INTRODUCTION.....	9
<i>Brendan Gillespie</i>	
Part I: Overview	
1. THE “ST. PETERSBURG GUIDELINES” ON ENVIRONMENTAL FUNDS IN THE TRANSITION TO A MARKET ECONOMY	13
1.0 The role of environmental funds: opportunities and constraints.....	13
2.0 Allocating environmental fund resources	21
3.0 Revenues for environmental funds	30
Part II: Case Studies	
2. THE FRENCH WATER AGENCIES: AN ANSWER TO THE POLLUTION CHALLENGE	39
<i>Pierre-Frédéric Tenière-Buchot</i>	
1.0 The system of water agencies	39
2.0 Achievements.....	41
3.0 Conclusions	42
3. NATIONAL ENVIRONMENTAL PROTECTION FUNDS IN CENTRAL AND EASTERN EUROPE	43
<i>Patrick Francis</i>	
1.0 Introduction	43
2.0 Comparative review	43
3.0 Critical issues for consideration.....	47
4. ENVIRONMENTAL FUNDS IN THE NEW INDEPENDENT STATES OF THE FORMER SOVIET UNION	51
<i>Alexei Ignatiev, Oksana Zrajevskaya and Ludmila Maximova</i>	
1.0 Introduction	51
2.0 Belarus	52
3.0 Kazakstan	53
4.0 Ukraine.....	54
5.0 Other republics with environmental funds	56
5. THE SYSTEM OF ENVIRONMENTAL FUNDS IN THE RUSSIAN FEDERATION.....	57
<i>Alexander Averchenkov, Alexander Golub, Konstantin Gofman and Vladimir Groshev</i>	
1.0 Introduction.....	57
2.0 Sources of financing for the environment.....	57
3.0 The development and structure of Russia’s environmental funds	58
4.0 Revenues for environmental funds	60
5.0 Transfers of revenue within the fund system	62
6.0 Expenditures.....	62
7.0 Conclusions and perspectives for strengthening the system of environmental funds.....	65

6. ENVIRONMENTAL FINANCING: THE EXPERIENCE OF OECD COUNTRIES AND IMPLICATIONS FOR TRANSITION ECONOMIES	69
<i>Magda Lovei</i>	
1.0 Introduction.....	69
2.0 The experience of OECD countries	69
3.0 Environmental financing in Central and Eastern Europe.....	79
4.0 Conclusions.....	86
7. THE ROLE OF ENVIRONMENTAL FUNDS IN ENVIRONMENTAL POLICIES OF CENTRAL AND EASTERN EUROPEAN COUNTRIES	91
<i>Glen Anderson and Tomasz Żylicz</i>	
1.0 Introduction.....	91
2.0 Integrating funds into environmental policy	92
3.0 Achieving environmental goals	93
4.0 Allocative and dynamic efficiency.....	95
5.0 Cost-effectiveness	97
6.0 Administrative costs.....	97
7.0 Equity issues and political and macroeconomic priorities.....	98
8.0 International acceptance of environmental funds	99
9.0 Summary and conclusions	100
8. REVENUE CONSIDERATIONS FOR ESTABLISHING AN ENVIRONMENTAL FUND: THE CASE OF ROMANIA	103
<i>Cornel Târhoacă and Clifford Zinnes</i>	
1.0 Theoretical introduction.....	103
2.0 Romania's proposed environmental fund	105
3.0 Estimating environmental fund revenues.....	109
4.0 Macro-economic effects of revenue instruments	112
5.0 Policy conclusions and recommendations	113
 <i>Annexes</i>	
Annex 1. Different types of environmental funds.....	117
Annex 2. The main functions of comprehensive environmental funds	119
Annex 3. Conclusions and recommendations of the St. Petersburg Conference	121
Annex 4. Conclusions of the NIS Roundtable on Environmental Funds.....	123
Annex 5. Recommendations to ECE governments on the financing of environmental policies	125

LIST OF TABLES, BOXES AND FIGURES (BY PAPER)

1. The St. Petersburg Guidelines on Environmental Funds

Box 1. The Polluter Pays Principle	16
Box 2. Environmental funds and the Environmental Action Programme	18
Box 3. Public finance procedures	19
Box 4. Loan/grant equivalence under poor capital markets	27
Box 5. The distributional impact of tax systems.....	34
Figure 1. Outline of a programme cycle.....	23
Table 1. Selected environmental funds in Central and Eastern Europe	14

2. The French Water Basin Agencies

Figure 1.	Water management in the Seine-Normandie Basin	40
Table 1.	Revenues and spending of the Seine-Normandie Water Agency, 1994	41

3. National Environmental Protection Funds in Central and Eastern Europe

Table 1.	Key characteristics of five national environmental protection funds in Central and Eastern Europe	44
----------	---	----

4. Environmental Funds in the NIS

Table 1.	1994 Expenditures of the Republican Fund, Belarus	53
Table 2.	Revenues of the Republican Environmental Fund, Kazakhstan	55
Table 3.	Expenditures of the Republican Environmental Fund, Kazakhstan	55
Table 4.	Revenues of the Ukrainian System of Environmental Funds	56

5. Environmental Funds in the Russian Federation

Box 1.	Definition of environmental expenditures	59
Box 2.	Environmental funds in the Vologda region	63
Figure 1.	Division of revenue from pollution charge payments	62
Table 1.	Environmental expenditures in the Russian Federation, 1991	58
Table 2.	Revenues for the system of environmental funds, 1993	60
Table 3.	Expenditures by local and regional funds in the Russian Federation, 1993	64
Table 4.	Spending by the Federal Environmental Fund, 1993 and 1994	64

6. Environmental Financing : The Experience of OECD Countries and Implications for Transition Economies

Box 1.	Components of environmental financing	70
Box 2.	Water quality management and financing in the USA (Part 1)	71
Box 3.	Effluent taxes in the Netherlands and Germany	72
Box 4.	Water quality management and financing in the USA (Part 2)	75
Box 5.	Market-based financing of municipal environmental investments	76
Box 6.	The consolidation of earmarked charges in the Netherlands	78
Table 1.	Main types of environmental subsidies for private investments in OECD countries	73
Table 2.	Sources of environmental expenditures in some transition economies	80

8. Revenue Considerations for Environmental Funds: The Case of Romania

Box 1.	Estimation methodologies for fuel surcharge and profit tax	108
Box 2.	The water charge	111
Box 3.	Other revenue sources	112
Table 1.	Extra-budgetary funds in Romania in 1994	106
Table 2.	Estimates of revenues to the proposed Romanian environment fund, 1995 to 1997	110
Table 3.	Main assumptions of revenue projections	110
Table 4.	Contributions to inflation of revenue instruments	113
Table 5.	The distributional impact of the revenue instruments	113
