PART I HOW CAN THEORIES OF FOREIGN DIRECT INVESTMENT SHED LIGHT ON THE SMALL SIZE OF FDI INTO JAPAN?

1. The Japanese economy: why perceived weaknesses in its recovery should not be overemphasized	3
<i>Lawrence R. Klein</i>	
2. Explaining foreign direct investment in Japan: some theoretical insights	8
<i>John H. Dunning</i>	
3. What can the theory of foreign direct investment tell us about the low level of foreign firm participation in the economy of Japan?	64
<i>Edward M. Graham</i>	
Commentary	94
<i>Howard V. Perlmutter</i>	
Commentary	103
<i>Stephen Kobrin</i>	

PART II HOW DO JAPAN'S DISTINCTIVE BUSINESS PRACTICES AND TRADE STRUCTURE AFFECT FDI INTO JAPAN?

4. Why foreign firms' entry has been low in Japan: an empirical examination	111
<i>Ryuhei Wakasugi</i>	

5. Structural impediments to investment in Japan: what have we learned over the last 450 years?	136
<i>David Weinstein</i>	
Commentary	173
<i>Bruce Kogut</i>	
Commentary	188
<i>Gary Saxonhouse</i>	
 PART III WHAT ARE THE ACTUAL EXPERIENCES OF FOREIGN MULTINATIONAL COMPANIES IN JAPAN?	
6. The future of foreign direct investment in Japan	195
<i>Thomas F. Jordan</i>	
7. What are the actual experiences of foreign multinationals in Japan?: The European point of view	202
<i>Reinhard Neumann</i>	
Commentary	211
<i>William Attridge</i>	
Commentary	215
<i>Mark Mason</i>	
Conclusions: behind the low level of foreign direct investment in Japan	219
<i>Masaru Yoshitomi</i>	
<i>Index</i>	225

Figures

4.1	FDI in Japan: net inflow of foreign capital and FDI notifications, 1970-92	113
4.2	FDI in Japan by sector, 1971-91	114
4.3	International comparison of FDI inflows, 1982-91	115
4.4	FDI and ratio of the import of manufactured products, 1988-91	122
4.5	Profit rates of Japanese and foreign firms in Japan's manufacturing sector, 1985-90	124
4.6	Sales of foreign firms as a share of Japanese sales, and shares of royalties paid for foreign technology, by industry	127
5.1	Real level and structure of FDI	143
5.2	Impression of degree of restrictions hindering FDI in own industry	147
5.3	Factors inhibiting greater FDI in Japan	154

Tables

2.1	Some illustrations of how OLI characteristics may vary according to country-, industry- and firm-specific circumstances	12
2.2	The eclectic paradigm of international production	17
2.3	Alternative modalities of servicing Japanese, UK and German markets by US firms, 1989	23
2.4	Sales of US manufacturing affiliates in and US exports to Japan, the UK and Germany, 1989	24
2.5	Summary of findings on relevance of O-specific advantages affecting FDI	27
2.6	Results of a survey on factors impeding access of US firms to the Japanese market, 1991	47
2A.1	Stock of inward to outward direct investment per capita of selected industrial countries	62
2A.2	Stock of inward direct investment and GNP of selected countries, 1970-90	63
4.1	Changes of factor prices, %	120
4.2	Spearman's and Kendall's rank correlation coefficients	127
4.3	Regression coefficients of explanatory variables	129
5.1	FDI levels in Japan relative to GNP	143
5.2	Barriers to foreign investment identified by the American Chamber of Commerce in Japan	144
5.3	Receipt of investment incentives in different countries by foreign affiliates of US companies	148
5.4	Dependent variable is log of inward FDI	156
5.5	Sectoral breakdown of distributional groups in Japan	160
5.6	Share of chain stores in Japan, 1991	161
5.7	Unionization among foreign and domestic firms in Japan	164
5.8	Average tenure rates for domestic and foreign firms in Japan	165
5.9	Percentage of new hires that previously worked for other firms	166
5.10	Average monthly starting salaries of college graduates in foreign and domestic firms, 1991	167
C1	Comparison of frequency of entry by industry for Japan and the US	175

C2	Comparative size and stock turn of US and Japanese independent wholesalers	178
C3	Top 30 companies among technical students in their senior year at Japanese universities	179
C4	Market position of Western electronics firms in Japan in selected product areas	180
C5	Market position of Western chemical firms in Japan in selected product areas	182
C6	Market position of earth-moving equipment	184
C7	Market position of consumer non-durable products	185
