Analysis of the Workplace: Facilities and Grounds	2
Definition of Authority	3
2 Loss-Prevention Strategies: Building Blocks for a Comprehensive Loss-Prevention Program	7
Relative Honesty	7
Security's Concerns	8
The Erosion of Honesty	9
Understanding Why Employees Steal	9
Hiring Honest Employees	10
Security/Loss Prevention's Role	11
Carson's Laws	13
3 Identification of Problem Areas	15
General Loss Concepts	15
Risk Management	15
Identification of Risks, or Threat Assessment	16
Risk Management Alternatives	19
Cost-Effectiveness	19
Specific Problem Areas	20
Safety and Security	23
Computer Security	24
Liability Issues in Security	29
Workplace Violence and Homicide	37
High-Risk Workplaces and Occupations	40
Controlling Access Points	41
Anticipation of the Unexpected	49
Hiring the "Right" Employee	50
Background Screening	51
Conclusion	56

Key Terms	56
4 Profile of a Thief	61
The Dishonest Employee	63
Management Responsibility in Loss Prevention	66
A Program for Internal Security	68
5 Countermeasures to Theft	71
Human Interaction	72
Security Intervention	74
Trigger Mechanisms	77
Physical and Electronic Safeguards	79
Outdoor Security	83
Confidential Numbering	84
Security Reinforcements for Deterring Theft	86
Policy on Theft	86
Policy on Physical Security	88
Policy on Information Security	88
Policy on Emergency Planning	89
Policy on Investigations	90
Preventing Thefts in Rural/Field Operations	90
Confronting a Theft Suspect	92
Industrial Environment	92
Retail Environment	94
Guidelines for Company Investigations	95
Law Enforcement Liaisons	101
Employee Awareness and Accountability	102
Key Terms	108
6 Loss-Prevention Surveys	113
Loss-Prevention Audits	116
Loss-Prevention Surveys	117
Objectives of the Survey	118
The Survey Process	118
7 Contract Versus Proprietary Security: What Direction?	135
The Security Organization	135
Determining the Need	136
Security's Place in the Organization	136
Nonintegrated Structures	138
Organizing the Security Function	142
Background	146

8 Pervasive Loss Prevention	159
“Top-Down” Management	159
Establishing a Network	160
Procedural Controls	163
When Controls Fail	172
9 Security Officer Training and Management’s Responsibility	177
A Historical Perspective	177
Training	183
Certification and Regulation	185
Leadership	192
Conclusion	195
10 Bomb Threats	199
Planning	199
Receiving the Threat	203
Search Techniques	212
Receiving the First Bomb Threat	221
Mail Bombs	223
Conclusion	225
11 Labor Disputes	229
Types of Strikes	230
Security’s Role	232
Right to Picket: the Overall Rules	233
Prestrike Planning	234
Strike	243
Poststrike	250
Physical Security Recommendations	252
General Security Recommendations	254
Conclusion	255
12 Special Event Security	257
Access Control	262
Conclusion	263
13 Security Reengineering	265
Abandon the “Old School” Way of Doing Things!	265
Save the Company Money	266
The Future Role of Security	270
Security’s Role in Executive Management	273

Global Growth	275
Technological Enhancements	276
Problem Solving	286
Diversity	291
Key Terms	293
