About This Book	ix
List of Contributors	xi
Introduction: An Overview of Computer-aided Methods in Qualitative Research <i>Udo Kelle</i>	1
PART I: GENERAL METHODOLOGICAL ISSUES	19
1 Computer Use in Qualitative Research and Issues of Validity <i>Udo Kelle and Heather Laurie</i>	19
2 User's Experiences of Qualitative Data Analysis Software <i>Raymond M. Lee and Nigel G. Fielding</i>	29
3 Grounded Theory as an Emerging Paradigm for Computer-assisted Qualitative Data Analysis <i>Marrku Lonkila</i>	41
4 Different Functions of Coding in the Analysis of Textual Data <i>John Seidel and Udo Kelle</i>	52
PART II: COMPUTERS AND QUALITATIVE THEORY BUILDING	62
Introduction: Using Linkages and Networks for Theory Building <i>Gerald Prein and Udo Kelle in discussion with Lyn Richards and Tom Richards</i>	62
5 Reducing Fragmentation in Qualitative Research <i>Ian Dey</i>	69
6 Using Hierarchical Categories in Qualitative Data Analysis <i>Tom Richards and Lyn Richards</i>	80
7 Designing and Refining Hierarchical Coding Frames <i>Luis Araujo</i>	96

PART III: COMPUTERS AND QUALITATIVE HYPOTHESIS EXAMINATION	105
Introduction: Hypothesis Examination in Qualitative Research <i>Udo Kelle in discussion with Ernest Sibert, Anne Shelly, Sharlene Hesse-Biber and Günter Huber</i>	105
8 Using Logic Programming for Hypothesis Generation and Refinement <i>Ernest Sibert and Anne Shelly</i>	113
9 Hypothesis Testing in Computer-aided Qualitative Data Analysis <i>Sharlene Hesse-Biber and Paul Dupuis</i>	129
10 Qualitative Hypothesis Examination and Theory Building <i>Günter L. Huber</i>	136
PART IV: COMPUTERS AND TRIANGULATION	152
Introduction: Between Quality and Quantity <i>Gerald Prein and Udo Kuckartz in discussion with Edeltraud Roller, Charles Ragin and Udo Kelle</i>	152
11 Case-oriented Quantification <i>Udo Kuckartz</i>	158
12 Hermeneutic-classificatory Content Analysis <i>Edeltraud Roller, Rainer Mathes and Thomas Eckert</i>	167
13 Using Qualitative Comparative Analysis to Study Configurations <i>Charles C. Ragin</i>	177
14 An Overview of Software <i>Gerald Prein, Udo Kelle and Katherine Bird</i>	190
