their Regular Classroom Curriculum	88
6.2	Percentage that Reported Knowing about Special School Programs	90
6.3	Percentage that Reported Using Special School Programs	90
6.4	Perceptions of Anti-Drug or Anti-Alcohol Ads	93
6.5	Percentage of Respondents Reporting each Radio Station as their Favorite (Percent)	97
